

FOR IMMEDIATE RELEASE

Coalesse® Introduces the Enea Lottus Collection

Enea Lottus combines simple and clean design with multi-use durability

San Francisco, CA -- Coalesse, the leader in premium live/work furnishings, is pleased to announce the Enea Lottus collection. Enea Lottus, designed by the Barcelona-based design trio Lievore Altherr Molina offers a full range of options from chairs to stools to tables. The collection is suitable for many applications including meeting spaces, cafeterias, and more and brings a simple and clean design aesthetic to live/work settings. Competitively priced, versatile, and user-friendly, Enea Lottus offers increased opportunities for the creation of work settings that are both casual and collaborative.

Lievore Altherr Molina believes that good design should not only concern itself with ideas of functionality and aesthetics, but also other factors including technology, production methods, market knowledge, and distribution—thereby bringing a range of disciplines and considerations into the fold. The group consists of Alberto Lievore, an Argentinean architect, Jeannette Alter, a German industrial designer, and Manual Molina, an industrial and interior designer. Together, the group fuses their disparate viewpoints and ideas into the creation of harmonious, accessible, and timeless designs.

Enea Lottus tables are available in heights of 18", 30", 36", and 42" and come in the full Coalesse color palette for veneers and laminates. The metal painted base colors are available in silver metallic, black gloss, white gloss, and brown. Individual table diameters range from 30" to 72", making them suitable for an array of needs. The tables' simple, elegant silhouettes make them easy to mix and match with a variety of seating options.

The elegantly-designed stools offer a rounded-square base that mimics the unique shape of the table tops. They are available in café, counter, and bar height options. The café height features arm and armless and four-leg base options; the counter height comes in pedestal and sled bases, and the bar height is standard with a sled base. They can be ordered in a variety of solid plastic shell and upholstered insert colors including black, white, walnut brown, anthracite grey, grey-white, red, violet-blue, sunset orange, clover green, cool grey, and tan. The metal painted base colors include silver, black gloss, white gloss, red, and brown.

-more-

The new Enea Lottus stacking chairs have a unique spoon-like shell and are available either armless or with cantilever or aluminum loop arms. Stackable up to ten chairs high, they are easy to store and clean, and fit in seamlessly with a wide range of décor styles. Like the Enea Lottus stools, the stacking chairs are available in solid plastic shell and a plastic shell with fabric insert colors including black, white, walnut brown, anthracite grey, grey-white, red, violet-blue, sunset orange, clover green, cool grey, and tan. The metal painted base colors for the stacking chairs include silver, black gloss, white gloss, red, and brown.

The Enea Lottus line will launch at NeoCon® World's Trade Fair at The Merchandise Mart in Chicago, IL, June 14-16, 2010.

About Coalesse

Coalesse, a leader in sustainable design, offers award-winning furnishings for office, home and other work/life destinations. More than a collection of products, Coalesse is a cause. It's a belief that experiences matter and space should be inspiring.

Unifying the 100+ year heritage of the Metro Furniture, Brayton International, and Vecta brands, along with strategic partnerships with Carl Hansen & Søn (Denmark), EMU (Italy), Walter Knoll AG & Co. (Germany), and Viccarbe (Spain), the company provides premium furnishings suitable for corporate, hospitality, and residential settings.

Coalesse is dedicated to researching and leveraging insights about work and lifestyle needs within the context of technology, business processes, and social patterns. With over 70 industry design awards, including NeoCon® Gold and GOOD DESIGN® awards, Coalesse creates unique furnishings that fit the continually evolving ways in which people live and work.

Coalesse is able to draw upon the formidable resources of its parent company, Steelcase Inc., the world's largest office furniture manufacturer.
