For Canadian Pricing
Canadian factor can be found at steelcase.com/CADpricing.
Calculate in the following order to avoid rounding errors:
• Multiply the base price and each option by the Canadian factor.
• Round each to the nearest dollar.
• Add base and options for total list price.
Ordering and Warranty

How to Order

Coalesse furniture is available through authorized dealers and retailers. Select products are available for order from our web site. The authorized dealer can help you with everything from surface material selection and order placement, to specialized services, such as space planning and design, delivery and installation. Best of all, they are part of your local community, providing expert advice with a thorough understanding of local needs. For more information and a listing of dealers and retailers, visit www.coalesse.com or call 1.800.627.6770.

Coalesse reserves the right to limit distribution of any or all models.

Credit, Prices, and Terms

Credit may be established upon acceptance of satisfactory references. For payment terms, contact Coalesse’s Credit Department. Coalesse may cancel or change credit terms at its discretion and may request advance payment at any time.

The order confirmation will be deemed by the customer and by Coalesse, as the final expression of agreement and will be deemed the exclusive statement of terms. The order confirmation supersedes all prior writings and may not be modified or rescinded, except by a revised Coalesse order confirmation signed by the customer. No changes are binding on Coalesse until delivery of the order confirmation. Any storage charges and applicable sales taxes are in addition to the prices shown for merchandise. Inside delivery, uncartoning and installation are customer’s responsibility unless separately quoted. All list pricing shown includes freight prepaid to one destination for delivery in the 48 contiguous United States, Hawaii and Alaska are not included. We reserve the right to increase prices without notice due to increases in labor and material costs. If timely payment is not made, customer is liable for reasonable collection costs, including attorney’s fees.

Shipping and Storage

Coalesse reserves the right to select carrier and packaging method. Partial shipments may be delivered. Coalesse is not liable for delays or delivery failure due to strikes, lockouts, labor, or transportation difficulties, failure or delay of supply sources, accidents, fire, acts of God, or any other cause of like or unlike nature beyond Coalesse’s control. Coalesse may transfer merchandise to storage if not accepted when shipment scheduled. Transfer and storage charges will be the customer’s expense. Coalesse’s invoice is payable upon transfer. If transfer is made prior to confirmed shipping date, storage expenses will be borne by customer.

Shipping charges MAY be calculated per order. Lead times vary by product. Coalesse reserves the right to select carrier. Partial shipments may be delivered. Coalesse will make every effort to provide current and accurate lead time information, however, Coalesse is not liable for delays or delivery failure due to strikes, lockouts, labor, or transportation difficulties, failure or delay of supply sources, accidents, fire, acts of God, or any other cause of like or unlike nature beyond Coalesse’s control.

Freight is included on domestically manufactured products within the 48 contiguous states of the United States and standard freight service of Carl Hansen & Son and Emu.

Claims

Merchandise shipped from Coalesse is thoroughly inspected and properly packed before leaving the factory. Responsibility of its safe delivery is assumed by the carrier at the time of shipment. Customer must match the freight delivered with the bill of lading. Customer must examine packaging material upon delivery and note any damage on the carrier bill of lading. If there is damage to the packaging material, inspect the furniture immediately. If concealed damage is found, contact the carrier within 10 days of delivery date. Save all packaging materials until after inspection.

Freight damage and claims must be reported by the purchaser to the carrier. Coalesse is not responsible for freight claims. Claims for loss or damage must not be deducted from our invoice, nor payment withheld awaiting adjustment of such claims. Do not return any merchandise to Coalesse without a Return Authorization number.

By following these procedures carefully, Coalesse guarantees our full support of your claims to protect you against loss or damages. All claims against Coalesse for errors or shortages must be made by customer in writing within fifteen (15) days after delivery. Failure to make claims within fifteen (15) days constitutes acceptance of merchandise and waives claims. Cutting of textiles deems acceptance of yardage and waives all defects, errors, and shortages. Coalesse is not liable for subsequent damages.

Special/Custom Products

Coalesse prides itself on being responsive to our customer’s needs. Contact our Customer Service team at 1.800.627.6770 to discuss a special opportunity. Due to product modifications and engineering time, special orders may not be cancelled. Charges will apply.

FOR MORE INFORMATION (on ordering our products)
Please contact Coalesse Customer Service at: 1.800.627.6770.

