We manufacture contemporary furniture for singular collaborative spaces

Why Viccarbe

— Our warranty period is valid for 10 years

— Samples and mock-ups easily provided for success with projects

— Sustainable and environmentally respectful model of management approved by ISO 9.001 and 14.001

— Quality certificates (UNE, ANSI/BIFMA)

Quality, sustainability, affordability

Our products have successfully passed strict heavy-use tests, as sign of our highest commitment to quality and user's security. Additionally, our constant search for balance has made possible the inclusion of iconic, timeless, comfortable and affordable products on the collection. The experience and know-how of the industrial network where Viccarbe is framed, has allowed us to develop an economic model based on sustainability and a careful use of resources – designing and producing furniture pieces that could last in time.

CAMBIO IN MARBLE

BY VICTOR CARRASCO
From $6.150

CHROME FINISH

PERXA, NOHA, FUNDA, MAARTEN, QUADRA & EARS

NEW TABLE DIMENSIONS

CAMBIO TABLE, BURIN TABLE & TRESTLE TABLE

VETONA LOW TABLE

BY RUBÉN MATEOS BREA
From $1.415

Dear customer,

Below, you will find the Version 02 of the 2026 Price List. This reflects pricing as of August 2026:

NEW

- Cambio Marble. The Cambio collection expands its customization possibilities with the introduction of new marble tabletops across a wide range of dimensions. This finish option brings greater material richness and a more sophisticated presence to the collection. FOE available soon.

- Chrome Finishes for Noha, Perxa, Quadra, Maarten, Ears and Funda. Several collections now expand their configuration possibilities with the addition of new glossy chrome or satin chrome structures, bases and arms, depending on the model. These new finishes enhance the aesthetic versatility of each collection. FOE available soon.

CHANGES

- Aleta Executive and Noha with five casters polished aluminum base (oc). New option of black soft-tread casters with polished chrome caps, available exclusively for polished aluminum structures.

DISCONTINUED

- Maarten with flat swivel base or auditorium base. Discontinued for all references: *MAAPLPLA, MAAPLPLAC, MAALPLA, MAAPLA, MAAPLAU, MAAPLAUC, MAALAU* & *MAAAU*. LOE April 19th, 2027.

- Aleta with flat swivel base or swivel base. Discontinued for all references: *ALSIG, ALSIGBR, ALSIPLA* & *ALSIPLABR.* LOE April 19th, 2027.

- Klip with flat swivel base or swivel base. Discontinued for all references: *KLGRO/R*, *KLGTX/R, KLGT-/S-/B-, KLGROC/R-, KLG1C/R-, KLG2C/R-, KLG3C/R-, KLPLARO/R-, KLPLATX/R-, KLPLAT-/S-/B-, KLPLAROC/R-, KLPLA1C/R-, KLPLA2C/R-, KLPLA3C/R-*. LOE April 19th, 2027.

- Fedele lounge chair. The collection has been discontinued. LOE April 19th, 2027.

- Nagi lounge chair with low backrest. Discontinued reference: *NAGIB, NAGIBS, NAGIBM & NAGIBMS*. LOE April 19th, 2027.

- Backrests of Trestle bench. The following references have been discontinued: *TRRCL, TRRCC, TRREL, TRREC, TRRSL* & *TRRSC*. LOE April 19th, 2027.

- Tiers low table. The collection has been discontinued. LOE April 19th, 2027.

Lastly, the latest additions to our collaborative furniture collection:

1. **Vetona collection.** Vetona, designed by Rubén Mateos Brea, is a new height-adjustable side table that combines creative sensitivity with industrial expertise. Conceived as a support surface alongside sofas or lounge chairs, the design is presented through a contemporary lens, integrating the bench vise into its structure. FOE Fall, 2026.

2. **Missiva collection.** Missiva, designed by Luca Pevere in his first collaboration with Viccarbe, is a highly configurable seating system created to generate compositions at different scales in waiting, circulation, or meeting areas. Starting from the sofa as its core element, it can evolve into an armchair, pouf, or bench, with all pieces fully combinable with one another.

3. **New Burin & Cambio dimensions (oc).** With an expanded range of dimensions, these collections enhance their versatility, adapting seamlessly to an even wider variety of spaces.

4. **Noha cantilever base.** The Noha collection expands and reinforces its functional character with the new cantilever base, available both in the chair version and in the executive format with a higher backrest. This new base brings visual lightness and provides comfortable seating for long working hours.

5. **Burin & Cambio upholstered bases.** The Burin and Cambio table collections now incorporate a finish in 100% natural European bovine leather on their bases, elevating their overall expression and expanding configuration possibilities for a variety of interior settings.

6. **The Maarten Plastic collection** updates the material used for its seat as a result of its commitment to sustainability, now manufactured in 100% recycled (and recyclable) polypropylene. Both chair and stool renew their shell without affecting the piece's quality, performance, or durability. In addition, two new polypropylene finishes are introduced: *Cherry (RAL 030 40 40)* and *Green Ocean (RAL 200 40 15).*

7. **Finishes in Compact & HPL Soft Touch by Fenix on MDF.** The tops of Burin, Cambio, Trivio & Maarten are now available in Fenix cocoa(oc) and laurel(oc), while the tops of Burin, Cambio, Solar & Aleta are offered in Compact white(oc), beige(oc), and carob(oc), all with a black core.

We would like to remind you that Viccarbe does not have printed prices as we are truly committed to the fact that taking care of our environment is taking care of our future. Please do not hesitate to contact our team if you have any questions or requirements regarding our latest news.

Thank you very much,

Viccarbe

Instructions for using the pricelist

INFORMATION AVAILABLE FOR EACH PRODUCT

Each product is accompanied by a table where you will have all the necessary information when choosing the finish, the corresponding price and its associated code, to reflect it correctly in the order.

- CODE

Short sequence of letters and numbers that identifies each model of the product and that will have to be indicated in the order. The far left code is the style number found in Hedberg and CET. The right code is the internal Viccarbe SKU.

- FINISH

All the possible finish options for both lacquered and upholstered finishes, which must be chosen and indicated together with the product code.

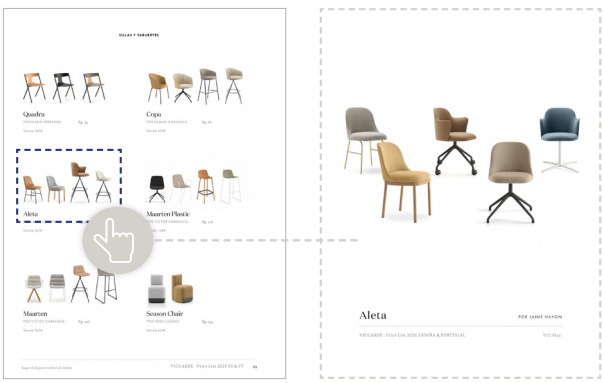

- PUBLIC PRICE

Final price of the chosen product, associated with code and finish, which will be expressed in Dollars $. In case of upholstered product, it is always manufactured with CAL117 foam.

All specifications subject to change without notice. Reference the electronic catalog/Hedberg for current pricing.

CODE	FINISHES	PUBLIC PRICE
Reference of each product to be indicated in the order.	It indicates for each product its possible finishes, from lacquered to upholstered. For all available finishes, see page 17.	Price of the CAL117, expressed in Dollars $.

NAVIGATE THROUGH THE PRICE LIST

When you click on a product image in the index, the pdf will take you to the product page.

By clicking on the cover image of each product, the pdf will take you to the product's website.

SYMBOLOGY

Product weight in pounds.

Number of boxes and volume in which the product is packed.

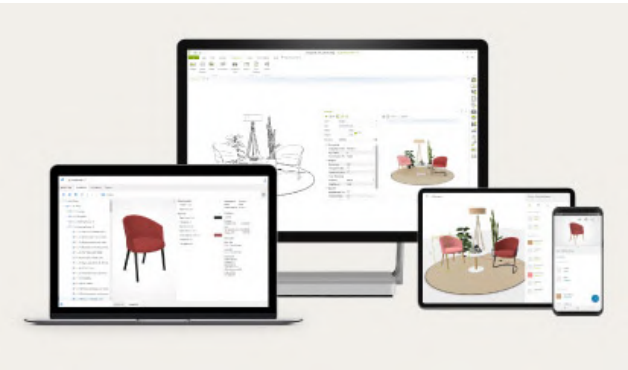

Items with an estimated lead time of 4 to 6 weeks.

x2 Number of products contained in one box.

x4 Number of products that can be stacked together.

RESOURCES FOR ARCHITECTS AND DESIGNERS

We have included 2D, 3D, REVIT, and BIM files of our products in the professionals area at ***www.viccarbe.com*** in order to facilitate your job and be able to include them effortlessly in your design proposals. You will be able to find these documents in the "Downloads" section on our website. Here you will also find our latest catalogue and sample cards for the finishes available (woods, metals, propylene, and fabrics). As a novelty, we have incorporated individual catalogues for each product which can be found on each product webpage listing. Each brochure includes multiple product and lifestyle pictures plus every specification, certificates, and technical data you may require. You will be able to download high-quality product pictures from our gallery, facilitating the incorporation of our pieces in any design.

pCon

We are deeply immersed in a digitalization project and therefore we have partnered with the platform pCon and its different modules, the tool for professionals to prepare layouts and 3D projects in a quick and easy way. Our collection is available here, enabling our products to be included rapidly in your project proposals.

We have also included a new online product configurator at ***www.viccarbe.com/configurator***, allowing to configure and visualize product compositions that match any specific project requests.

BIMobject®

Viccarbe is live on BIM Object, the global platform for the architecture and design industry where users can download technical product data such as BIM and Revit files of our furniture to configure projects and design proposals.

CET Commercial interiors

Viccarbe is also available in CET Commercial Interiors as a free extension in their Marketplace. Users can work with the latest graphical data to configure projects and design proposals.

General sales conditions

Public pricelist valid from August 17th, 2026.

To place an order implies to submit the following conditions that describe the process for proper ordering.

Price is per unit without taxes, unless any other information is stated. VICCARBE reserves the right to modify prices.

— SALES AND SIMILAR TAX

The Company's prices do not include sales, use, excise or similar taxes. Consequently, in addition to the price specified, the amount of any present or future sales, use excise or similar tax applicable to the sale of the goods shall be paid by the Purchaser, or in lieu thereof the Purchaser shall provide VICCARBE with a tax exemption certificate (resale number) acceptable to the taxing authorities.

— QUOTATIONS

Written quotations are subject to change without notice and become void unless accepted by the purchaser within 30 days. Quotations by any other means are given for estimating purposes only and are not valid unless confirmed in writing by VICCARBE.

— ORDER CANCELLATION

It is not allowed to order spare references as frames, legs, casters...

IMPORTANT: Due to our manufacturing system, please note that any cancellation or modification of an order confirmation made after more than 48 hours or 2 working days will entail the payment of the corresponding charges:

- WEEK 1 – 15%
- WEEK 2 – 30%
- WEEK 3 – 45%
- WEEK 4 – 65%
- WEEK 5 – 80%

Modification: *% applied to the net price of the item.*
Cancellation: *% applied to the net price of the cancelled model or the cancelled order.*

— COMPOSITIONS

For orders that include the SAVINA, SISTEMA, SEASON SOFA or STEP sofa, it will be necessary to send a drawing of the desired composition.

— ABOUT THE FINISHES

Any model not shown in this price list is discontinued.
To match the fabric or wood tonality of articles manufactured in different periods it will need to go through Specials process. The buyer accepts the tolerance when placing the order.

Viccarbe reserves the right to modify dimensions, assembling, materials or tonalities to improve the products without notice.

— SPECIAL CUT OUT

Viccarbe offers a series of preset positions for cut outs and power options based on the most demanded ones. If a different position were needed, please contact the sales department for assesment.

To arrange this cutting of tabletops, it is necessary to submit a drawing prepared by the Viccarbe technical department, with the signature of the customer accepting the position of the cut. No order will be put into production without signed drawings.

Along with the order confirmation, the specific lead time for this special request will be indicated, as it will differ from the standard lead time.

— VICCARBE CUSTOM

Our project management team works with architects, interior designers and customers to help develop the design and create products customised to fit particular requirements for specific projects. We are delighted to adapt our existing furniture to the needs and preferences of our customers. Because we have total control over the production chain, we can respond to customer needs.

In the case of special orders, VICCARBE provides a two-year warranty covering manufacturing defects under normal use conditions. If any structural or material flaw arises within this period, VICCARBE will evaluate the issue and determine an appropriate solution, which may include repair or replacement at its discretion. Special orders shall be understood to mean those products that differ from the forms, sizes, or finishes included in the VICCARBE catalogue in force at the time the order is placed.

By accepting this quote, the customer acknowledges that it is a special order, manufactured at their request, diverging from the forms, sizes, or finishes in the VICCARBE catalogue in force at the time of the order.

The delivery time will depend on the difficulty of manufacturing the piece and will be indicated in writing with the quote. Nonetheless, it should be noted that this timeframe will be approximate, as any complication or unforeseen circumstances encountered in the manufacturing process could delay delivery.

— PRODUCTION TIME

Between 5 and 6 weeks after order confirmation. In any case, this is a just indicative and is not a binding for the manufacturer.Loading date for special orders, large quantities or with C.O.M. needs to be confirmed case by case.

Orders with C.O.M. delivery time starts to run once the fabric is phisically in our Valencia warehouse.

VERY IMPORTANT NOTES:

In order to not delay the pick-up date, the client should notify the shipping option (sea or airfreight) at the moment of registering the order. Once the order is completed and the customer requests a change to air shipment not foreseen in the original registration, it may be delayed due to packaging (depending on the order size) at most in 2 weeks.

You are expressly warned that if you do not indicate on the delivery note "RECEIVED WITH RESERVATIONS", even if the packaging is not damaged, Viccarbe will not be responsible for possible damage to the product due to its transport.

— 10 YEAR WARRANTY

Viccarbe guarantees the product quality throughout all its manufacturing process and all products components when have had an adequate use for their specific characteristics.

Defects caused by negligence, knocks, inadequate cleaning products or climatic changes are not covered, neither changes caused by the environmental conditions.

Woods: All our polishes are protected against UV rays. However, prolonged exposure to direct sunlight can cause changes in the tone of wood. As wood is a natural material, this slight tone difference is part of its individuality and therefore may not be considered as a fault or returned for such reasons. To prevent any tone variation, we recommend avoiding leaving an object on the surface in a fixed position for a prolonged period. In addition, if products are purchased in different periods there might by a slight difference in wood tonality.

Marble: Due to the natural origin of the material, each piece exhibits unique color variations and grain patterns. As such, any discrepancies between the final product and the reference image shall not constitute valid grounds for claims. Strict adherence to the handling, assembly, and maintenance instructions provided in the official manuals is mandatory. Improper procedures may result in irreversible damage not covered by the warranty. In this way, installation must be carried out by a team of qualified professionals, following the detailed instructions provided in the user manual included in the packaging. Consulting this manual is essential to ensure proper setup and to maintain the validity of the product warranty. All boards are factory-treated with a water-based stain protector that offers protection lasting between 3 and 5 years, depending on usage and exposure conditions. To maintain the product in optimal condition, it is essential to avoid placing glasses, cups, bottles, or any objects that may leave marks directly on the surface. The use of unsuitable cleaning products, dirty cloths, or acidic pH solutions is also discouraged, as these may damage the finish, cause surface burns, or alter the material's natural appearance. Likewise, the warranty does not cover damages such as impacts, dents, breakage, or cracks on the edges caused by improper use of the board.

The guarantee is valid for 10 years from the date of the invoice of Viccarbe, except for Custom orders, Outdoor products and the following list of products: Burin with marble tabletop, Trino, Burin Mini, Ryutaro, Tiers, Giro and Bamba; in which cases the warranty is 2 years.

During the term of the guarantee, the holder thereof shall be entitled to at least:

a) Total repair free of charge of the manufacturing defects and of the damaged resulting therefore in the same conditions as the original order.

b) In the event of unsatisfactory repairing and the object failed to be in optimum condition to fulfill the use on which it was indented, the holder of the guarantee shall be entitled to either the replacement of the object purchased by another product of identical characteristics in the same conditions as the original order or a full price refund.

Order process

ACCELERATED SHIP LEAD TIME

The following order process pertains to products crafted in North America, offering accelerated lead times.

The *Trestle table, Trestle bench and Common bench* are locally manufactured, ensuring faster delivery times compared to products made in Spain.

TRESTLE TABLE

TRESTLE BENCH

COMMON BENCH

Quick order

The placing of an order is made through selecting style numbers in Hedberg or CET ordering systems, or by reaching out to our Concierge team at 1.800.627.6770 or emailing *concierge@steelcase.com*

Order confirmation

Once the order is received with correct data, the order confirmation is sent to the customer within 2 business days.

Payment

Payment terms and conditions will be agreed upon individually.

Production & Delivery

Product will be delivered according to published lead times at time of order

STANDARD LEAD TIME

This order process applies to the remaining products, carefully crafted in Spain, reflecting a commitment to quality and thoughtful design.

Standard order

The placing of an order is made through selecting style numbers in Hedberg or CET ordering systems, or by reaching out to our Concierge team at 1.800.627.6770 or emailing *concierge@steelcase.com*

Order confirmation

Once the order is received with correct data, the order confirmation is sent to the customer within 2 business days.

Payment

Payment terms and conditions will be agreed upon individually.

Production & Delivery

Product will be delivered according to published lead times at time of order

OFF-CATALOG ORDERS (OC)

This option is used only when the product is not available in Hedberg.

Off-catalog order

To place an Off-Catalog Order, the dealer must contact our Concierge team at 1.800.627.6770 or email: *concierge@steelcase.com*

Please include the product code as shown in the Viccarbe pricelist and indicate that the order should be processed as Off-Catalog. If there is any doubt about the product's availability in Hedberg, the dealer should request confirmation through the same email address.

Order confirmation

Once the order is received with correct data, the order confirmation is sent to the customer within 2 business days.

Payment

Payment terms and conditions will be agreed upon individually.

Production & Delivery

Product will be delivered according to published lead times at time of order

CUSTOM ORDERS

Custom order

All orders need to be received in writing to *concierge@steelcase.com,* containing the list of products and their specific finishes.

Project Management

Our project management team works with architects, interior designers and customers to help develop the design and create products customised to fit particular requirements for specific projects.

Order confirmation

Once the order is received with correct data, the order confirmation is sent to the customer within 2 business days.

Production & Delivery

10 weeks production minimum (approximately) after the order confirmation. It depends on the difficulty of manufacturing the piece and will be indicated in writing with the quote. Production time does not include delivery.

Look for this symbol to identify items with an estimated lead time of 4 to 6 weeks, available for the Trestle collections & Common bench.

