VERSATILE
SOLUTION

Ballet

Don't make something unless it is both necessary and useful; but if it is both necessary and useful, don't hesitate to make it beautiful.

_Shaker lesson

Ballet is an elegant, folding table collection for training rooms, conference areas or any place people meet.

VARIETY OF USES

A versatile table series that provides solutions for a variety of applications: conference, training, workplace, utility. Ballet is available in K and X legs in folding and fixed versions, and with a pedestal base version.

DETAILS

Base options include X base, K base, and pedestal base. Base leg assemblies are constructed of inner column and one-piece die-cast aluminum leg and arm sections. Tables can be specified with glides or

casters. Ballet tops come in veneer and laminate surface materials.