Coalesse Seating and Outdoor Specification Guide

Steelcase
April 2020
Order Cancellations/Changes
- All order change/cancellation requests must be submitted using the Coalesse order change/cancellation request form. Late changes could jeopardize the committed delivery of an order.

Coalesse Rapid10 programs no change or cancellations allowed.

Coalesse Products:
- No charges will be assessed for change or cancellation 14 or more calendar days prior to the manufacturing completion date (excludes holidays and/or large quantity project size orders). For import products, charges may apply.
- No manufacturing changes are allowed 0-13 calendar days prior to the manufacturing completion date. Simple changes including shipping address changes are subject to approval but will be accommodated when possible.
- No cancellations or product changes will be accepted for quick ship or special/custom product orders including special laminates. A cancellation fee will be applicable for any custom product and/or change may jeopardize lead time.
- If COM/COL has been received at time of change or cancellation, it is the dealer’s responsibility to advise disposition or return of materials. Coalesse will not store materials after 30 days.

Additional Charges
- Changes or cancellations that involve any of the following may be subject to a charge earlier and/or greater than shown above: Special engineering product, CSM, pre-ordered components, materials with extended lead times (e.g., veneers, special paint, etc.) or large quantities of standard materials.
- Use our Order Change/Cancellation Request Form for all order changes. It is Coalesse responsibility to accurately process change order requests. It is the dealer’s responsibility to verify that we have accurately interpreted your change requests by checking the acknowledgement after the change has been made. If you do not use the web-based change order form process and an error occurs during our translation which cannot be corrected prior to ship, all costs will be shared on a 50/50 basis. Changing ship dates or adding product to your order is subject to the availability of manufacturing capacity.
- Cartoning changes and shipping address changes are subject to approval and to a change charge. Please consult your Customer Service for specific information pertaining to your order.

Reserved Fabric Policy
Prior to order receipt, reserving textiles (COM/COL, Maharam, DesignTex, and select Luna Graded-In) is the responsibility of the dealer. Coalesse cannot reserve textiles based on projected orders. Coalesse cannot guarantee Maharam or DesignTex fabric availability. If dealer reserves Maharam or DesignTex textiles, Coalesse will require the reserve number and zip code for locating purposes when ordering.

Schedule Enhancements
Coalesse will entertain schedule enhancements on a case-by-case basis; however, please understand that we must receive complete information such as installation date, opening date in order to make informed scheduling decisions.

No order move-ups or move-outs are allowed on any order that falls within the 15-working day period of its manufacturing completion date. If it is within the 15-working day period, Coalesse will invoice at shipment but may offer storage options at a charge for manufactured product.

Rapid10
The Coalesse Rapid10 program provides a broad selection of our most popular seating, outdoor furniture, and tables with expedited manufacturing. To view and specify products that are included in the Coalesse Rapid10 program, please refer to the Quick Ship Guide. The comprehensive Coalesse offering in this program can easily provide a range of solutions for any setting. Coalesse Rapid10 is designed for clients whose needs require fast delivery of products. All products are made-to-order and ship in 10 business days and typically deliver within 15 business days.

Warranty
For warranty information, please go to http://www.coalesse.com/warranty/.
As our understanding of sustainability evolves in the contract furniture business, Coalesse is being launched on three important fronts: responsibly harvested woods, better ways of plating metal, and manufacturing for the highest level of durability. To ensure all new products are socially responsible, we have engaged the “cradle-to-cradle” design consultancy, MBDC, to advise us and provide third-party analysis of the materials and processes we use to create our products. As Coalesse grows, social responsibility will be an essential part of our decision-making, from design to disposal. We believe that our success on the environmental front will be built on the accumulation of a multitude of small steps and the occasional big leap. We are starting with a green outlook and we have every intention of growing greener.

**SCS Certifications**
For SCS/IAQ and level certifications, please go to http://www.coalesse.com/products/. Click on a product category, then click on product line for desired certification. Look under Professional Resources, then find Environmental Profile to find certification(s), if available.

**Chrome: A New Alternative to Metal**
Chromed steel is a mainstay of the contract furniture industry because it is considered a premium finish with high durability. But depending on the type of chrome processing used, it can have a detrimental impact on human and environmental health. The most common method of chrome plating uses hexavalent chrome, a known carcinogen and considered by MBDC in their color-coded rating system (green, yellow, red), to be a “hard-red” chemical. There are no health hazards associated with chrome once it has been applied, but the hexavalent chrome electroplating process can be hazardous.