SUSTAINABILITY

At Viccarbe we believe that sustainability is designing and producing furniture that will stay with us for the longest time possible. Furniture we won't want to throw out. Consequently, the concept of environmental sustainability becomes important for Viccarbe from the furniture's conception, right through its design until the end of its useful life cycle

— Our aim when designing products is to create them with interchangeable parts, allowing for the seamless recycling of components at the end of their life cycle.

— We take environmental impact into account when selecting raw materials. 98% of our suppliers are European, allowing us to minimise the environmental impact caused by transport. The remaining 2% come from the U.S.

— For the production of this pieces Viccarbe is using wood from certified sustainable forestry sources.

— We use powder coating on all our metallic structures.

— We offer several graded-in fabrics which are made of 100% recycled materials.

— We appropriately manage all our waste with authorised agents.

— We carefully analyse the packaging of our product, using the quantity of cardboard, plastic or foam strictly necessary to avoid the product being damaged in any way during transport.

— For the distribution of our products we use groupage transport companies, ensuring that the trucks are full. For inter-continental transport we always go by sea. We only use aerial transport in urgent cases.

SCS Indoor Advantage Gold Certification

Viccarbe has obtained the *SCS Indoor Advantage Gold certification*, both for seating (chairs, stools, armchairs, sofas & benches) and tables (tables & low tables).

This certification, granted by SCS Global Services, ensures that the products comply with strict limits on volatile organic compound (VOC) emissions, contributing to a healthier indoor environment.

QUALITY

Viccarbe is certified by SGS in ISO 14001 and ISO 9001 as well as with the SymbolC by the Furniture Institute of Technology (AIDIMME), which guarantees that the products have been tested.

Environmental Product Declarations (EPDs) *NEW*

Viccarbe is moving toward greater environmental transparency. To this end, it has developed Environmental Product Declarations – EPDs (in Spanish, DAP – Declaración Ambiental de Producto), which are voluntary statements verified by an independent third party that provide an objective and quantified analysis of a product's environmental impact throughout its entire life cycle.

In compliance with ISO 14025 and EN 15804+A2 standards, all EPDs have been registered in the International EPD® System and made publicly available on Viccarbe's website.

Access the full collection of EPDs at ***environdec.com***

EPD Nº	***EPD Title***

GRADED IN FABRICS

The fabrics used are of the highest quality and have been tested beforehand; however, they cannot be formally guaranteed, especially with regard to variations in shade that may exist with respect to the sample book or between products delivered at different times, and it is therefore impossible for us to guarantee a perfect match between the coating of an original composition and the elements added later.

The length indicated is indicative for a fabric width of 1.53 yd. In the case of skins (C.O.L), to calculate the square metres required please contact the Sales Team.

The tolerance in the measurements of the upholstered elements may be +/- 1.18".

— CAMIRA STAY SAFE

As a new feature, we now offer the option to include Camira Stay Safe treatment on certain fabrics. This is an advanced textile treatment that reduces the potential for viral transmission from fabric surfaces in commercial spaces and any interior. When applied to a fabric, this textile technology destroys viruses and kills bacteria, ensuring the upholstery does not act as a potential source of transmission.

In a world where hygiene and health are today's top priorities, Camira StaySafe can help create safer indoor spaces by providing a higher level of protection against viruses and bacteria. It is perfect for multi-purpose furniture: in waiting areas, public transport vehicles, breakout spaces, restaurants, hotels, educational environments, residences and many more. The treatment can be applied to the following fabrics:

ERA and BLAZER

Please contact our sales department for a quotation and further information.

— UPHOLSTERED WITH CUSTOMER'S FABRIC

They may be supplied at the price indicated in the customer fabric category (G1), but the fabrics must arrive at our factory in Valencia carriage paid. Any costs incurred by the customer fabric will be charged on the invoice. Customer fabric warning:

- The customer fabric must be validated by Viccarbe's technical department before being put into production. For this purpose, a 7.9"x7.9" sample of each of the customer fabrics must be sent.

- Please indicate the order reference number and the product to which the customer fabrics correspond.

- The order will not be put into production until the fabric has been received by Viccarbe in Spain.

- Viccarbe will not be responsible in any case for any incidence on the product derived directly or indirectly from the selection of a client's fabric. The client will assume the responsibility and guarantee of a good selection of fabric that meets the minimum requirements of quality, resistance, abrasion, colour change, pilling, fire resistance regulations or any other characteristic of the fabric that may cause an incident or complaint about the product.

HARD SURFACE MATERIALS

Viccarbe presents a refined range of hard surface finishes, including lacquered metals, lacquered woods, polypropylenes, stained woods, laminated tabletops, and marbles.

— WOOD

Viccarbe carefully selects veneer and solid wood for consistent color and grain structure. Wood is a natural material and variations will occur in color, grain and texture. These variations are part of the inherent natural beauty of wood and are not considered defects.

All wood products will darken with age and exposure to ultraviolet light. We recommend that desk accessories be rearranged periodically to ensure even aging of wood surfaces.

When storing your wood furniture, please follow the following guidelines:

- Do not store products in trailers.

- Store products in areas hat simulate office temperatures (60°F to 90°F) or areas that maintain constant, office-like humidity levels and keep product away from light. Cover products to make sure they are not exposed to light.

Veneers are matched for proper balance and consistency. Veneers are available flat cut or quarter cut, except for Oak, which is rift cut. Refer to the Concierge team for descriptions of each cut.

Open-pore finish is a medium gloss finish that leaves the wood grain texture visible to the eye and distinguishable to the touch.

— CUSTOMIZ STAIN

Customiz stain is a service that allows you to create your own stain colors and finishes on standard veneer. *Customiz stain color* is available on Trestle collections.

A $500 stain-matching fee applies on *CUSTOMIZ* requests (Exception: The $500 fee does not apply on matches to Viccarbe standard finishes or for a low-gloss finish request on a standard color). The $500 fee covers the cost of formulating the Customiz color finish and applies regardless of whether or not an order for product is placed.

In addition, an approval form must be signed to indicate customer acceptance of *Customiz match*. A $1,500 initiation fee will be charged prior to first order entry. This initiation fee activates the finish for unlimited use on any standard *4-6 week lead time Viccarbe product* for an 18 month time period. After the 18 month time period has lapsed, the *Customiz finish* may be reactivated for another 18 months for a $1,000 fee at any point within five years after the $1,500 initiation fee was paid. If the finish is not reactivated within five years after the $1,500 initiation fee was paid, the finish will be culled and the customer will need to pay the $1,500 initiation fee again. All style number related Customiz charges products are no cost as of April 2014. The matching and initiation fees are not discountable.

Customiz stain takes 10 days to formulate. Consult the Concierge team for more information. Custom veneers are also available and must be quoted by the Concierge team. Customiz stain on custom veneers takes 2 to 4 weeks to formulate.

The selection of *Graded-In* fabrics has been meticulously approved by our upholstery experts, guaranteeing optimal performance across all our upholstered products. These fabrics represent the highest standards of quality and performance, supported by the industry's leading upholstery textile manufacturers.

We offer the complete color palette from each collection, allowing seamless adaptation to every project's unique requirements.

All available sample collections and colours can be consulted on ***page 568*** or in the Professional Area in our web ***pro.viccarbe.com***

The different finishes in terms of fabric qualities will be grouped in the following groups (always for a fabric width of 1.53 yd):

camira *NEW*

Perxa NEW

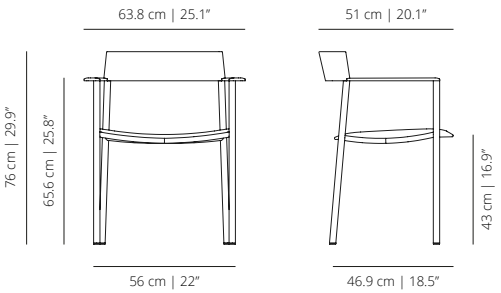

BY PIERO LISSONI

Test certificates: UNE-EN 16139:2013vc2015 & ANSI/BIFMA X6.4-2021

The Perxa collection, designed by Piero Lissoni for Viccarbe, embodies a refined wooden aesthetic that seamlessly integrates into any collaborative interior. This modern classic, meticulously crafted from sustainably sourced timber, brings a touch of warmth to working, living and dining environments. Its visually light outline offers robust back support, ensuring all-day comfort without compromising on design.

1- Calibrated steel structure in satin chrome or powder coated in thermoreinforced polyester in black or white. Plastic glides with or without felt.* For the chrome-finish version, the plastic glides are always black.
2- Curved oak plywood seat stained in the finishes of our collection or upholstered in any fabric of Viccarbe selection.
3- Backrest and armrest made of solid ash wood stained in the finishes of our collection.

Noha NEW

BY LUDOVICA SERAFINI + ROBERTO PALOMBA

Noha Chair

2023, BY LUDOVICA SERAFINI + ROBERTO PALOMBA

Noha is a simple gesture, a pillow folded in the act of providing a comfortable seat, highly versatile, perfectly fitting into both workspaces and beyond. A collection designed by Ludovica + Roberto Palomba aimed at bringing the pleasure of living into the office, so that this space can achieve the levels of hospitality, kindness, and refinement found in a domestic environment. In its chair version, Noha stands out for the sophisticated smooth lines of its backrest and its cleverly balanced seat.

With or without armrests, with executive or standard backrest, the chair is a great addition to workspaces, meeting rooms and lounge areas that seek friendlier shapes to make their teams feel comfortable and cared for.

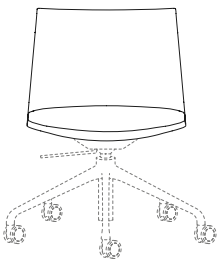

EPD INTERNATIONAL EPD SYSTEM

Noha and Noha Executive chair have EPD available. Access the full collection of EPDs at ***environdec.com***

BACKREST OPTIONS

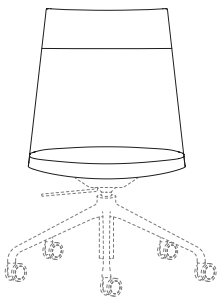

Standard

Seat and backrest made in non-deformable expanded polyurethane, foam moulded on a steel structure.

Executive

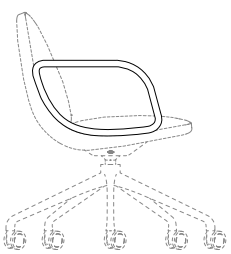

Seat and backrest made in non-deformable expanded polyurethane, foam moulded on a steel structure.

ARMREST OPTIONS

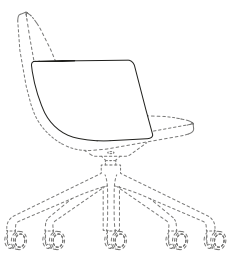

Metal armrest

Armrests made in calibrated tubular steel in bright chrome or lacquered in thermosetting polyester in black, white or taupe. Available for all bases and seats.

Upholstered armrest

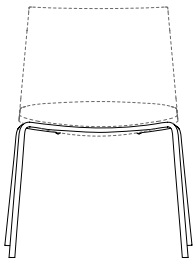

Armrests in non-deformable expanded polyurethane foam moulded on a steel structure. Available for all bases and seats.

BASE OPTIONS

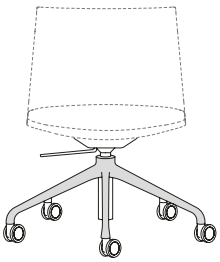

Four metal legs

Calibrated steel structure in bright chrome or powder coated in thermoreinforced polyester in the colors of our collection. Black or white plastic glides with or without felt.

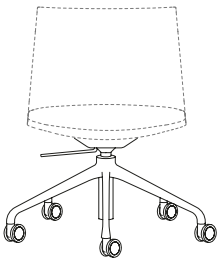

Five casters nylon base with height adjustment

Black nylon swivel base. Gas height adjustment and soft casters in black. Available tilting mechanism with locking device.

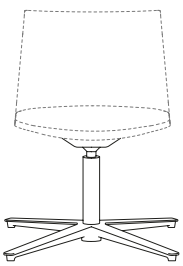

Five casters aluminium base with height adjustment

Aluminium swivel base powder coated in black or white microtexturized or polished aluminium. Gas height adjustment and soft casters in white or black. Available tilting mechanism with locking device.

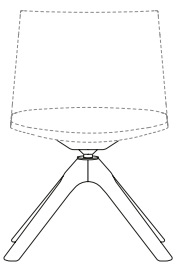

Flat swivel

Injected aluminium swivel base, white or black lacquered with microtextured finish. Translucent or black plastic glides with or without felt. Available with tilting and/or self-return mechanism.

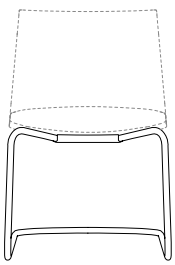

Wooden swivel

Wooden swivel structure in stained beech wood with the finishes of our collection. Plastic glides with or without felt. Available with tilting and/or self-return mechanism.

Cantilever *NEW*

Calibrated steel structure in bright chrome or powder coated in thermoreinforced polyester in the colors of our collection. Black or white plastic glides with or without felt.

Noha Chair

2023, BY LUDOVICA SERAFINI + ROBERTO PALOMBA

OPTIONAL MECHANISMS

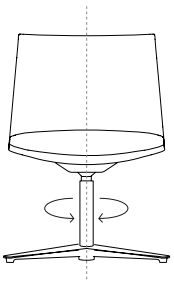

Tilting

A tilting mechanism option is available for all bases except four leg base. For the base with casters, tilting mechanism can be locked by the user.

Self-return

Self-returning swivel system that returns the chair to its original position after use. Available in flat swivel chair base, wooden swivel base and in the lounge chair version.

PIPING OPTIONS

Piping available in the following finishes*:
All colors can be combined with all the upholstery options of our collection.

999 White

129 Linen

29 Burgundy

95 Anthracite

59 Forest Green

** **NOTE:** New piping finishes are available upon request. Please contact our sales department for more information.*

Aleta Executive

BY JAIME HAYON

Aleta Executive

2023, BY JAIME HAYON

Aleta Executive represents how we bond with the designers of each collection, expanding the families, maturing hand in hand to create new pieces based on new behaviors and solid creative concepts. The collection is a natural transition that leads to new ways of working, collaborating and promoting inclusive habits between users in the workspace environment. It is here to make gatherings more comfortable, pleasant and sophisticated.

__NOTE:__ This collection offers the possibility of two-colour upholstery, with one colour for the seat and another for the back. In this case, always calculate based on the price of the fabric in the higher category.

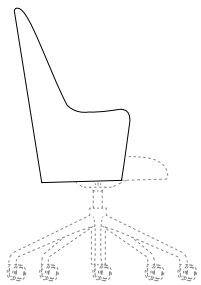

EPD INTERNATIONAL EPD SYSTEM

Aleta Executive chair has EPD available. Access the full collection of EPDs at ***environdec.com***

CHAIR BACK BACKREST OPTIONS

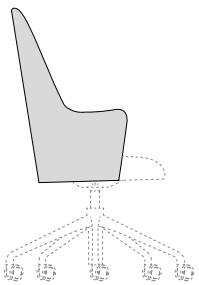

Standard backrest

Back of backrest upholstered in the same finish as the rest of the chair.

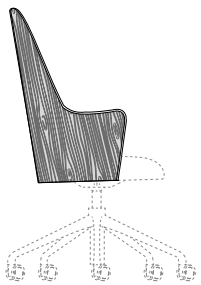

Back in leather or ecoleather

Back of backrest upholstered in leather or eco-leather for an extra charge.

Back in wood

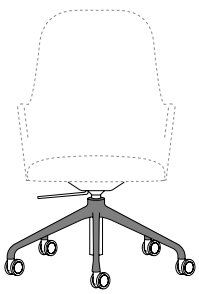

Back of backrest in stained oak veneer in matte oak, cognac, ash, bleached oak or walnut.

BASE OPTIONS

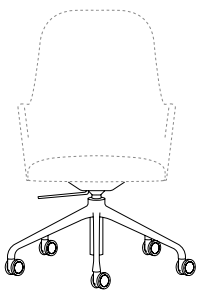

Five casters nylon base with height adjustment

Black nylon swivel base. Gas height adjustment and soft casters in black. Available tilting mechanism with locking device.

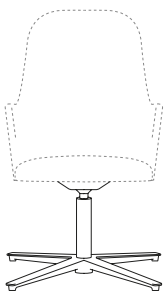

Five casters aluminium base with height adjustment

Aluminium swivel base powder coated in black or white microtexturized. Gas height adjustment and soft casters in white or black. Available tilting mechanism with locking device.

Flat swivel

White or black lacquered swivel aluminium base with microtextured finish. Black or translucent plastic glides with or without felt. Available with tilting and self-return mechanism.

OPTIONAL MECHANISM

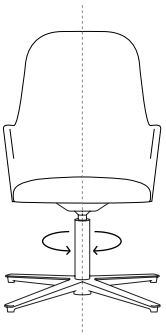

Tilting

A tilting mechanism option is available for all bases. In the case of the wheeled base, the tilting mechanism can be locked by the user.

Self-return

Self-return system that brings the chair back to its original position after use. Only available on the flat base of chair and armchair.

Ears NEW

BY PIERO LISSONI

Ears Chair

2020, BY PIERO LISSONI

The chair by the versatile Piero Lissoni joins the collection with the soul of a true icon. Ears is as light in terms of materials as it is resistant to aging. Its sinuous shapes keep intact a style capable of taking us back in time to the contemporary classics of the 70s.

Its balanced arrangement (as reduced as it is comfortable) makes Ears a perfect option for different collective and private areas: meeting points, cafeterias, auditoriums, waiting rooms, educational spaces, work areas in libraries or lounges.

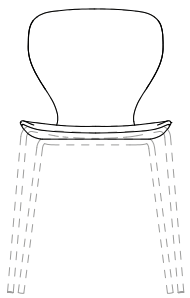

It is possible to choose oak wood finishes for the entire product, as well as combining its oak seat and metal structure. Both versions of the chair can be complemented with distinctive armrests, designed to embrace the user.

This chair designed by the Italian architect means going back to the roots of industrial design, a tribute to the shapes and mat erials that so inspired Viccarbe's beginnings in the furniture industry.

SEAT OPTIONS

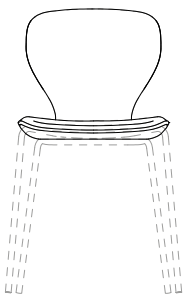

Stained

Stained curved oak plywood seat.

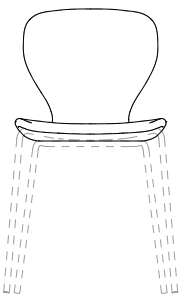

Combined

Stained curved oak plywood seat with cushion.

Smooth upholstery

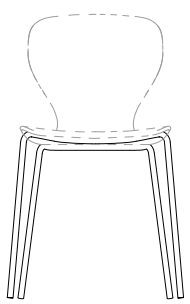

Smooth upholstered plywood seat covered with expanded polyuretane foam.

