ELEGANTLY
FUNCTIONAL

Wrapp
Chair

coalesse®

Some people talk of morality, and some of religion, but
give me a little snug property.
_Maria Edgeworth

More than occasional seating, the Wrapp Chair combines a snug winged back and generous, slightly inclined contoured seat, for comfort and support.

SNUG AND GENEROUS

A comfortable chair that wraps the back while distributing its support. A meeting and guest chair that doesn't ward out its occupant. It's elegantly functional.

DETAILS

Wrapp can be upholstered in leather or fabric; its legs are treated with a more environmentally-friendly chroming process in trivalent chrome. The collection includes a 4-legged option and a sled base version.

Product Features

- A WINGED BACK WRAPPS AROUND USER
- B TRIVALENT CHROME SLED BASE DETAIL
