

Product Environmental Profile – Bindu™

This information applies to Bindu Mid Back Side Chair

Environmental Attributes

- Product Category — Seating: Multi-Use
- Certifications — SCS Indoor Advantage™ Gold certified for indoor air quality in North America
- LEED Contribution — Recycled Content
— Regional Materials
— Low-Emitting Materials
- Environmental Facts — 67% recyclable
— 13% recycled content

Recycled Content Summary

Total Weight (lbs) 36.8

Recycled Content (lbs)	4.7	Recycled Content	13%
Post Consumer (lbs)	3.6	Post Consumer	10%
Pre Consumer (lbs)	1.2	Pre Consumer	3%
Recyclable Content (lbs)	24.8	Recyclable Content	67%

Disclaimer

Numbers may vary based on model and options selected. Calculations base on the style number CO300 of recycled content are based on data provided by suppliers and other available information. This data may include industry averages, ranges or other broadly based information. Steelcase makes conservative assumptions when compiling this information to provide the most accurate recycled content calculations possible but variability in market conditions or manufacturing processes may result in higher or lower content. This document will be reviewed and updated periodically and is subject to change without notice.

Product Environmental Profile – Bindu™

This information applies to Bindu Mid Back Side Chair

Program	Category	Item	Contribution
LEED-INTERIOR DESIGN & CONSTRUCTION (formerly LEED-CI)	Materials & Resources	MR 4 (recycled content)	Post-consumer (10%) + ½ pre-consumer (3%) = 11.5%.
	Materials & Resources	MR 5 (regional materials)	Bindu seating is assembled in Grand Rapids, MI. Projects ≤ 500 miles from this location qualify.
	Indoor Environmental Quality	IEQ 4.5 (low-emitting materials)	Bindu seating is SCS Indoor Advantage™ Gold certified for indoor air quality in North America.
LEED-DESIGN & CONSTRUCTION (formerly LEED-NC, LEED-Core & Shell & LEED-Schools)	Materials & Resources	MR 4 (recycled content)	

Other Credit Contributions

Although not specific to this product, Steelcase has other corporate wide programs that can help support certain LEED credits. For example, many of our products can be blanket shipped, or shipped using recyclable packaging materials. Both options help support Materials & Resources credits targeted to prevent construction waste from being sent to a landfill.

Also, both product longevity and the Steelcase Phase 2 Program for end of life reuse/recycling support Materials & Resources credits for Material Reuse, Furniture & Furnishing Reuse, or Source Reduction & Waste Management.

Indoor Advantage™ and Indoor Advantage™ Gold are trademarks of Scientific Certification Systems.

Refer to www.usgbc.org for LEED Program details. Steelcase products may contribute in a number of areas. For additional information contact your Steelcase dealer or the director of Global Environmental Performance (616.247.2996).