CHAIR BASE OPTIONS

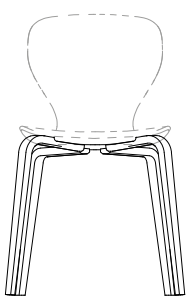

Four metal legs

Funda NEW

BY STEFAN DIEZ

Funda Chair

2020, BY STEFAN DIEZ

The commitment to maximum sustainability and comfort shapes Funda, a range of seats conceived by the outstanding designer Stefan Diez under the umbrella of creating an innovative and light chair. Funda means “cover” in Spanish.

This collection is presented as a construction made up of t wo differentiated pieces that, thanks to its shape, simulate the gesture of two hands which embrace the user. The development of Funda has been based on combining a metal structure designed to last over time, and an upholstered seat that can be replaced after years of use or severe wear and tear.

In this case we simplify the usual components of a chair (structure, seat, fabrics) to structure and upholstery, without losing it resistance and comfort.

Funda represents the balance between precision and the human-centered approach of Stefan Diez. His constant search for both industrial innovation and visual appeal has achieved in this collection a curved and friendly shape, combined with an upholstery known for its wrinkles.

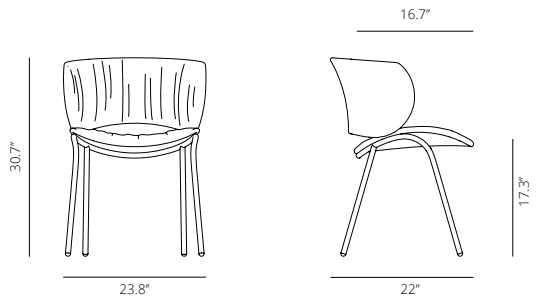

In this way, Funda manages to evoke the maximum expression of comfort and makes available the different pieces of the range to all types of environments: restoration projects, homes, intermediate spaces and office

Test certificates: ANSI BIFMA X5.4-2020 and UNE EN 16139:2013vc2015

Four legs base of calibrated steel tube in satin chrome or powder coated in thermoreinforced polyester in white and black.

Quadra *NEW*

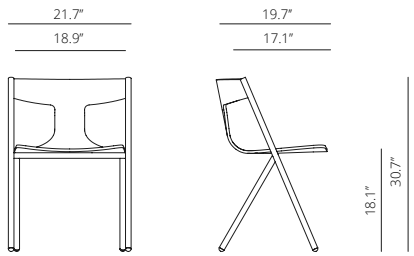

BY MARIO FERRARINI

Test certificates: UNE-EN 16139:2013vc2015

Quadra has been originated as a tribute to the delicate details, lines, and tools of architectural drawing. It is a convenient option for projects that require excellent functionality and durability over time (educational spaces, coffee shops, meeting rooms, homes...), and can additionally be stacked in large quantities.

Calibrated steel structure in satin chrome or powder coated in thermoreinforced polyester in black or white.
Curved oak plywood stained in the finishes of our collection and white open pore. Black plastic glides with or whitout felt* or white plastic glides. For the chrome-finish version, the plastic glides are always black.

Copa

BY RAMOS & BASSOLS

Copa

2019, BY RAMOS & BASSOLS

Copa is the result of Viccarbe's tireless search for extraordinary comfort. Presenting a backrest with sinuous and particularly enveloping lines, this chair joins the collection with a wide: range of bases. The silhouette, inspired by the shapes of an elegant crystal glass, encapsulate the perfection of David Ramos and Jordi Bassols's idea of contemporary design. Seat and backrest made of plywood covered with non-deformable expanded polyurethane of different densities.

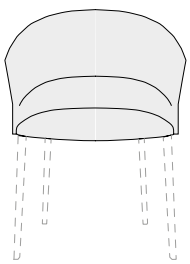

EPD INTERNATIONAL EPD SYSTEM

Copa chair has EPD available. Access the full collection of EPDs at ***environdec.com***

Is possible to upholster the back part of the backrest in ecoleather for an extra of $160 or leather for $453. In that case, it has to be noted in the invoice with the fabric's colour reference. If not indicated, it will be upholstered with the same fabric as the seat.

+$12

**Felt glides available with an upcharge of $12. If not indicated, the stool will be produced with plastic glides.*

Aleta

BY JAIME HAYON

Aleta

2017, BY JAIME HAYON

Inspired by the physiognomy and movement of sharks, Jaime Hayon has created the Aleta collection for Viccarbe. The collection is designed and created for use in public spaces like restaurants, hotels or offices as well as residential spaces. *[For the production of this pieces Viccarbe is using wood from certified sustainable forestry sources].*

EPD INTERNATIONAL EPD SYSTEM

Aleta chair and stool have EPDs available. Access the full collection of EPDs at ***environdec.com***

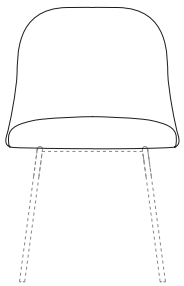

NOTE: This collection offers the possibility of two-colour upholstery, with one colour for the seat and another for the back. In this case, always calculate based on the price of the fabric in the higher category.

NOTE: *Due to the technical characteristics of certain fabrics, the Aleta chair and stool with armrest feature a technical seam on the inner side of the backrest*

SEAT OPTIONS

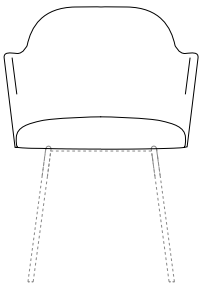

High backrest

Moulded plywood seat and backrest covered with expanded non-deformable polyuretane foam.

High backrest with armrest

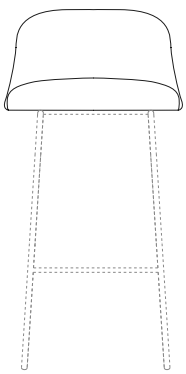

Moulded plywood seat and backrest covered with expanded non-deformable polyuretane foam.

SEAT OPTIONS

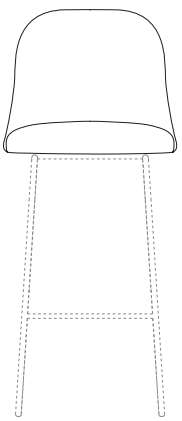

Low backrest

Moulded plywood seat and backrest covered with expanded polyuretane foam.
* Only available for stools.

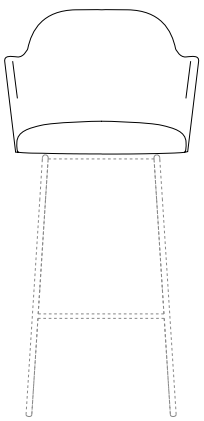

High backrest

Moulded plywood seat and backrest covered with expanded non-deformable polyuretane foam.

High backrest with armrest

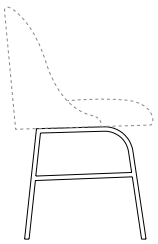

Moulded plywood seat and backrest covered with expanded non-deformable polyuretane foam.

CHAIR BASE OPTIONS

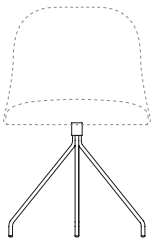

Four metal legs

Calibrated steel structure with brass finish or powder coated in thermoreinforced polyester in white, black or taupe. Black or white glides with or without felt.

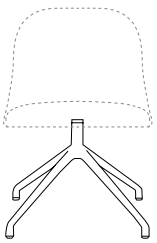

Swivel

Calibrated steel swivel structure powder coated in thermoreinforced polyester in white, black or taupe. Black or white glides with or without felt.

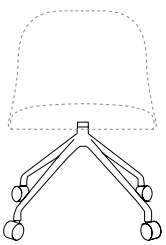

Pyramid swivel

Injected swivel aluminium base powder coated in thermoreinforced polyester in black or white microtexturized. Black or translucent glides with or without felt.

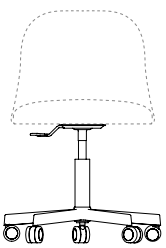

Pyramid swivel with casters

Injected swivel aluminium base powder coated in thermoreinforced polyester in black or white microtexturized with black or white soft casters for hard floors.

Five casters

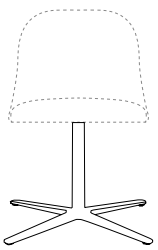

Aluminium swivel base powder coated in black or white (high gloss), height adjustment system and black or white soft casters for hard floors.*

**The manufacturing lead time for this base is one week longer than the standard production time.*

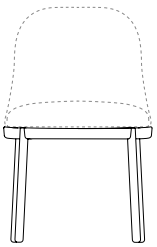

Flat swivel

Injected swivel aluminium base powder coated in thermoreinforced polyester in black or white microtexturized.Black or translucent plastic glides with or without felt.

Four wooden legs

Structure in solid ash wood stained with the finishes of our collection. Black or white plastic glides with or without felt.

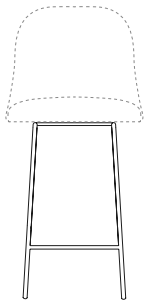

Aleta

2017, BY JAIME HAYON

STOOL BASE OPTIONS

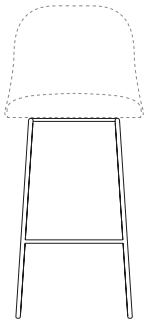

Fixed counter stool

Calibrated steel structure with brass finish or powder coated in thermoreinforced polyester in white, black or taupe. Black or white plastic glides with or without felt.

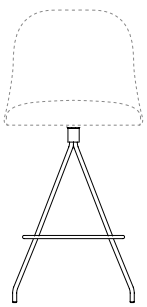

Fixed bar stool

Calibrated steel structure with brass finish or powder coated in thermoreinforced polyester in white, black or taupe. Black or white plastic glides with or without felt.

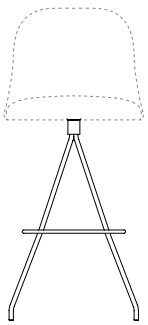

Swivel counter stool

Calibrated steel swivel structure powder coated in thermoreinforced polyester in white, black or taupe. Black or white plastic glides with or without felt.

Swivel bar stool

Calibrated steel swivel structure powder coated in thermoreinforced polyester in white, black or taupe. Black or white plastic glides with or without felt.

Maarten NEW

BY VICTOR CARRASCO

Maarten Chair

2012, BY VICTOR CARRASCO

The Maarten collection, designed by Victor Carrasco, is defined by its gentle lines and a symmetrically shaped seat. Both the chair and the stool, with their iconic and instantly recognizable design, adapt easily to a wide variety of projects. They work well on their own or arranged in larger groups, shaping areas for work, rest, assembly, or conferences, and responding naturally to multiple sectors and spatial typologies.

The Maarten chair embodies the idea that less is more, and its Maarten Plastic version, crafted in 100% recycled polypropylene, demonstrates how formal simplicity can coexist with new-generation materials while preserving a distinctly minimal expression.

***Marked items (oc): off-Catalogue only**, see page 12.*

Standard ordering soon

NOTE: Plastic chairs with four metal legs or sled base can be stacked up to 10 units and up to 4 units for the upholstered chairs. We do not recommend stacking upholstered chairs for long periods of time as it can damage the upholstery.

NOTE: 100% recycled polypropylene, as it is a recovered material, may show slight micro-variations in tone on the surface of the casing. These are not considered defects, but rather an inherent characteristic of recycled material. Under no circumstances does the use of this material affect the quality or strength of the part.

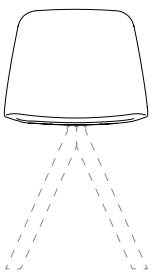

EPD INTERNATIONAL EPD SYSTEM

Maarten chair and stool have EPD available. Access the full collection of EPDs at ***environdec.com***

HIGH BACKREST SEAT OPTIONS

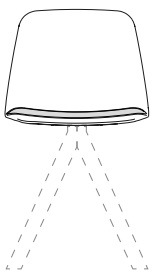

Recycled polypropylene

Injected 100% recycled polypropylene seat in black, white, taupe, dusty green, ochre, brick, green ocean or cherry.

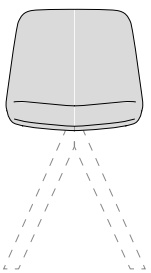

Recycled polypropylene with cushion

Injected 100% recycled polypropylene seat in black, white, taupe, dusty green, ochre, brick, green ocean or cherry with upholstered seat cushion.

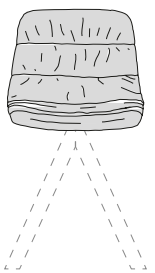

Smooth upholstery

Injected 100% recycled polypropylene seat with smooth upholstery.

Soft upholstery

Injected 100% recycled polypropylene seat with soft upholstery.

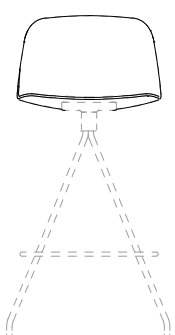

LOW BACKREST SEAT OPTIONS*

*Only available for stools.

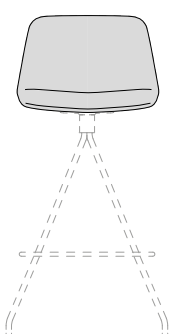

Recycled polypropylene

Injected 100% recycled polypropylene seat in black, white, taupe, dusty green, ochre, brick, green ocean or cherry.

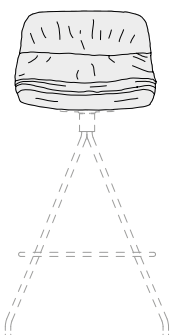

Smooth upholstery

Injected 100% recycled polypropylene seat with smooth upholstery in the finishes of our collection.

Soft upholstery

Injected 100% recycled polypropylene seat with soft upholstery in the finishes of our collection.

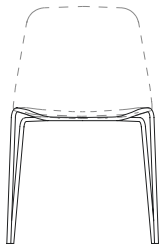

Maarten Chair

2012, BY VICTOR CARRASCO

CHAIR BASE OPTIONS

Four metal legs

Calibrated steel structure in satin chrome or powder coated in thermoreinforced polyester in white or black. Black or white plastic glides with or without felt.

x10 *Plastic versions stackable up to 10 units*

x4 *Upholstered versions stackable up to 4 units*

Sled

Calibrated steel structure in satin chrome or powder coated in thermoreinforced polyester in white, or black. Black or white plastic glides or black without felt or transparent plastic glides with felt.

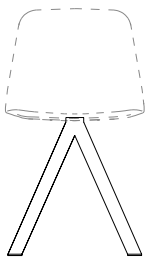

x10 *Plastic versions stackable up to 10 units*

x4 *Upholstered versions stackable up to 4 units*

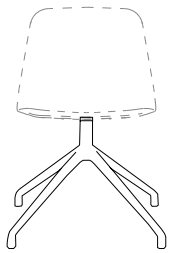

Swivel

Calibrated steel swivel structure powder coated in thermoreinforced polyester in white or black. Clear polypropylene injection glides.

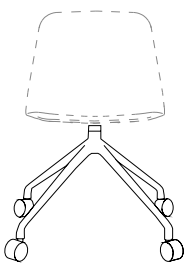

Pyramid swivel

Injected swivel aluminium base powder coated in thermoreinforced polyester in black or white microtexturized. Black or white plastic glides.

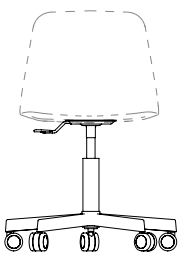

Pyramid swivel with casters

Injected swivel aluminium base powder coated in thermoreinforced polyester in black or white microtexturized with black or white soft casters for hard floors.

Five casters

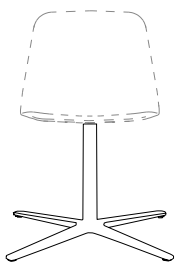

Aluminium swivel base powder coated in black or white (high gloss), height adjustment system and black or white soft casters for hard floors*.

**The manufacturing lead time for this base is one week longer than the standard production time.*

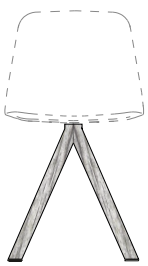

Flat swivel

Injected swivel aluminium base powder coated in thermoreinforced polyester in black or white microtexturized.
Black or translucent plastic glides.

Wooden swivel

Calibrated steel swivel structure with solid oak legs, stained with the finishes of our collection.
Black or white plastic glides with or without felt.

Four wooden legs

Four solid oak wood legs stained with the finishes of our collection. Plastic glides with or without felt.

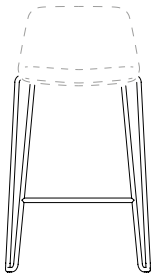

Maarten Chair

2012, BY VICTOR CARRASCO

STOOL BASE OPTIONS

Sled counter stool

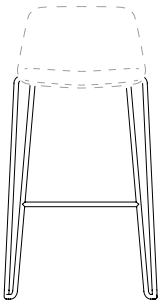

Calibrated steel structure and footrest in satin chrome or powder coated in thermoreinforced polyester in white, or black. Black or white plastic glides or black without felt or transparent plastic glides with felt.

x4 *All versions stackable up to 4 units*

Sled bar stool

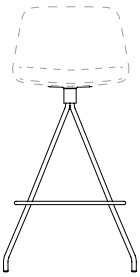

Calibrated steel structure and footrest in satin chrome or powder coated in thermoreinforced polyester in white, or black. Black or white plastic glides or black without felt or transparent plastic glides with felt.

x4 *All versions are stackable up to 4 units*

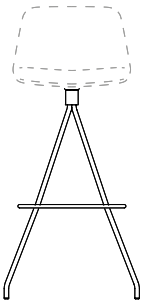

Swivel counter stool

Calibrated steel swivel structure and footrest powder coated in thermoreinforced polyester in white, black. Black or white plastic glides wit or without felt.

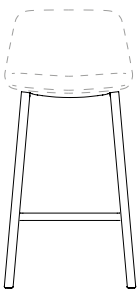

Swivel bar stool

Calibrated steel swivel structure and footrest powder coated in thermoreinforced polyester in white, black. Black or white plastic glides wit or without felt.

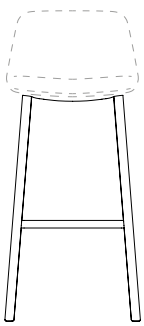

Four wooden legs counter stool

Four solid oak wood legs stained with the finishes for our collection. Calibrated steel footrest powder coated in black thermoreinforced polyester. Plastic glides with or withour felt.

Four wooden legs bar stool

Four solid oak wood legs stained with the finishes for our collection. Calibrated steel footrest powder coated in black thermoreinforced polyester. Plastic glides with or withour felt.

