# TRANSFORMING SPACE

The Await collection is the perfect solution for lobby, lounge, higher education and hospitality settings. Its staggered ganging capabilities exemplify the versatility and functionality in transforming space.

*"I am where I am because I believe in all possibilities."  
\_Whoopi Goldberg*

Await brings high design and comfort to modular seating.

## ENDLESSLY EXTENDABLE

---

Exquisite tailoring featuring topstitch detail speaks to the sophisticated styling of Await; the spring packs in the seats bring a new level of comfort to the Coalesse lounge collection. Endlessly extendable for large landscapes, Await creates contemporary niches of dramatic in-between spaces and casual conferencing.

An additional feature of Await is the optional radiant element of white LED lighting under the seat frame.

## RADIANT DELIGHT

---

This long-life, low-energy option creates a powerful, yet elegant element of drama in a setting. The lighting can highlight creative flooring details, set a mood, or create perfect “after hours” lighting. Await lighting is UL compliant.
