REFINED LOUNGE

Alina

I do not believe you can do today's job with yesterday's methods and be in business tomorrow.
_Nelson Jackson

The elegance and beauty of Alina is simple and quiet in its presence but not shy about its comfort.

REFINED LOUNGE

The Alina lounge chair is best viewed from the side where one can see its clean lines and exquisite detail in the arm. A sweeping arc extends from the detailed maple leg up the back giving a refined profile. Top stitching is used on every seam, extending the refinement throughout the piece.

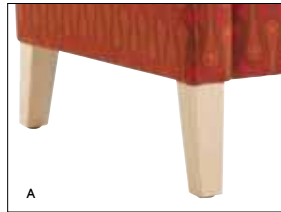

DETAILS

The Alina collection consists of a single chair and ottoman. Its design is loosely driven from the Astor collection making it a nice accent to the low back seating. Leg detail is the same on both chair and ottoman.

PRODUCT FEATURES

Product Features