Maarten Chair

2012, BY VICTOR CARRASCO

AUDITORIUM SEAT OPTIONS

Recycled polypropylene

Injected 100% recycled polypropylene seat in black, white, taupe, dusty green, ochre, brick, green ocean and cherry. Screws or anchoring system not included.

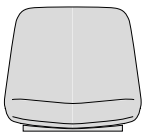

Recycled polypropylene with cushion

Injected 100% recycled polypropylene seat in black, white, taupe, dusty green, ochre, brick, green ocean and cherry and seat cushion. Screws or anchoring system not included.

Smooth upholstery

Injected 100% recycled polypropylene seat in smooth upholstery. Screws or anchoring system not included.

Soft upholstery

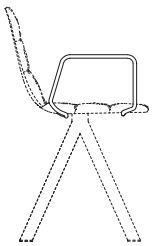

Injected 100% recycled polypropylene seat in soft upholstery. Screws or anchoring system not included.

ARMREST OPTIONS

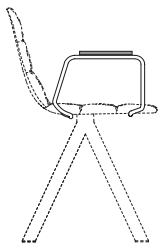

Armrest

Calibrated steel armrest in satin chrome or powder coated in thermoreinforced polyester in black or white. Available for all bases and seats but the auditorium base. Not available for low backrest stools.

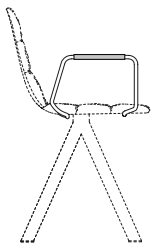

Wooden armrest

Calibrated steel armrest in satin chrome or powder coated in thermoreinforced polyester in black or white, with natural oak armrests stained with the finishes of our collection. Available for all bases and seats but the auditorium base. Not available for low backrest stools.

Upholstered armrest

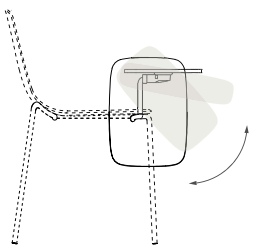

Calibrated steel armrest in satin chrome or powder coated in thermoreinforced polyester in black, white and upholstered with leather or ecoleather armrest. Available for all bases and seats but the auditorium base. Not available for low backrest stools.

ACCESORIES

Writing tablet

HPL Writing tablet with aluminium mechanism and anti-panic system. Left or right versions. Available for four metal legs base and sled base.

Maarten Chair

2012, BY VICTOR CARRASCO

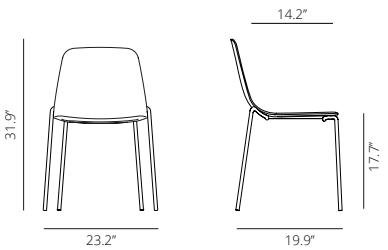

Test certificates: ANSI BIFMA X5.4:2012 and UNE-EN 16139:2013vc2015

Calibrated steel structure in satin chrome or powder coated in thermoreinforced polyester in white, black, taupe or fluorescent orange. Black or white plastic glides with or without felt.* For the chrome-finish version, the plastic glides are always black.

Klip

BY VICTOR CARRASCO

Klip

2014, BY VICTOR CARRASCO

A plywood oak chair with the finishes from our collection. Optio nal cushion upholstered in fabric or leather.
Perfect for home and contract use, stackable up to 10 chairs fo r the non upholstered version and 4 chairs for the upholstered version.

Its name is a reference to the slot in its back, which serves both as a handle for moving it about easily and as a hang for handbags etc.

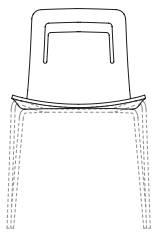

We do not recommend stacking upholstered chairs for long periods of time as it can damage the upholstery.

[For the production of this sofa Viccarbe is using wood from certified sustainable forestry sources]

SEAT OPTIONS

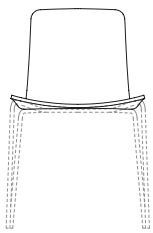

Stained / Lacquered with handle

Curved oak plywood stained or curved beech plywood lacquered in the finishes of our collection, with the handle in the back.
Maximum weight supported by the handle: 33.1 lb.

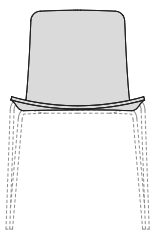

Stained / Lacquered without handle

Curved oak plywood stained or curved beech plywood lacquered in the finishes of our collection, without handle in the back.

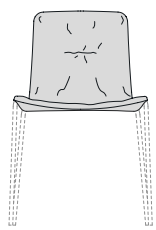

Smooth upholstery

Plywood natural beech chair covered by expanded polyurethane foam, smooth upholstery.

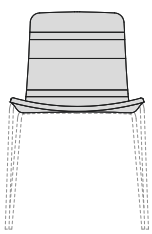

Soft upholstery

Plywood natural beech chair covered by expanded polyurethane foam, soft upholstery.

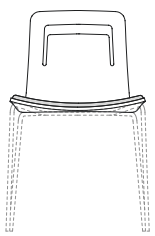

Lined upholstery

Plywood natural beech chair covered by expanded polyurethane foam, lined upholstery.

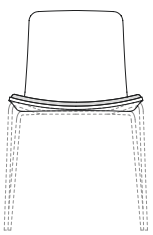

Stained / Lacquered with cushion and handle

Manto NEW

BY MONICA ARMANI

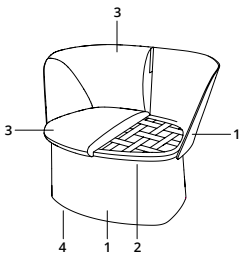

Test certificates: UNE-EN 16139:2013vc2015 and ANSI BIFMA X6.4:2021

Manto is the first design by Monica Armani for Viccarbe. A lounge chair that plays with duality—between technique and aesthetics, elegance and freedom. With an architectural structure, its straight and solid base contrasts with a curved backrest that opens to invite seating. This is defined by an innovative seamless junction between the plywood oak and the upholstery, a minimalist gesture that ensures formal purity and lasting comfort.

Manto rises as a sinuous, sculptural piece, yet invites a relaxed use. Its multiple configurations adapt it to versatile and intensive applications, allowing it to stand out as a centerpiece or integrate naturally into collective environments such as halls, hotel lobbies, or hospitality spaces.

LOUNGE CHAIR

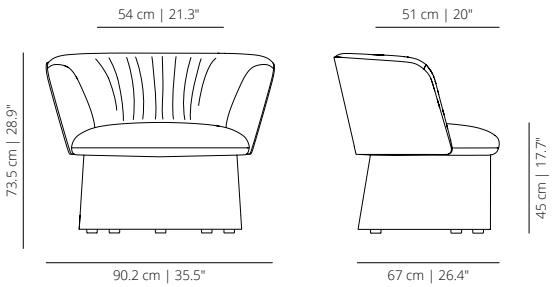

1- Base and backrest molded from oak plywood.
For the production of these pieces Viccarbe is using wood from certified sustainable forestry sources.
2- Webbed seat and backrest covered with non-deformable expanded polyurethane foam of varying densities compliant with CAL TB 117-2013.
3- Fabric or leather.
4- Height adjustment legs, caster base or swivel base.

Needed fabric for 1.53 yd wide:
fabric: 2.35 yd

Needed leather:
leather: 64.6 ft²

Noha Lounge

BY LUDOVICA SERAFINI + ROBERTO PALOMBA

Noha Lounge

2023, BY LUDOVICA SERAFINI + ROBERTO PALOMBA

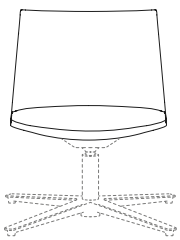

Noha is a simple gesture, a pillow folded in the act of providing a comfortable seat, highly versatile, perfectly fitting into both workspaces and beyond. A collection designed by Ludovica + Roberto Palomba aimed at bringing the pleasure of living into the office, so that this space can achieve the levels of hospitality, kindness, and refinement found in a domestic environment.

In its lounge chair version, Noha creates extra comfortable and friendly corners in corporate, domestic and hospitality settings. A highly versatile piece that connects users and provides them with a pleasant space in which to think, brainstorm, collaborate and unwind.

SEAT OPTIONS

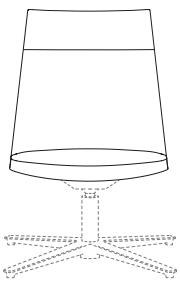

Standard

Seat and backrest made in non-deformable expanded polyurethane, foam moulded on a steel structure.

Executive

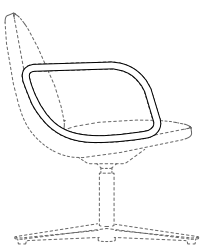

Seat and backrest made in non-deformable expanded polyurethane, foam moulded on a steel structure.

ARMREST OPTIONS

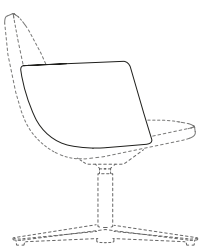

Metal armrest

Armrests made in calibrated tubular steel, lacquered in thermosetting polyester in black, white or taupe. Available for all bases and seats.

Upholstered armrest

Armrests in non-deformable expanded polyurethane foam moulded on a steel structure. Available for all bases and seats.

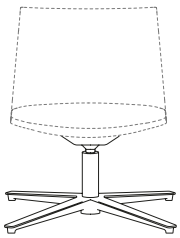

Noha Lounge

2023, BY LUDOVICA SERAFINI + ROBERTO PALOMBA

BASE OPTION

Flat swivel base

Injected aluminium swivel base, white or black lacquered with microtextured finish. Plastic glides in black or translucent, with or without felt. Available with tilting and/or self-return mechanism.

OPTIONAL MECHANISMS

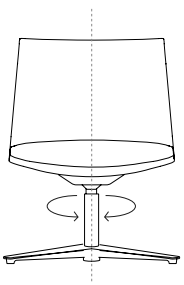

Tilting

There is the option of adding a tilting mechanism to the base of the chair.

Self-return

Self-returning swivel system that returns the lounge chair to its original position after use.

PIPING OPTIONS

Piping available in the following finishes*:
All colors can be combined with all the upholstery options of our collection.

999 White

129 Linen

29 Burgundy

95 Anthracite

59 Forest Green

** **NOTE:** New piping finishes are available upon request. Please contact our sales department for more information.*

Aleta Executive Lounge

BY JAIME HAYON

Aleta Executive Lounge

2023, BY JAIME HAYON

The Aleta Executive lounge chair makes corporate spaces more welcoming and sophisticated. The collection facilitates the exchange of ideas and conversation thanks to a comfortable seat of balanced proportions and a backrest that gently adapts to the back. Available in multiple finishes and bases, the lounge chair allows two different materials to be combined inside and out, rising a singular piece for all atmospheres. Recommended for intermediate areas, meeting rooms, receptions, and welcome areas.

NOTE: This collection offers the possibility of two-colour upholstery, with one colour for the seat and another for the back. In this case, always calculate based on the price of the fabric in the higher category.

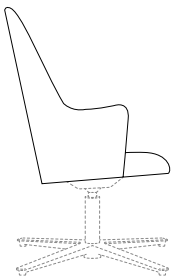

EPD INTERNATIONAL EPD SYSTEM

Aleta Executive lounge has EPD available. Access the full collection of EPDs at ***environdec.com***

LOUNGE CHAIR BACKREST OPTIONS

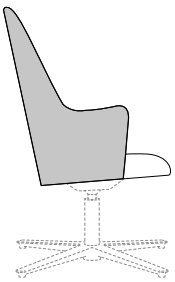

Fabric backrest

Backrest back upholstered in the same fabric as the rest of the chair.

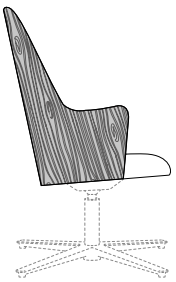

Back in leather or ecoleather

Back of backrest upholstered in leather or eco-leather for an extra charge.

Back in wood

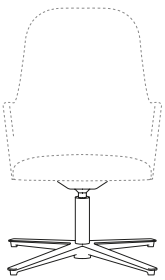

Back of backrest in stained oak veneer in matte oak, cognac, ash, bleached oak or walnut.

BASE OPTIONS

Flat swivel lounge

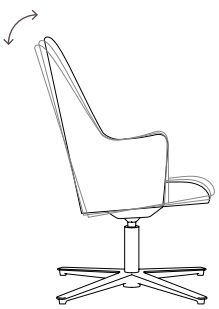

Injected aluminium swivel base, white or black lacquered with microtextured finish. Black or translucent plastic glides, with or without felt. Available tilting mechanism and self-return mechanism.

OPTIONAL MECHANISM

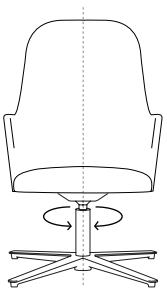

Tilting

The lounge chair can include a tilting mechanism, which gives the user greater flexibility and comfort.

Self-return

Self-return system that brings the lounge chair back to its original position after use.

Zoco

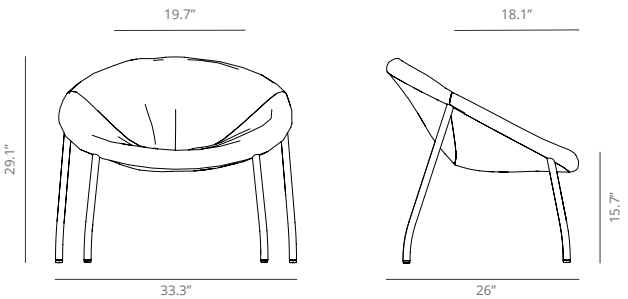

BY VICTOR CARRASCO

Zoco pays tribute to the traditional markets held in Arabic countries, central hubs of collaboration between different cultures. An environment that fuses colors, textures and scents that connect people to each other, sparking creativity, interaction, and consensus. This is what Zoco is all about, a very comfortable lounge chair with rounded shapes where work meetings, friendly encounters and the exchange of ideas revolve. Designed by Victor Carrasco.

1- Calibrated steel tube structure lacquered in thermoset polyester in black or white.
2- Upholstered cover in the fabrics & leathers of the collection, expanded foam and wadding inside.
3- Plastic mats with and without felt or mixed casters for hard & soft floors.

Funda Bold

BY STEFAN DIEZ

Funda Bold

2022, BY STEFAN DIEZ

Bold, suggestive and extremely comfortable. A collection of oversize seats with matching ottoman, cushions, and headrest. Funda Bold's large silhouette and comfortable proportions are created for relaxation and promoting 'slow work' in offices, homes, and in-between spaces. This design represents the new era of huge comfort. The Funda Bold lounge chair promises to be roomy without losing an ounce of lightness. Its construction system is formed by a single steel tube that makes the chair light and allows it to be easily transported.

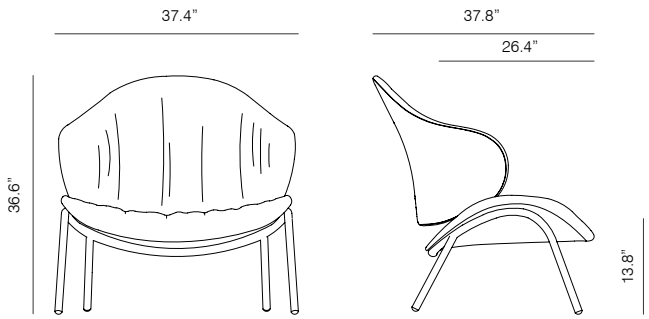

Maintaining the sustainable philosophy of the Funda range, this design by Stefan Diez is created to last over time.

Through an innovative production process, the environmental impact is minimized, and circular economy is promoted, as both parts can be recycled independently.

Four legs base of calibrated steel tube powder coated in thermoreinforced polyester in white and black.
Internal frame for the seat and back of calibrated steel tube powder coated in thermoreinforced polyester covered with shape-holding expanded polyurethane foam and polyesther fibre.
Fabric or leather upholstery with the finishes of our colecction.
Plastic glides.

Funda Lounge *NEW*

BY STEFAN DIEZ

Funda Lounge

2020, BY STEFAN DIEZ

Test certificates: ANSI BIFMA X5.4-2020 and UNE EN 16139:2013vc2015

The commitment to maximum sustainability and comfort shapes Funda, a range of seats conceived by the outstanding designer Stefan Diez under the umbrella of creating an innovative and light chair. Funda means “cover” in Spanish.

This collection is presented as a construction made up of t wo differentiated pieces that, thanks to its shape, simulate the gesture or two hands which embrace the user. The development of Funda has been based on combining a metal structure designed to last over time, and an upholstered seat that can be replaced after years of use or severe wear and tear.

In this case we simplify the usual components of a chair (structure, seat, fabrics) to structure and upholstery, without losing it resistance and comfort.

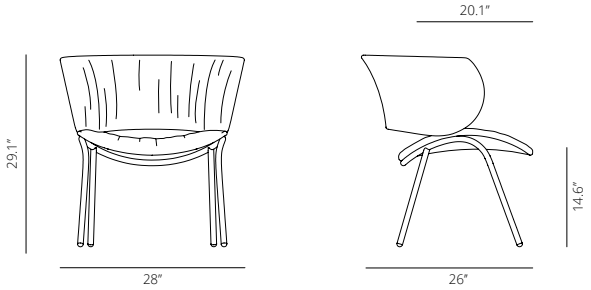

Funda represents the balance between precision and the human-centered approach of Stefan Diez. His constant search for both industrial innovation and visual appeal has achieved in this collection a curved and friendly shape, combined with an upholstery known for its wrinkles.

In this way, Funda manages to evoke the maximum expression of comfort and makes available the different pieces of the range to all types of environments: restoration projects, homes, intermediate spaces and office.

Missiva *NEW*

BY LUCA PEVERE

Test certificates: UNE-EN 16139:2025 and ANSI BIFMA X6.4: 2021

The Missiva collection, designed by Luca Pevere, stems from a clear idea: connection—both between the pieces within the system and among the people who use it.

This highly configurable seating system begins with the sofa as its core element, transforming by adding or removing armrests and backrests to become a lounge chair, bench, or pouf. All pieces can be combined to create compositions of varying scales in welcome areas, reception spaces, or circulation zones, across hospitality, cultural, and office environments. The collection is completed with low tables in a single height, available in different sizes and finishes, reinforcing the overall coherence of the system.

The name Missiva refers to its most recognizable detail: the stitching that runs along the cushions and backrest, inspired by the flap of an envelope. This gesture defines its identity while allowing the piece to be personalized through material and color, with sober monochrome options or fabric and leather combinations for a more distinctive expression.

See below for the different upholstery configurations:

- Use leather and leather.

