

FOR IMMEDIATE RELEASE

Coalesse® Introduces Latest Additions to EMU® Ivy Collection
Emu Ivy line expanded to include indoor/outdoor side chairs and an assortment of tables

San Francisco, CA -- Coalesse, the leader in premium live/work furnishings, is pleased to announce the latest additions to its popular EMU Ivy collection of indoor/outdoor furniture: stacking chairs and a new line of tables. Created by world-renowned designer Paola Navone, the EMU Ivy Collection is widely admired for its topiary art inspired design and its exceptional innovative use of steel.

The new Emu Ivy stacking chairs, made entirely of steel, are light yet durable and provide an elegant, yet practical alternative to side/guest, café, and conference seating. They stack up to 8 high and are available in arm and armless versions. The collection also features new seat and backrest cushions available in our full fabric line, including 12 outdoor-approved fabrics.

The Emu Ivy collection now includes square and rectangular coffee tables in various sizes, along with a rounded ottoman. The square tables feature legs in ironed sheet metal with a metallic rod frame and a solid sheet metal top that is customizable with a magnetic plant-inspired design. The rectangular tables feature legs in ironed sheet metal with a rod frame and can be customized with 32 hand-made and hand-painted Deruta tiles in enameled terracotta. The tiles feature either a gold fish on a turquoise background or a black bug on a white background.

The ottoman is one of the most distinctive and innovative elements of the collection. Made of woven metal and steel, it is outfitted with 5 LEDs that collect and store solar energy during the day. These LEDs then release the stored light in the evening like a firefly. This innovative design feature turns the piece into a practical footlight and adds an subtle ambiance to any setting. Emu Ivy is available in 3 colors: Turquoise, Orange and White. The new collection will be featured at NeoCon World's Trade Fair at The Merchandise Mart in Chicago, IL, June 14-16, 2010.

About Coalesse

Coalesse, a leader in sustainable design, offers award-winning furnishings for office, home and other work/life destinations. More than a collection of products, Coalesse is a cause. It's a belief that experiences matter and space should be inspiring.

Unifying the 100+ year heritage of the Metro Furniture, Brayton International, and Vecta brands, along with strategic partnerships with Carl Hansen & Søn (Denmark), EMU (Italy), Walter Knoll AG & Co. (Germany), and Viccarbe (Spain), the company provides premium furnishings suitable for corporate, hospitality, and residential settings.

Coalesse is dedicated to researching and leveraging insights about work and lifestyle needs within the context of technology, business processes, and social patterns. With over 70 industry design awards, including NeoCon® Gold and GOOD DESIGN® awards, Coalesse creates unique furnishings that fit the continually evolving ways in which people live and work.

Coalesse is able to draw upon the formidable resources of its parent company, Steelcase Inc., the world's largest office furniture manufacturer.
