All lead times subject to change.

Lead times are estimates based on working days and upon receipt of a clean order.

Contact Coalesse Customer Service for current lead time information at 1-800-627-6770.

### How to Avoid Impacting Lead Time:

1. Make sure your order is complete - finish selections, textile details, model numbers, contract numbers, etc.
2. Remember, COM's, certain textiles, textile enhancements, and laminates require longer lead times - pique, perforated, embossed, latex backing, teflon, or gore sp.
3. Remember to include your custom quote number for custom or special product.
4. Be sure to send in your sketches for contrasting upholstery and casegoods layout.
5. Register your critical or large volume orders with your project manager.