- Use ecoleather and ecoleather *(Ultrafabrics Montage).*

- Do leather and textile/fabric.
NOTE: *the leather will always have to be specified for this case on the outside back and outside arms (see the gray area in image below).*

- Do ecoleather *(Ultrafabrics Montage)* and textile/fabric.
NOTE: *the ecoleather (Ultrafabrics Montage) will always have to be specified for this case on the outside back and outside arms (see the gray area in image below).*

- Do fabric and fabric.
NOTE: *it must be from same pattern just unique colors for contrast.*

Upholstery options and fabric needed

Calculated for fabric / eco-leather width 1.53yd:

Classic upholstery:
Lounge without armrest: 2.52yd
Lounge with an armrest: 3.28yd
Full-arm lounge: 4.16yd
Sofa 59″ without armrest: 4.05yd
Sofa 59″ with an armrest: 4.92yd
Full-arm sofa 59″: 5.80yd
Sofa 78.7″ without armrest: 5.36yd
Sofa 78.7″ with an armrest: 6.12yd
Full-arm sofa 78.7″: 7.00yd
Pouf: 1.42yd
Bench 59″: 2.30yd
Bench 78.7″: 2.95yd

Bicolor upholstery:
Lounge
Seat + front backrest: 2.41yd
Back backrest: 1.20yd

Sofa 59″
Seat + front backrest: 4.05yd
Back backrest: 2.19yd

Sofa 78.7″
Seat + front backrest: 5.14yd
Back backrest: 1.53yd

Armrest
Front part: 1.09yd
Back part: 1.20yd

Calculated for leather in ft^2:

Classic upholstery in leather:
Lounge without armrest: 59.20ft^2
Lounge with an armrest: 91.49ft^2
Full-arm lounge: 123.78ft^2
Sofa 59″ without armrest: 107.64ft^2
Sofa 59″ with an armrest: 139.93ft^2
Full-arm sofa 59″: 172.22ft^2
Sofa 78.7″ without armrest: 129.17ft^2
Sofa 78.7″ with an armrest: 161.46ft^2
Full-arm sofa 78.7″: 193.75ft^2
Pouf: 32.29ft^2
Bench 59″: 43.06ft^2
Bench 78.7″: 59.20ft^2

Bicolor upholstery in leather:
Lounge
Seat + front backrest: 43.06ft^2
Back backrest: 18.30ft^2

Sofa 59″
Seat + front backrest: 75.35ft^2
Back backrest: 43.06ft^2

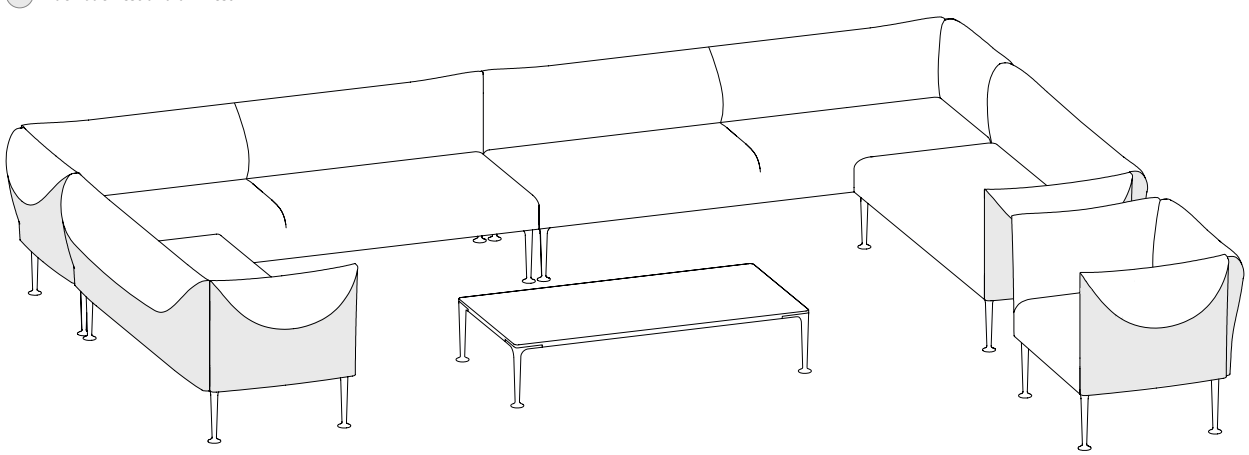

Sofa 78.7″
Seat + front backrest: 86.11ft^2
Back backrest: 53.82ft^2

Armrest
Front part: 16.15ft^2
Back part: 18.30ft^2

Joining system available for sofa, lounge chair, bench, and side table. Iron finish. Each set includes two units.

Cubow *NEW*

BY MEIKE HARDE

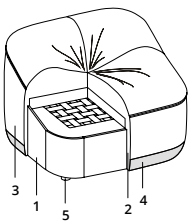

Test certificates: UNE-EN 16139:2013vc2015 and ANSI BIFMA X6.4:2021

Cubow is Meike Harde's first design for Viccarbe — an exploration of how a geometric figure can be transformed into a piece that embraces comfort. Cubow stands out for its contrast between a smooth, rounded base and sides, and a soft seat area that cradles the user. A visible seam separates the two sections, while the internal structure combines foam densities to offer optimal support and comfort.

With organic lines and a cloud-like softness, Cubow expands Viccarbe's range of generous, versatile products designed to suit offices and hospitality spaces, while also integrating seamlessly into residential interiors or museum lounge areas.

1- Interior structure in solid wood with webbed seat. For the production of this pieces Viccarbe is using wood from certified sustainable forestry sources.
2- Expanded polyurethane foam in different densities.
3- Fabric or leather.
4- Technical protective fabric for upholstery*.
5- Hidden casters or legs with height adjustment.

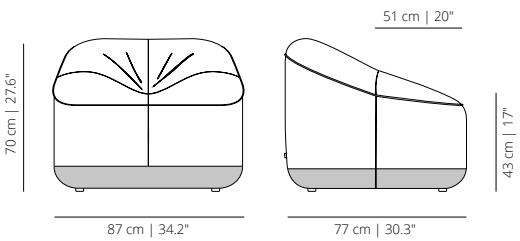

All available technical fabric colours can be found in our Price List on* ***page 19**.*

LOUNGE CHAIR

Needed fabric for material 1.53 yd wide:
fabric: 2.51 yd | **leather:** 53.8 ft²

Fixed lounge chair

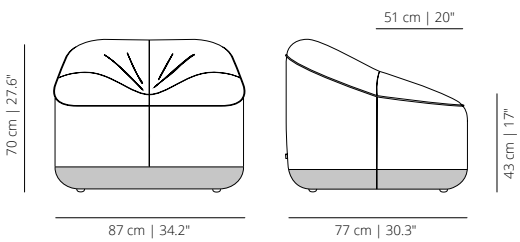

69.7 lb

(x1) 37.4x30.7x28.7" (0.71yd³)

Savina

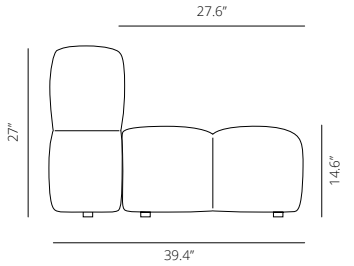

BY VICTOR CARRASCO

Savina

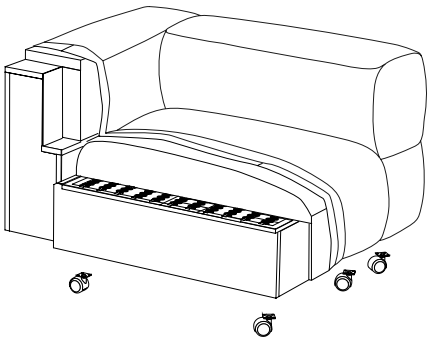

2021, BY VICTOR CARRASCO

Savina joins our collection of ancillary furniture to enhance soft collaboration. An innovative modular cloud sofa that presents a new universe of comfortable working solutions for every office, workplace, home, hotel, or hybrid space.

The Savina collection is characterized by being a soft sofa, so the behavior of the fabric significantly influences its visual appearance depending on the selection of one fabric or another, with finer fabrics tending to generate more wrinkles than thicker fabrics. The appearance of these wrinkles is part of the original design intention.
Over time and with use, wrinkles may appear on fabric, leather, or faux leather upholstered products.

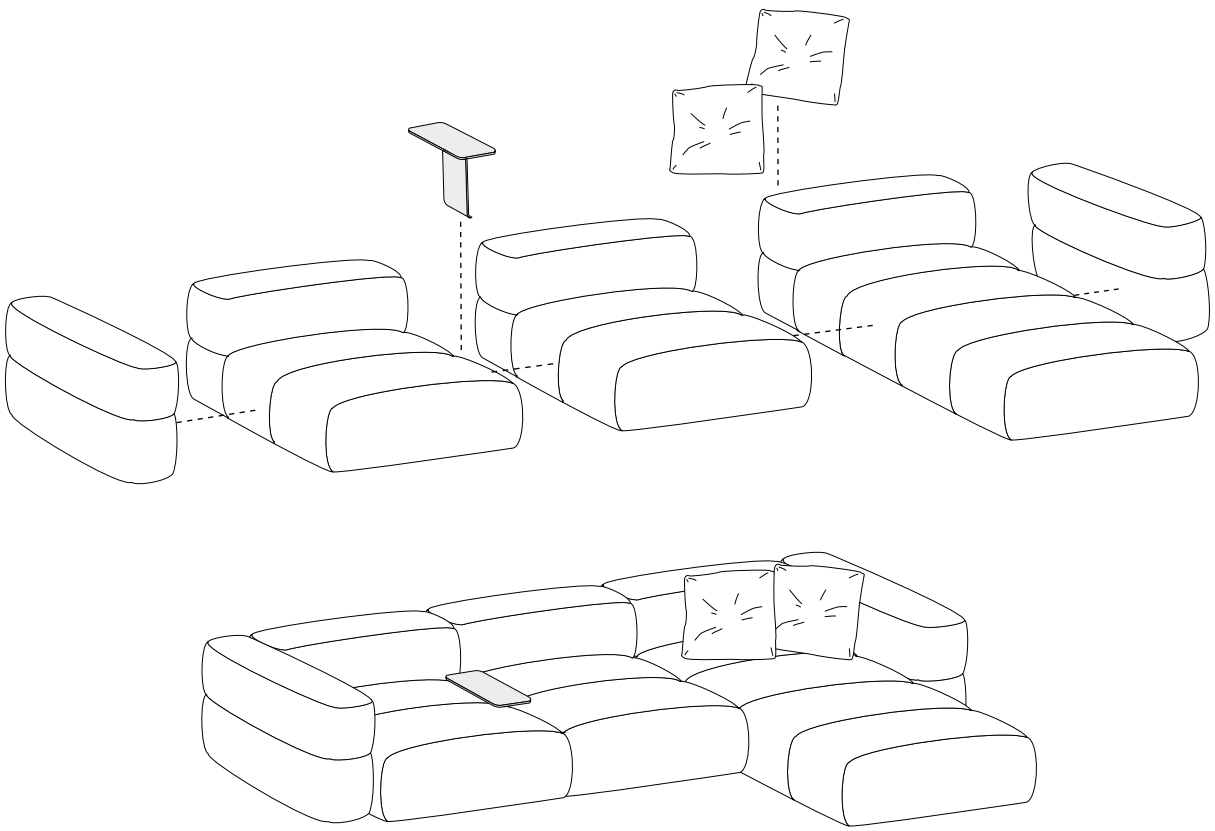

NOTE: *A sketch must be included with your order to avoid any sort of misunderstanding. Remember that "right" and "left" are understood from the perspective of the person looking at the object from the front. The more information you include with your order, the lower the possibility of error.*

Solid wood frame with steel spring frame, non-deformable expanded polyurethane of different densities with viscoelastic layer, recycled PET fiber paneling and padded chamber filled with anti-mite feathers and recycled PET fibers.
Non-removable fabric or leather upholstery.
Height adjustable legs or hidden casters.

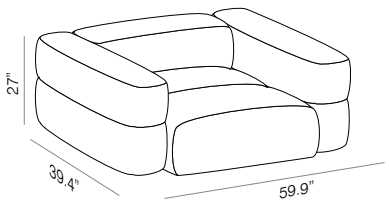

[For the production of this sofa Viccarbe is using wood from certified sustainable forestry sources]

The tolerance in the measurements of the upholstered elements can be of +/- 1.2"

Savina

2021, BY VICTOR CARRASCO

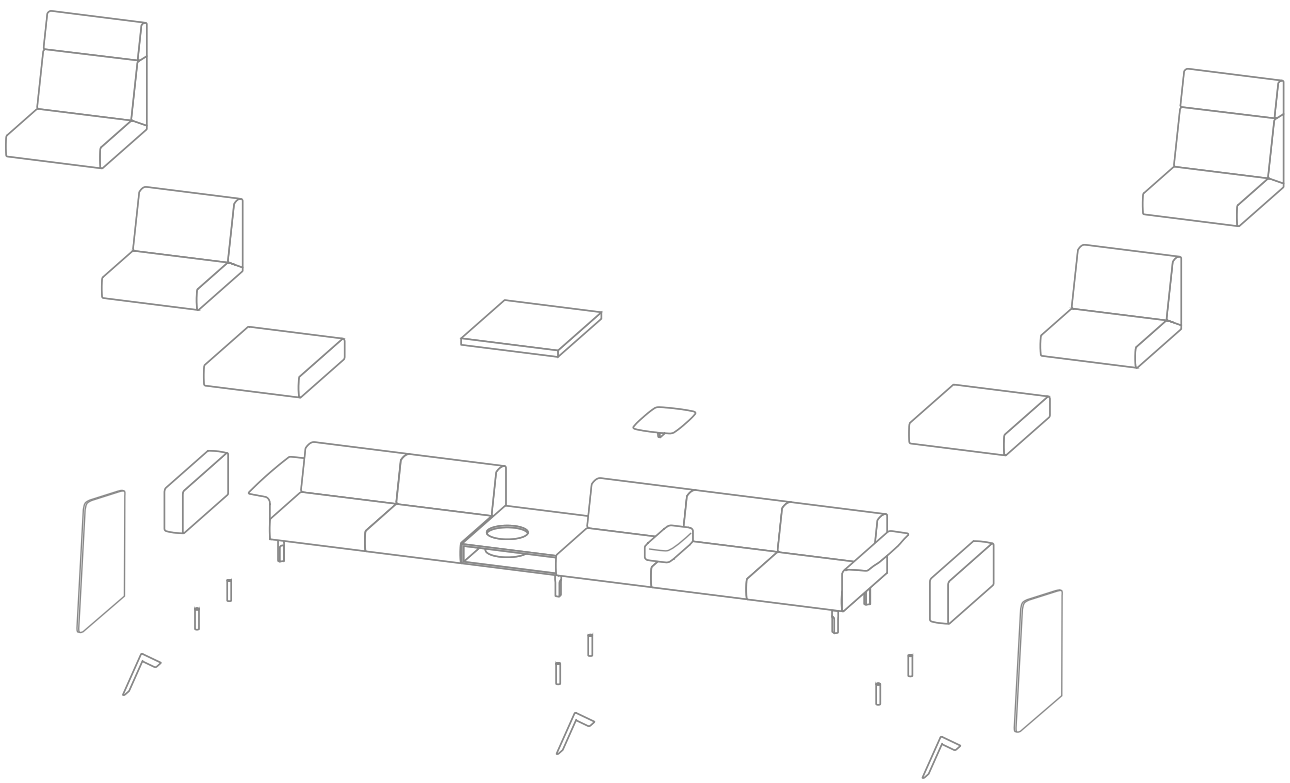

Sistema

BY LIEVORE ALTHERR MOLINA

Sistema

2016, BY LIEVORE ALTHERR MOLINA

Sistema Legs

Sistema Legs gives the possibility to choose between three different types of legs depending on the form: scissors, cylinder and flute – Offering great durability and adaptability to diverse environments.

Sistema Floor

The definitive approach to the aesthetics of a residential sofa. Perfect for an additional degree of elegance thanks to its fully upholstered modules.

Smooth Upholstery

Great durability and adaptability to diverse environments. Sistema, with its smooth upholstery, is a perfect choice for commercial spaces, offices, or airports. High traffic areas where privacy and dynamism sometimes become a sine qua non.

Soft Upholstery

A meeting point between rationalism and warmth. Soft Sistema emerges as an evolution of the Sistema sofa, presenting a more comfortable interior, as well as a more wrinkled effect in its upholstery, one that is therefore more welcoming.

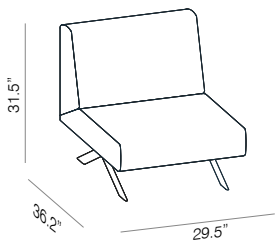

Sistema Legs

Season Sofa

BY PIERO LISSONI

Season Sofa

2017, BY PIERO LISSONI

Test certificates: ANSI/BIFMA X5.4-2012 and UNE EN 16139:2013

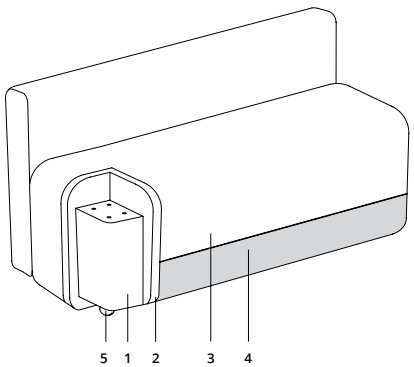

SEASON SOFA is a simple and elegant upholstered modular sofa. The collection is composed by different modules, which makes it very easy to create different compositions for waiting areas and living rooms, in a very intuitive way.

The fixed upholstery is available in fabric and leather, to choose from a variety of colors that can be combined with other items of the collection. The base of the SEASON sofa has a grey protection of washable technical fabric. Perfect for offices, restaurants, receptions, etc. The tolerance in the measurements of the upholstered elements can be of +/- 1.2".

NOTE: A sketch must be included with your order to avoid any sort of misunderstanding. Remember that "right" and "left" are understood to be from the perspective of a person looking at the object from the front. The more information you include with your order, the lower the possibility of error.

EPD INTERNATIONAL EPD SYSTEM

Season sofa has EPD available. Access the full collection of EPDs at ***environdec.com***

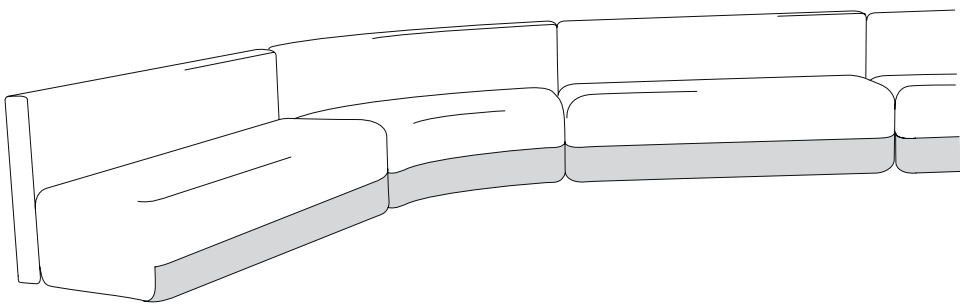

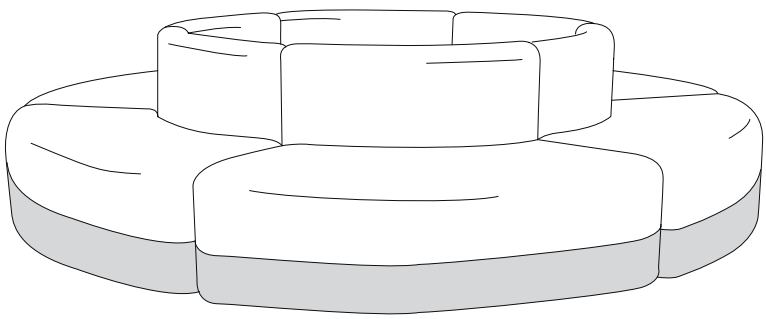

1- Interior structure in solid wood and perfored top of microparticles low in formaldehyde. For the production of this pieces Viccarbe is using wood from certified sustainable forestry sources.
2- Expanded polyurethane foam in different densities.
3- Fabric or leather.
4- Technical protective fabric for upholstery.*
5- Height equalising legs.

Check all the technical fabric colours available on* ***page 19.*

Step

BY VINCENT VAN DUYSEN

Step

2013, BY VINCENT VAN DUYSEN

Test certificates: ANSI/BIFMA X5.4-2012 and UNE EN 16139:2013

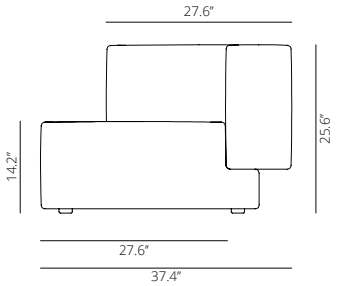

Step is a collection of seating and benches that allows a wide variety of compositions by combining elements of different dimensions.

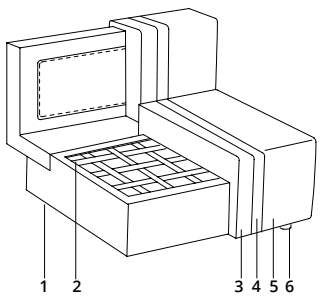

Despite its precise and formal geometric design, it is surprisingly comfortabe, which makes it perfect for the residential use.

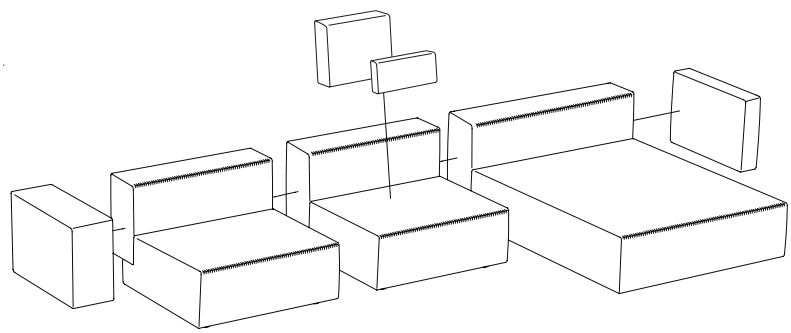

The tolerance of the different elements can be +/- 1.2".
Cushions made of soft virgin fibre with anti-acarus treatment.

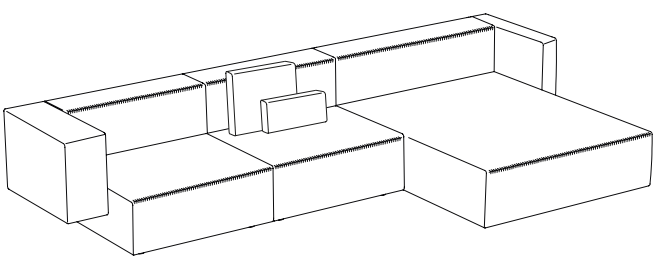

NOTE: A sketch must be included with your order to avoid any sort of misunderstanding. Remember that "right" and "left" are understood from the perspective of the person looking at the object from the front. The more information you include with your order, the lower the possibility of error.

1- Interior structure of the arms, back and seat in solid wood. For the production of this pieces Viccarbe is using wood from certified sustainable forestry sources.
2- Woven seat and back structure.
3- Expanded polyurethane foam in different densities.
4- Polyester fibre covering.
5- Fabric.
6- Adjustable legs in height.

HANDMADE

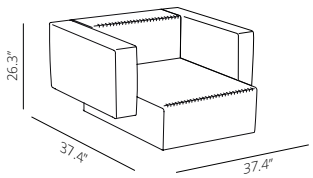

Seam* colours available: white, black, red, sky blue, light grey, dark grey, green, cream, deep blue, caramel and wine.

**Decorative seams are handmade*

Levitt

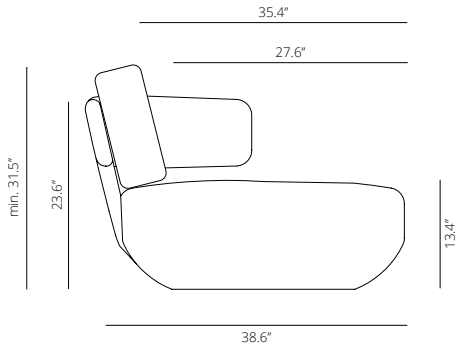

BY LUDOVICA SERAFINI + ROBERTO PALOMBA

Test certificates: ANSI/BIFMA X5.4-2012 and UNE EN 16139:2013

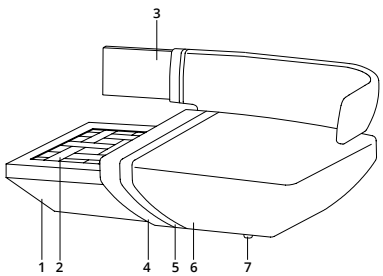

Levitt is a collection of modular sofas and lounge chairs that allow to multiply compositions and finishes.

The seat depth of the sofa is 35.4" without cushions so do not forget to order the back cushions that you need.
The direction of the fabric in the chaise lounge and similar sizes options will be the opposite to the side unit to avoid visible sewing.
The tolerance of the different elements can be +/- 1.2".

Indicate in the order the cushion/back that you would like.
Cushions in washed duck and goose feather with anti-acarus treatment.
Anti-feather scape cotton cover.

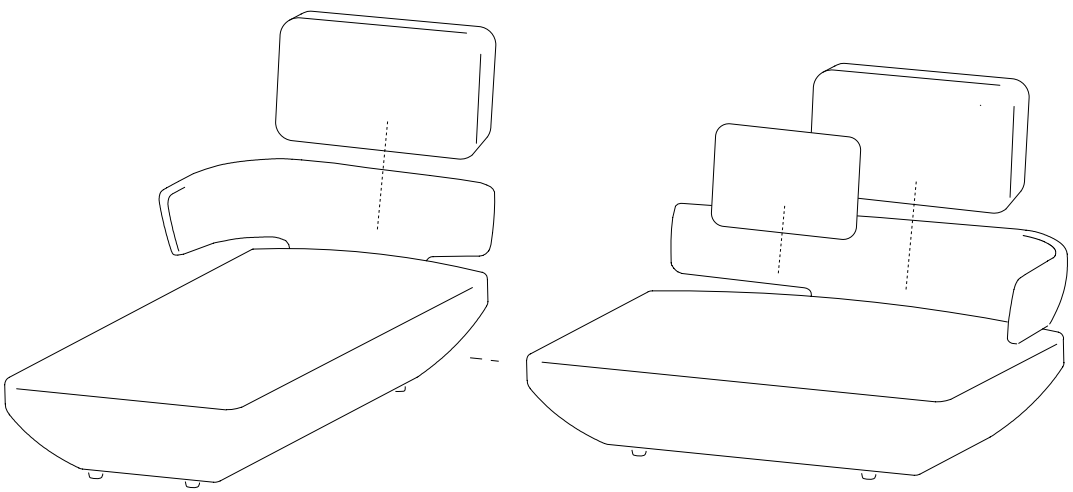

1- Interior structure of seat in solid wood. For the production of this pieces Viccarbe is using wood from certified sustainable forestry sources.
2- Woven seat structure.
3- Structure in plywood with curved back.
4- Expanded polyurethane viscoelastic foam in different densities.
5- Polyester fibre covering.
6- Fabrics or leather.
7- Height equalising legs.

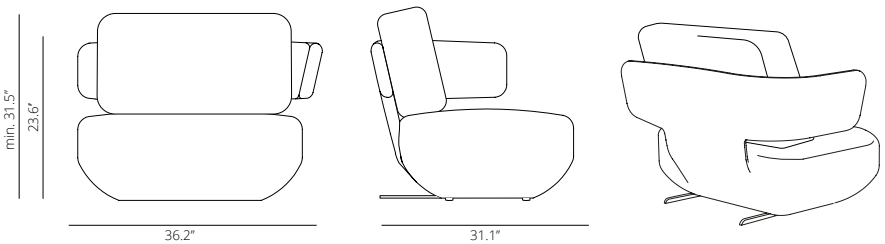

***Marked items (oc): off-Catalogue only**, see page 12.*

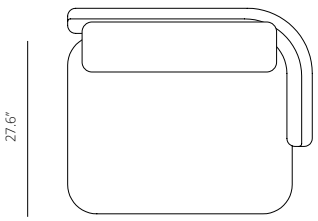

Standard ordering soon

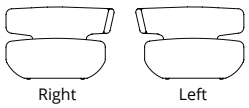

Needed fabric for material 1.53 yd wide:
Lounge chair: 4.59 yd
Sofa 59.8": 8.31 yd

Lounge chair

75 lb
(x1) 39x36.2x25.6" (0.77 yd³)

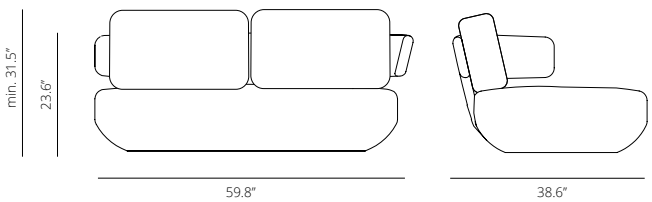

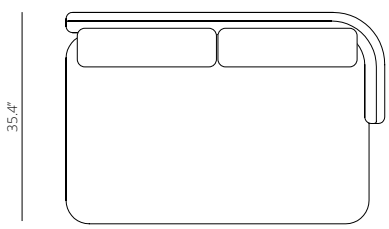

NOTE: The lounge chair will be supplied with a wide right arm (front-on-view); although it can also be made with a wide left arm (in any case it is essential that you provide us with a sketch when making the order so that no mistakes are made). The other models will be supplied with the arm in the position that is shown in each sketch.

The bench will be provided with the raised part on the right or on the left. Indicate the desired option in the order, remembering that left / right is understood by looking at the element from the front for manufacturing purposes.

Torii

BY LUDOVICA SERAFINI + ROBERTO PALOMBA

Torii

2018, BY LUDOVICA SERAFINI + ROBERTO PALOMBA

With its pure and timeless lines, Torii takes both its name and its form from traditional Japanese culture, making reference to the arches, normally found at the entrance to Shinto shrines, that embody the frontier between earthly and sacred matters.

The bench designed by Ludovica Serafini + Roberto Palomba is distinguished by its multifunctionality and use, as it is typically placed in collaborative spaces and it can also take many different possible finishes (colours, upholstery and power options).

It can be set to the same height as a chair, which means it can be used next to desks or work tables.

STAINED SEAT AND BACKREST

Structure in calibrated powder coated steel in thermoreinforced polyester in black or white.
Seat and backrest made from natural oak plywood stained with th e finishes of our collection.
Black or white injection polypropylene glides.

UPHOLSTERED SEAT AND STAINED BACKREST

Structure in calibrated powder coated steel in thermoreinforced polyester in black or white.
Seat made from plywood covered in non-deformable foamed polyurethane.
Backrest made from curved oak plywood stained with the finishes of our collection.
Black or white injection polypropylene glides.

UPHOLSTERED SEAT AND BACKREST

Structure in calibrated powder coated steel in thermoreinforced polyester in black or white.
Seat and backrest made from plywood covered in non-deformable foamed polyurethane.
Black or white injection polypropylene glides.

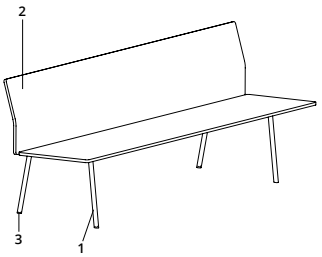

STAINED SEAT AND BACKREST WITH CUSHIONS

Structure in calibrated powder coated steel in thermoreinforced polyester in black or white.
Seat and backrest made from natural oak plywood stained with th e finishes of our collection.
Seat and backrest cushion made from 0.2” thick MDF covered in non-deformable foamed polyurethane.
There are two cushion models with different widths.
The position of the cushions on the bench is predefined by a series of set configurations.

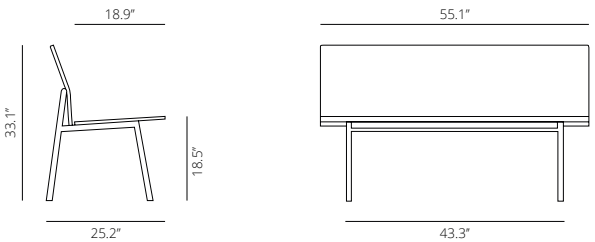

Test certificates: ANSI/BIFMA X5.4-2012 and UNE-EN 16139:2013 vc 2015

1- Structure in calibrated powder coated steel in thermoreinforced polyester in black or white.
2- Seat and backrest made from natural oak plywood stained with the finishes of our collection.
3- Black or white injection polypropylene glides.

Trestle Bench

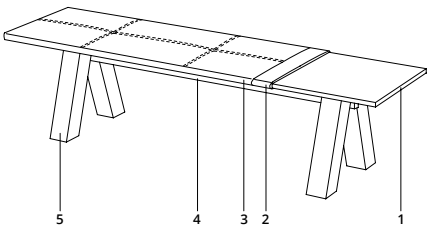

BY JOHN PAWSON

Test certificates: ANSI/BIFMA X6.4-2021

BENCH

Trestle bench, designed by John Pawson, is a modular collaborative bench with solid oak legs and an upholstered seat. Pairs well with Trestle tables.

1- Inner structure of compact wooden board.
2- Expanded polyurethane foam in different densities.
3- Fabric or leather upholstered seat with smooth or padded finish.
4- Graphite grey beam under the bench seat made of calibrated powder coated tube in thermoreinforced polyester.
5- Legs in solid oak wood with the finishes of our collection. Due to the fact that the wood used is natural, the finish may vary.
6- Black plastic glides on each leg. Adjustable for leveling on uneven floors, adjustability range: 0.75"

Needed fabric for material 1.50 yd wide:

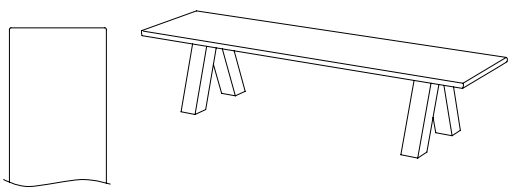

Trestle single bench smooth upholstery: 2.58 yd
Trestle double bench smooth upholstery: 4.35 yd

Trestle single bench padded upholstery: 2.31 yd
Trestle double bench padded upholstery: 4.22 yd

FINISHING OPTIONS:

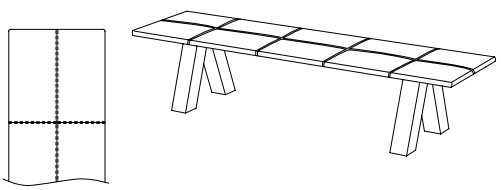

Smooth

Smooth upholstery does not have stitched seams in a quilted pattern on the bench seat. Leather is only available on the padded upholstery.

Padded

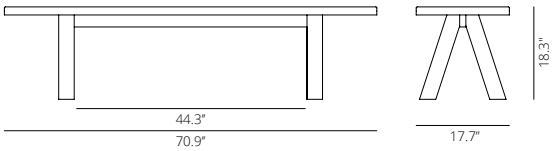

Padded upholstery has stitched seams in a quilted pattern on the bench seat. This option has wrinkles at each of the quilted seams.

COMPONENTS FOR BENCH COMPOSITIONS

Apart from those suggested, there is a possibility to create your own bench compositions. Create your own benches are a customizable solution to create endless bench lengths. Consisting of two style numbers; **end kits** (VCBTREB) and **center kits** (VCBTRCB).

For those compositions, it will be necessary to specify two end seats and central seats according to the length of the table.

Colour code:

- Create your own center kits (x2)
- Create your own end kits (x1)

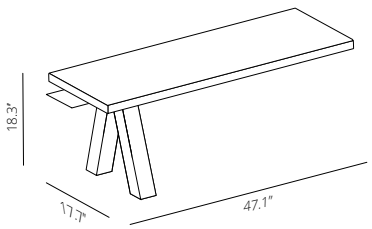

Needed fabric for material 1.50 yd wide:

Central seat smooth upholstery: 1.72 yd
Central seat padded upholstery: 1.72 yd
End seat smooth upholstery - one leg: 2.17 yd
End seat smooth upholstery - two legs: 2.17 yd
End seat padded upholstery - one leg: 2.11 yd
End seat padded upholstery - two legs: 2.11 yd

NOTE: *When building create your own compositions, it is necessary to specify a single end kit and as many center kits required to achieve the desire length.*

Create your own center kits

This center kit includes one center bench seat and one pair of legs. Create your own center kits must be specified with an end kit.

Common

2013, BY NAOTO FUKASAWA

Test certificates: ANSI BIFMA X6.4-2021

Common is a modular system of benches that work as a meeting point for collaborative spaces. It allows different settings to be created through a variety of compositions.

To give you an example, some of the most common options are pictured below at page 414.

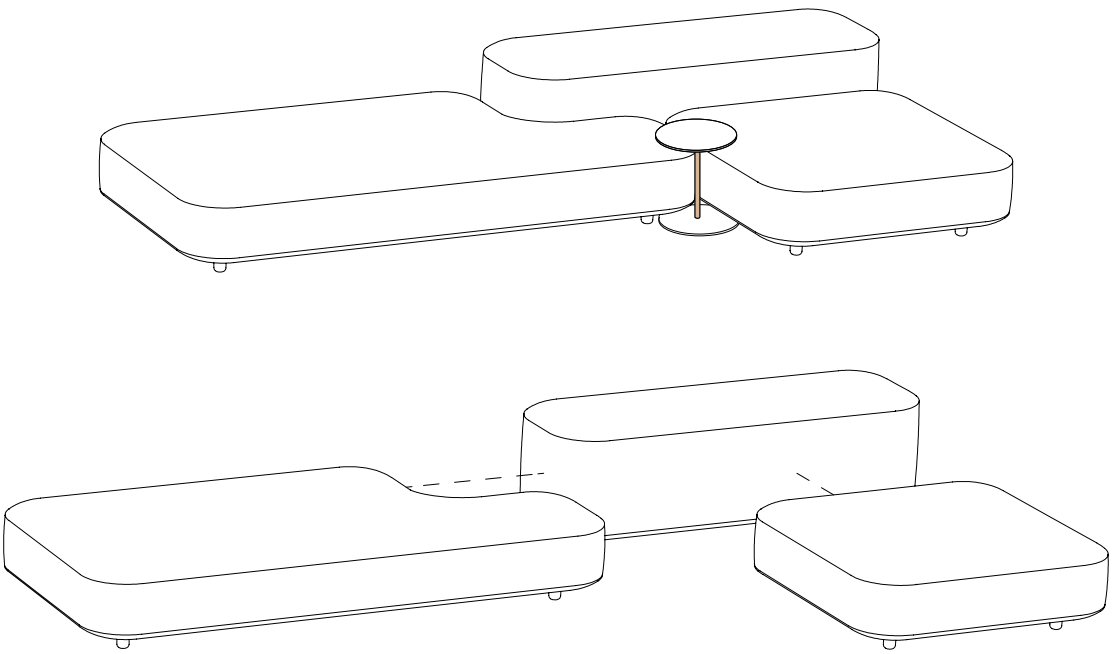

1- Interior structure in solid wood.
2- Expanded polyurethane foam in different densities.
3- Polyester fibre covering.
4- Fabric, vinyl or COM (Customer's Own Material).
5- Legs in matte varnished natural beech.

NOTE: Some technical fabrics are manufactured with different seams. Also, benches may show soft comfort wrinkles upon use.

+$12 

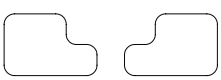

**Felt glides available. If not selected, the bench will be produced with plastic glides.*

***PLEASE NOTE!** The Common low table, crafted in Spain, follows the Standard Lead Time for delivery. See more at Order process page 12.*

Indent dimensions: 23.6" x 23.6"

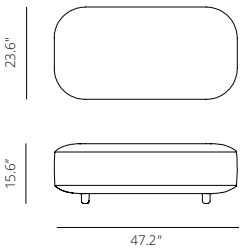

***NOTE:** Rectangle benches with indents can be used in two positions. Specify indent left- or right-facing. Left and right is understood by looking at the module straight from above.*

Common low table

2013, BY NAOTO FUKASAWA

Test certificates: ANSI/SOHO S6.5 R2013 and UNE-EN 15372:2017

SIDE TABLES

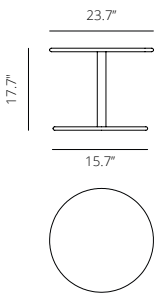

Common side table designed by Naoto Fukasawa is an auxiliary table inspired by the Japanese classics. Available in two heights, pair with common bench or specify on its own.

1- Base and top in lacquered MDF*.
2- Solid beech column, stained with matte varnish.

NOTE: There is the possibility of combine boards of different colors. In that case, always consider the price of the upper category.

***PLEASE NOTE!** The Common low table, crafted in Spain, follows the Standard Lead Time for delivery. See more at Order process page 12.*

Season Pouf

BY PIERO LISSONI

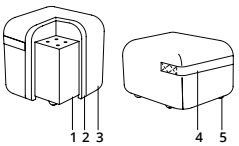

Season Pouf

2014, BY PIERO LISSONI

Piero Lissoni's successful collection grows with poufs of different dimensions, maintaining the option of incorporating his intelligent system of hidden casters - very suitable for office and educati onal spaces where agility and dynamism are paramount - as well as hi s particular strap, making it easier to move around places.

Test certificates: ANSI/BIFMA X5.4:2020 and UNE-EN 16139:2013vc2015 (for all sizes, only fixed models)

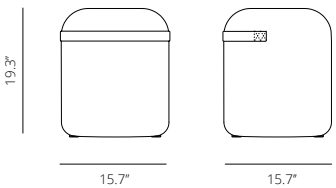

1- Interior structure in solid wood and perfored top of micropa rticles low in formaldehyde. For the production of this pieces Viccarbe is using wood from certified sustainable forestry sources.
2- Expanded polyurethane foam in different densities.
3- Fabric or leather.
4- Strap or belt produced in high-resistance technical fabric black, grey and red.
5- Hidden casters or height adjustment legs.

Needed fabric for material 1.53 yd wide:
Season Pouf 15.7": 1.6 yd

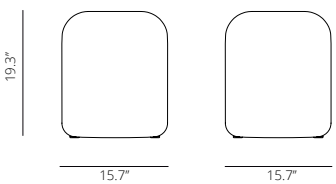

Pouf 15.7" fixed or with casters

With strap

22.5 lb
(x1) 17.7x17.7x20.9" (0.14 yd³)

Without strap

Fuste

BY VICTOR CARRASCO

Fuste

2023, BY VICTOR CARRASCO

With a warm and balanced design, Fuste is our tribute to classical architecture. It is a wooden table with fluid lines, designed by Victor Carrasco to bring warmth and friendliness to all kinds of collaborative spaces.

The collection takes its name from the essential point of connection between the base and the capital of columns, the shaft, that unmistakable architectural element since classical Greece.

Fuste is a sturdy yet visually light table, ideal as a presidential table in offices, meeting rooms, restaurants, and residential projects.

It is made with solid wood legs and an oak veneer MDF top, all stained in the finishes of the collection. As a novelty, it features a patented electrification system that hides the cables through one of its legs. Additionally, Fuste includes a height of 25.6", designed for armchairs.

NOTE: The manufacturing lead time for tables with a board length of 94.5" or longer is an additional 2 weeks compared to the normal manufacturing lead time.

Foro *NEW*

BY JOHN PAWSON

Foro

2022, BY JOHN PAWSON

Foro is our venture with designer John Pawson. A collection of minimalist tables meticulously crafted in oak, the noblest material for conveying richness, warmth and depth to any environment.
Foro can include a patented electrification mechanism that cleverly conceals the cables through the leg.

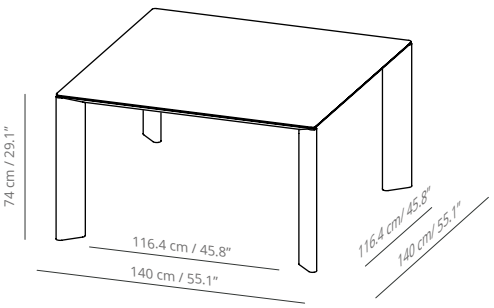

A practical complement to connect equipment and boost productivity. Made of wood, the legs of the Foro table are made of solid stained oak, joined by a stained oak frame like the legs. The tabletop is made from oak and stained to match the legs in the finishes of the collection.

Cambio NEW

BY VICTOR CARRASCO

Cambio

2022, BY VICTOR CARRASCO

The Cambio collection is defined by a fluid, sculptural base that transitions from a square shape to a circular one. This family of tables is available in several heights and dimensions, incorporating one, two, or three bases in its larger formats.

This flexibility allows each configuration to adapt to a variety of settings —from private environments to workspaces or residential interiors— always enhanced by its geometric and minimal aesthetic.

The table's clean, sculpted lines, shaped by its rotomolded polyethylene base available in white, black, or taupe, reinforce its versatile character, further enriched by the option of a 100% natural European bovine leather finish in all the colors of our collection. This exclusive upholstery lends the Cambio table a sober and distinguished presence, allowing each configuration to harmonize with a wide variety of interior concepts.

All bases can be combined with the different tabletops available. The top may be crafted in lacquered technical micro-textured MDF in the colors of our collection, or in polished natural oak veneer. It can also be produced in high-resistance materials suited for intensive use, such as HPL over MDF, melamine, or compact laminate. For selected dimensions, the collection also incorporates marble tabletops. Available in White Carrara or Green Alpi with a honed finish, this natural material introduces an additional layer of richness and refinement to Cambio's clean geometric language.

The option to integrate electrification systems into all tabletop formats provides this table with the functionalities required for both individual and shared work environments.

Marked items (oc): off-Catalogue only.

Standard ordering soon

THICKNESSES AND TYPES OF BOARD EDGES:

MDF (stained / laquered)

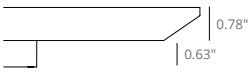

Melamine

Compact

Marble *NEW*

The total size of the compact and melamine tabletops may vary by ±0.4".

Marble has a number of characteristics inherent to the material that should be considered before placing an order. Please read all marble-related terms in the general sales conditions at the beginning of this document.

⚠ *The 3- and 5-meter marble tops are made of two pieces joined at the center, resulting in different visual outcomes depending on the length of the model.*

3-meter model – Continuous pattern
Both halves are cut from a single marble slab, allowing for continuous veining across the surface and creating a harmonious, seamless appearance.

5-meter model – Bookmatched pattern
The tabletop is made from two adjacent slabs cut from the same marble block. The veining mirrors itself at the center, creating a symmetrical and striking visual effect known as bookmatching.

NOTE 1: *The production time for marble tables or those with a tabletop length of 94.5'' or more is an additional 2 weeks compared to the normal production time.*

⚠ *Marble requires special care due to its natural properties. It is essential to consult the **maintenance manual** available on our website.*

⚠ *All marble tops are treated with a water-based protective coating that gives the natural stone high and long-lasting stain-resistant properties. This protection typically lasts between 3 & 5 years, depending on the use and exposure conditions of the tabletop.*

⚠ *Due to its weight and fragility, the marble top is shipped in specialized packaging designed to ensure safe transport. This includes an impact detector label that allows verification of whether the delivery has been handled properly.*

If the indicator shows any red coloring*—whether partial or full—this may indicate that the package has suffered an impact during transit. In such case, the delivery must still be accepted, but its note must clearly state: "Impact indicator is red."*

Before opening the packaging, take a photo of the red indicator. Then, open the packaging and inspect the product within 24 hours of receipt. If any damage is detected, take detailed photos of the affected areas with the product still in its original packaging and contact Viccarbe's after-sales team, attaching both the product images and the photo of the impact label.

NOTE 2*: We offer the possibility of shipping the tables without the counterweight. However, the tables can only be installed with the recommended counterweight. For more detailed information, please contact the Sales Department.*

ACCESSORIES & POWER OPTIONS

For the different table tops, we offer the possibility of installing the following accessories and power options. The drawings with the location of the accessories need the approval of the technical department.

Round power kit

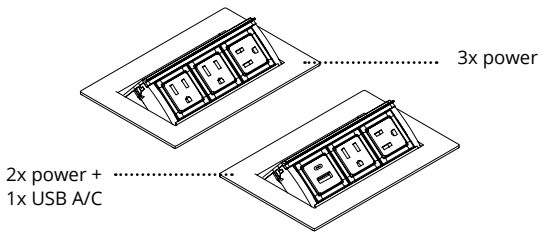

FINISHES	PUBLIC PRICE		
4013 Silver/Black 4242 Milk Smooth 4710 Low Gloss Black 4180 Graphite Matte	1 power unit	2 power	$508
		1 power + 1 USB A/C	$608

The round surface power module is available as an option on 29.1" height tables, but only for single-base tables, located in the center of the tabletop, in two configurations. In this setup, the cables are managed through the center of the base and out the bottom of the base.

The power infeed is a **cord and plug** and round modules have 57" of cord on 29.1" height tables and 44" of cord on 41.3" height tables.

Square power kit

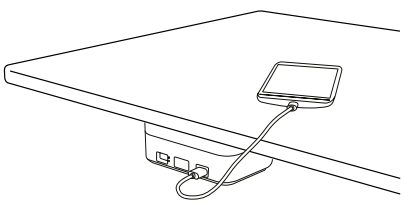

FINISHES	PUBLIC PRICE		
4242 Milk Smooth, 4710 Low Gloss Black, 4799 Platinum Metallic	1 power unit	3 power	$598
		2 power + 1 USB A/C	$708
	2 power units	3 power	$1.031
		2 power + 1 USB A/C	$1.278

The square surface power is available in **two configurations** for double and triple base tables, where the cables are managed under the table top to a base and then out the bottom of the base.

The power infeed is a **cord and plug**. Square modules have 57" of cord on 29.1" height tables and 44" of cord on 41.3" height tables. When there are **multiple square power modules**, they are chained together and have one plug.

Wire management kit is included. Kit includes clips, screws, and velcro straps to route cord under the table top and down the base.
Power is field-installed.

Solar

POR MARC KRUSIN

Solar

2021, POR MARC KRUSIN

Test certificates: ANSI BIFMA X5.4-2020 and UNE EN 16139:2013vc2015

Solar is a disruptive table concept designed by Marc Krusin, which opens up new ways of working and collaborating. It consists of a table with an integrated seat, which rotates according to the user's needs, ensuring collaboration but also privacy. The structure is made of steel. The table is made of MDF board or compact with the finishes of our collection and the seat can be upholstered in any of the fabrics from our collection. It also includes a small hook, located under the tabletop, so that the user can keep their belongings close at all times. The maximum load for this hook is 15 kg.
A new concept of versatile table, suitable for public areas, offices, educational environments such as schools or universities, restaurants and coworking spaces.

Maarten

BY VICTOR CARRASCO

Maarten

2014, BY VICTOR CARRASCO

Test certificates: UNE-EN 527-1:2011, UNE EN 527-2:03, UNE-EN 527-3:03 and ANSI BIFMA x5.5:2014 (table height 29.1'').

Maarten is a collection of tables and complements that allows m any compositions and finishes.

The legs, which come in heights of 11.8'' or 29.1'', are made from calibrated steel, powder coated in thermoreinforced polyester. Available in white, black, taupe or combined, or a stained oak veneer with the finishes of our collection.

The 1.2'' thick cover or work surface is made with microtextured MDF. It is lacquered with one of our collection's finishes. It also comes with a solid oak veneer, stained in matte, bleached, walnut, cognac or ash. Available in high resistance materials such as HPL with MDF for heavy contract use.

NOTE: Due to the fact that the wood used is natural, the finish may vary.

THICKNESSES AND TYPES OF BOARD EDGES:

For more information about the variety of table tops, see page 20.

IMPORTANT: please indicate with a drawing, the situation of each table, especially when combined with the support container or added accessories, along with the order to avoid confusion. Always remember that the right or left denomination always means facing the element. The more information you attach to **the order, the less chance of error.**

WIRE MANAGEMENT

Wire management leg

CODE		FINISHES		PUBLIC PRICE
-	MAAPMER	lacquered	white, black or taupe	$236

The Maarten table allows the possibility to manage the wiring so that it is hidden and integrated into the table. For this purpose, the cable management leg (MAAPMER) is available as an option.

The leg allows up to 4 cables to be routed inside the table down to the floor.

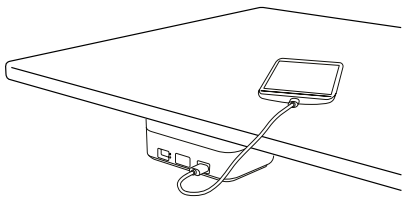

Wire management metal leg.

ACCESSORIES & POWER OPTIONS

For the different table tops, we offer the possibility of installing the following accessories and power options. The drawings with the location of the accessories need the approval of the technical department.

USB hub with battery

2.35 lb

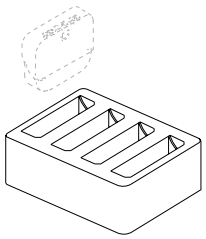

(x1) 13x10.2x4.3" (0.01 yd³)

CODE		FINISHES	PUBLIC PRICE
VCBMAAELBC	MAAEL-BC	grey	$805

USB hub with two USB device charging ports without being plugged into electric current.

MAAEL-BC: Built-in double USB-A + USB-C. Fast charging suitable for laptops. USB type-C cable required to charge the battery is not included. Includes magnetic key to remove the station from its support.

Battery charging tray

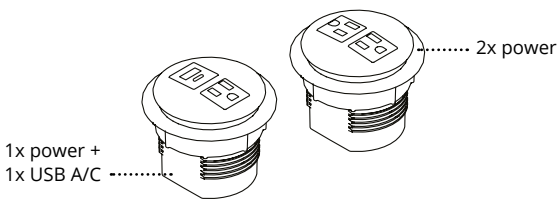

2.2lb

(x1) 15.7x7.9x9.8" (0.03 yd³)

CODE		FINISHES	PUBLIC PRICE
-	MAAEL-C	grey	$805

Battery charging tray. Charges up to four stations simultaneously in 7 hours. Socket available for USA, UK and EU.

Round power kit

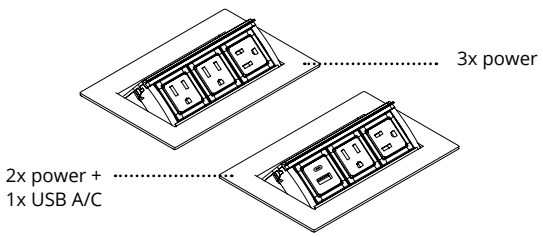

FINISHES	PUBLIC PRICE		
4013 Silver/Black 4242 Milk Smooth 4710 Low Gloss Black 4180 Graphite Matte	1 power unit	2 power	$508
		1 power + 1 USB A/C	$608

The round surface power module is available as an option on 29.1" height tables, but only for square tables, with or without casters, located in the center of the tabletop, in two configurations.

The power infeed is a **cord and plug** and round modules have 57" of cord on 29.1" height tables.

Square power kit

FINISHES	PUBLIC PRICE		
4242 Milk Smooth, 4710 Low Gloss Black, 4799 Platinum Metallic	1 power unit	3 power	$598
		2 power + 1 USB A/C	$708
	2 power units	3 power	$1.031
		2 power + 1 USB A/C	$1.278

The square surface power is available in **two configurations** for rectangle, oval and return tables, with or without casters.

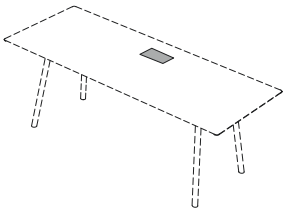

The power infeed is a **cord and plug** and square modules have 57" of cord on 29.1" height tables. When there are **multiple square power modules**, they are chained together and have one plug.

Wire management kit is included. Kit includes clips, screws, and velcro straps to route cord under the table top and down the base.
Power is field-installed.

Burin *NEW*

BY PATRICIA URQUIOLA

Burin

2018, BY PATRICIA URQUIOLA

The Burin collection pays tribute to traditional woodworking tools. Defined by the unmistakable silhouette of its base, this versatile family spans a wide range of heights and dimensions, shifting from one to two or even three bases in its larger formats.

Its rotomolded polyethylene base is available in white, black, or taupe, as well as in 100% natural European bovine leather in all the colors of our collection—an exclusive finish that lends the table a sober, distinguished character and allows each configuration to adapt to a wide variety of interior settings.

All bases can be paired with any of the tabletops available in the collection, comprising up to five materials with an extensive selection of finishes. The top may be crafted in lacquered technical micro-textured MDF in the colors of our collection, or in polished natural oak veneer.

It can also be produced in high-resistance materials suited for intensive use, such as HPL over MDF, melamine, or compact laminate. For selected sizes, the collection includes a marble option, a natural material of exceptional quality and beauty. Available in honed white Carrara or Alpi green, this tabletop brings a distinctive presence to a piece with a strong and expressive personality.

The option to integrate electrification systems into all tabletop formats provides this table with the functionalities required for both individual and shared work environments.

EPD INTERNATIONAL EPD SYSTEM

Burin table has EPD available. Access the full collection of EPDs at ***environdec.com***

THICKNESSES AND TYPES OF BOARD EDGES:

MDF laquered / stained | HPL with MDF

Melamine

Compact

Marble

The total size of the compact and melamine tabletops may vary by ±0.4''

Marble has a number of characteristics inherent to the material that should be considered before placing an order. Please read all marble-related terms in the general sales conditions at the beginning of this document.

⚠ *The 3- and 5-meter marble tops are made of two pieces joined at the center, resulting in different visual outcomes depending on the length of the model.*

3-meter model – Continuous pattern
Both halves are cut from a single marble slab, allowing for continuous veining across the surface and creating a harmonious, seamless appearance.

5-meter model – Bookmatched pattern
The tabletop is made from two adjacent slabs cut from the same marble block. The veining mirrors itself at the center, creating a symmetrical and striking visual effect known as bookmatching.

NOTE 1: *The production time for marble tables or those with a tabletop length of 94.5'' or more is an additional 2 weeks compared to the normal production time.*

⚠ *Marble requires special care due to its natural properties. It is essential to consult the* ***maintenance manual*** *available on our website.*

⚠ *All marble tops are treated with a water-based protective coating that gives the natural stone high and long-lasting stain-resistant properties. This protection typically lasts between 3 & 5 years, depending on the use and exposure conditions of the tabletop.*

⚠ *Due to its weight and fragility, the marble top is shipped in specialized packaging designed to ensure safe transport. This includes an impact detector label that allows verification of whether the delivery has been handled properly.*

If the indicator shows any red coloring*—whether partial or full—this may indicate that the package has suffered an impact during transit. In such case, the delivery must still be accepted, but its note must clearly state: "Impact indicator is red."*

Before opening the packaging, take a photo of the red indicator. Then, open the packaging and inspect the product within 24 hours of receipt. If any damage is detected, take detailed photos of the affected areas with the product still in its original packaging and contact Viccarbe's after-sales team, attaching both the product images and the photo of the impact label.

NOTE 2*: We offer the possibility of shipping the tables without the counterweight. However, the tables can only be installed with the recommended counterweight. For more detailed information, please contact the Sales Department.*

ACCESSORIES AND POWER OPTIONS

For the different table tops, we offer the possibility of installing the following accessories and power options. The drawings with the location of the accessories need the approval of the technical department.

Round power kit

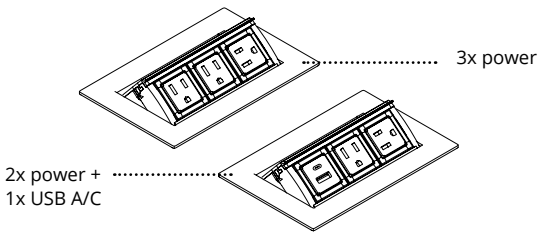

FINISHES	PUBLIC PRICE		
4013 Silver/Black 4242 Milk Smooth 4710 Low Gloss Black 4180 Graphite Matte	1 power unit	2 power	$508
		1 power + 1 USB A/C	$608

The round surface power module is available as an option only for single-base tables, located in the center of the tabletop, in two configurations. In this setup, the cables are managed through the center of the base and out the bottom of the base.

The power infeed is a **cord and plug** and round modules have 57" of cord on 29.1" height tables and 45" of cord on 40.2" height tables.

Square power kit

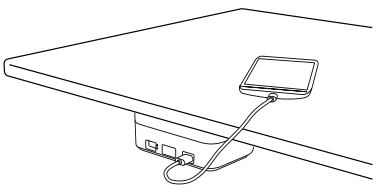

FINISHES	PUBLIC PRICE		
4242 Milk Smooth, 4710 Low Gloss Black, 4799 Platinum Metallic	1 power unit	3 power	$598
		2 power + 1 USB A/C	$708
	2 power units	3 power	$1.031
		2 power + 1 USB A/C	$1.278

The square surface power is available in **two configurations** for double and triple base tables, where the cables are managed under the table top to a base and then out the bottom of the base.

The power infeed is a **cord and plug**. Square modules have 57" of cord on 29.1" height tables and 45" of cord on 40.2" height tables. When there are **multiple square power modules**, they are chained together and have one plug.

Wire management kit is included. Kit includes clips, screws, and velcro straps to route cord under the table top and down the base.

USB hub with battery

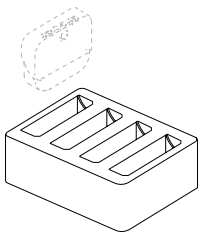

2.35 lb
(x1) 13x10.2x4.3'' (0.01 yd³)

CODE		FINISHES	PUBLIC PRICE
VCBBUELBC	BUEL-BC	grey	$805

USB hub with two USB device charging ports without being plugged into electric current.

BUEL-BC: Built-in double USB-A + USB-C. Fast charging suitable for laptops. USB type-C cable required to charge the battery is not included. Includes magnetic key to remove the station from its support.

Battery charging tray

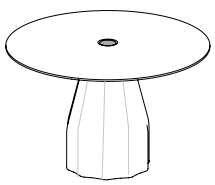

2.2lb
(x1) 15.7x7.9x9.8" (0.03 yd³)

CODE		FINISHES	PUBLIC PRICE
VCBBUELC	BUEL-C	grey	$805

Battery charging tray. Charges up to four stations simultaneously in 7 hours. Socket available for USA, UK and EU.

Cut out

CODE		PUBLIC PRICE
-	BUMEC	$344

Tabletop custom cut out. The price is per number of pieces of the tabletop when using Viccarbe electrification. With customer's electrification, the price is per each cut out.

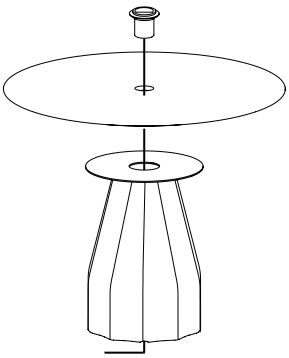

NOTE: Check number of tabletop pieces at next page where power position options are described.

POWER POSITION OPTIONS

See below for all standard power locations:

SINGLE BASE TABLES

One centered round power module.

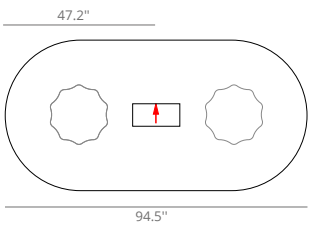

DOUBLE/TRIPLE BASE TABLES

One centered square power module.
Two centered square power modules, one direction.

Trestle

BY JOHN PAWSON

Test certificates: ANSI/BIFMA X5.5-2021, ANSI/BIFMA X6.5-2022

The elegance of Pawson surprises us once again with this immense table and bench of exquisite proportions, for tables 29'' height and 41'' standing height.

Stained solid oak or painted metal legs. Wood legs are composed of natural materials that will show color and grain variance.

Table legs are spaced 44.3" apart. Outside legs are positioned 10.6" to 23.7" from the edge, based on specified width.

Table top is available in two different depths (36" and 48") and modular width sizes ranging from 72" to 240":

· Table top surface is 1.2" thick with an exposed knife-edge, which gives the appearance of a thinner top of .2" thick and tapers down to 1.2". Knife edge is clear coated.

· Tops are available in High-Pressure Laminates and oak wood veneer.

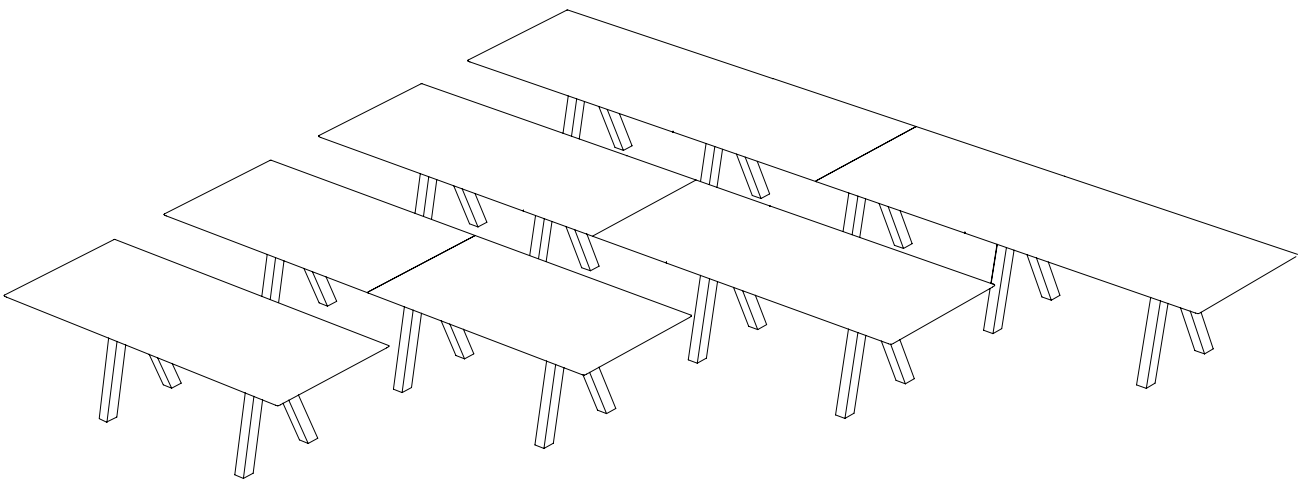

· Multi-piece tops will occur when then top is larger than 120" width. The top will be split into two equal sections that ship with connecting hardware.

Adjustable black plastic glides for leveling on uneven floors with an adjustment range of 0.75".

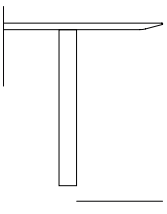

THICKNESSES AND TYPES OF BOARD EDGES:

WIRE MANAGEMENT

Trestle table allows the possibility of managing the wiring so it is kept hidden and integrated in the table. We offer the option of installing the wire management tray (VCBTRWMT) and the leg cable cover (VCBTRCC).

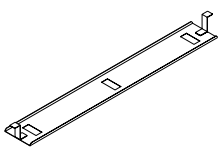

The wire management tray allows to pass the wires from the bottom of the table top to the leg and the leg cable cover allows to canalize up to 6 wires until reaching the floor.

Metal leg cable cover

Wire management tray

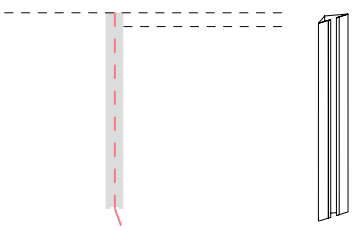

STYLE NUMBER	FINISHES	PUBLIC PRICE
VCBTRWMT	6000 Black	$229

The wire management tray is retrofittable and spans between each set of legs on the underside of the table. When specified with cable tray, tables will come with one tray per leg spacing. The tray houses the MhoB power box and manages cables. Cables can route out of the tray through the side access holes.

NOTE: Cable tray is automatically painted black to match the understructure of the table.

Leg cable cover

STYLE NUMBER	FINISHES	PUBLIC PRICE
VCBTRCC	Accessory, smooth or textured paint	$229
	Accent paint or lux coatings	$318

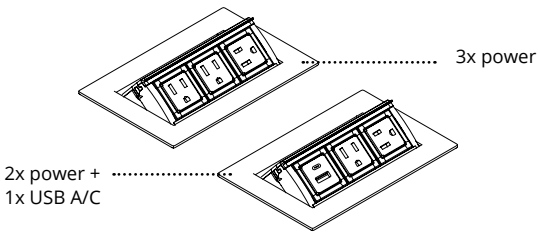

Leg cable cover is an optional accessory for wire management. The cable is specificable in matching or contrasting paint colors from the legs. The cable cover hides and routes the power infeed cord from the cable tray, down the length of any leg, and to a power outlet. Only one cable cover is necessary per table.

NOTE: Leg cable cover attaches with magnets and is applicable for both metal & wood legs. It is available in 29" and 41" heights.

POWER OPTIONS

Surface Power offers a seamless pop-up power solution designed for flexibility and functionality, available in **two configurations** and **three color options.**

Power kit

STYLE NUMBER	FINISHES	PRICE PER POWER UNIT	
		3 POWER	2 POWER + 1 USB A/C
VCBTRPWR	4242 Milk Smooth, 4710 Low Gloss Black, 4799 Platnium Metallic	$458	$572

The power kit is **centrally located** on the tabletop, ensuring an equal distance between the table legs for a balanced and accessible design.

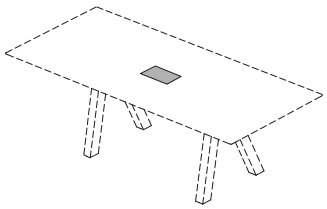

The power infeed is a **cord and plug system**, with seated-height tables featuring a 57-inch cord, while standing-height tables are equipped with a 45-inch cord.

For tables with **multiple power modules**, this system is thoughtfully engineered so the modules are chained together, requiring only a single plug for efficient connectivity.

POWER UNIT QTY PER TABLE WIDTH	
72" - 96"	1 power unit
120" - 144"	2 power units
168" - 192"	3 power units
216" - 240"	4 power units

NOTE: When power configuration is specified, that configuration will be applied to all units in the kit. Eight power units is the maximum number of accessories that can be ganged together with a single infeed. Each power kit includes one infeed.

Cut out

CODE		PUBLIC PRICE
-	TRMEC	$344

Tabletop custom cut out. Each cut out is 12.59" x 5.90". The price is per number of pieces of the tabletop when using Viccarbe electrification. With customer's electrification, the price is per each cut out.

Vetona *NEW*

BY RUBÉN MATEOS BREA

Vetona

2026, BY RUBÉN MATEOS BREA

The Vetona side table, designed by Rubén Mateos Brea, emerges from the intersection of creative sensitivity and industrial expertise. Through a contemporary and decontextualized approach, it integrates the bench vise—along with other technical details such as exposed screws—to create a piece defined by a clear dialogue between material and narrative.

Conceived to accompany new work and social environments, it functions as a support surface alongside sofas or lounge chairs, adapting to dynamic uses. Its wooden top brings warmth in contrast to the technical expressiveness of the base. The adjustable height further enhances its versatility.

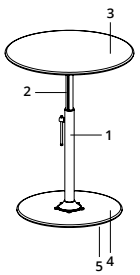

***Off-Catalogue collection only**, see page 12.*

Standard ordering soon

PLEASE NOTE! Maximum load capacity: 44.1lb. This table is not designed to be sat on. Improper use of the product will void its warranty.

LOW TABLE

1- Metal structure with lacquered finishes from our collection, combined with aluminum and polished steel.
2- Height adjustment mechanism operated by a gas lift system.
3- Upper tabletop in compact laminate Soft Touch by Fenix in black or white or in finger-jointed solid oak, stained in the finishes from our collection.
4- Lower surface available in black or white compact, or in finger-jointed solid oak, stained in the finishes from our collection.
5- Glides available with or without felt.*

Trino

BY ELISA OSSINO

Trino

2020, BY ELISA OSSINO

The close relationship between Elisa Ossino and geometry is translated to the Viccarbe collection thanks to a new range of side tables.
Trino is born with a sculptural soul and stage vocation, with the inherent elegance of a design capable of expressing and complementing all types of interiors. The Ossino tables are also easy to move thanks to a handle available in three different finishes: metal, solid oak and marble.

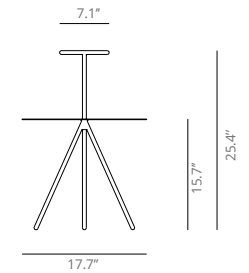

Function and form meet again on this occasion to promote conversation between objects and space.

NOTE: Due to the fact that the marble and wood used is natural, the finish may vary.

Top and base in calibrated steel structure powder coated in thermoreinforced polyester in single-color black.

Available with three different types of handle:
- T-shaped model in calibrated steel powder coated in thermoreinforced polyester.
- Solid oak sphere model stained in natural matte finish.
- Marble sphere model in Indian Green color.

Aleta

BY JAIME HAYON

Aleta

2018, BY JAIME HAYON

Test certificates: UNE-EN 15372:2017 and ANSI/SOHO S6.5:2008 (R2013)

Calibrated steel structure with brass finish or powder coated in thermoreinforced polyester in white, black or taupe.

Table top available in different measures, materials and thickness:
- 0.1" lacquered technical micro-texturised MDF top in all the finishes of the collection, bevelled on both sides of the top.
- Melamine (LPL) thickness 0.74" with 0.06" PVC edge, in black or white.
- 0.47" thick compact laminated table top. The edge can be in black or white. With a black edge, the surface of the tabletop is black, white, beige or carob; for a white edge, it is white.

NOTE 1: The height of the table varies according to the thickness of the different table tops. The height indicated below refers to the MDF table.

***Marked items (oc): off-Catalogue only**, see page 12.*

BURIN MINI

The model tested complies satisfactorily with specifications of standard UNE EN 15372:08, according to the following tests:
Safety. General requirements and shear and squeeze points.
Horizontal static load.
Vertical static load.
Horizontal fatigue.
Vertical fatigue, cantilever or pedestal tables.
Vertical impact for tables without glass.

NAGI high lounge chair

The model tested complies satisfactorily with specifications of standards UNE EN 16139:13, according to the following tests:

General requirements for safety.
Front roll-over stability.
Rear roll-over stability.
Stability roll-over in rocking chairs.
Static on seat load.
Load static on the front edge of the seat.
Durability of the seat and backrest.
Durability of the front edge of the seat.

FINISHING PROCESS white (smooth)

The tested finishing system fulfils the requirements in the standards UNE 89401-1 and UNE 89401-3 to be used as a finishing system.

FINISHING PROCESS white (microtextured)

The tested finishing system fulfils the requirements in the standards UNE 89401-1, UNE 89401-2 and UNE 89401-3 to be used as a finishing system.