Is there an alternative? Coalesse is opting for a safer method of plating and has partnered with a domestic supplier who uses only “trivalent” chrome, a non-carcinogenic form of the metal. Few, if any, metal finishing processes are without environmental challenges, and chrome is no exception. Working with the best technology currently available, we will continue to seek new and better alternatives.

**Building to Last**
Building longevity into products is an important sustainability strategy. A chair or table that lasts for 50 or 100 years or more will not have to be replaced, saving the materials and finishes and embodied energy from being duplicated in another form. Coalesse is quality furniture designed to outlast its buyers. We hold up Hans Wegner designs as the model of longevity—pieces manufactured a generation ago are still prized possessions today. Our hope is that every piece in our collection appreciates in value over the years, so it will be passed on.

**Ongoing Audits**
As the Coalesse collection grows, our intention is to live by the cradle-to-cradle (C2C) philosophy described by MBDC this way: “Instead of designing cradle-to-grave products, dumped in landfills at the end of their ‘life,’ the goal is create products for cradle-to-cradle cycles, whose materials are perpetually circulated in closed loops. Maintaining materials in closed loops maximizes material value without damaging ecosystems.” Coalesse has contracted MBDC to audit the materials used in the majority of our existing products, and to advise us as we develop new products. We intend to achieve Cradle to Certification on the highest percentage of products possible. As Coalesse grows, social responsibility will be an essential part of our decision-making, from design to disposal. We believe that our success on the environmental front will be built on the accumulation of a multitude of small steps and the occasional big leap. We are starting with a green outlook and we have every intention of growing greener.

The Await lounge system is the perfect solution for a variety of settings. Its staggered ganging capabilities offer versatility and functionality in transforming spaces.

Tip: This product line is a collection and will be found in multiple locations in this specification guide and/or Coalesse Tables, Storage, and Accessories Specification Guide.

See Collections, page 5.

Upholstery features a topstitch detail.

Legs are black, high-density polyurethane resin with non-adjustable glides. Floor mount legs available.

Freestanding tables and connector tables feature a High-Pressure Laminate top with a 3 mm edge band. 1/8” thick glass top with radius edges is also available.

Seat features multiple densities of polyurethane foam and spring packs for added comfort.

Casters are standard on ottoman and are non-locking.

Connector tables attach to seating units with 1/8” ganging plates. Power/data modules are also available.
# Coalesse Await Lounge System

**Design:** EOOS

## Product Details

**Lounge**
- Available in 3- or 4-seat.

**4-seat bench**
- Provides a backless seating option.

**Connector benches**
- Available in 1-, 2-, and 3-sections.
- Feature a fixed seat with top and double needle stitching on seams.
- Ganging kit is available.

**Freestanding tables**
- 15½” diameter, and available in two heights: 19”H and 25”H.
- Standard with silver frame.
- See Coalesse Tables, Storage, and Accessories Specification Guide.

## Surface Materials

**Upholstery**
- Fabric
- Leather

**Table/Tablet Top**
- Laminate
- Glass

## Program and Services

- Customer’s Own Material/Leather (COM/COL) Program is available.

**Connector tables**
- 41½”W and comes in three diameters: 20”D, 28”D, and 42”D; and in two heights: 15¼”H and 25¼”H. The tablet is 15¼” diameter and ½” thick. Bottom connecting ganging plate is standard. Power/data module is available. Panels are available in black, white, or gray.
- Tip: Connector tables are not made for ganging to Await mobile ottoman.

**Ottoman**
- Standard with non-locking casters.

Bix offers a system of seating and tables that can create a variety of lounge-based applications that address group or individual work needs. Each application provides convenient connections to power, voice, and data.

Collaborative meeting space created with Bix furniture offers a sense of enclosure without walls for collaborating and provides social and physical comfort.

Tip: This product line is part of a collection and will be found in multiple locations in this specification guide and/or Coalesse Tables, Storage, and Accessories Specification Guide.

See Collections, page 5.

- **Back screen** is available on select units to provide privacy and divide space. It is upholstered.
- **Seat** is upholstered.
- **Arms** are available on select seating units. They are upholstered.
- **Back** is upholstered.
- **Sled base on a lounge chair** is finished with paint. The back of the sled base does not extend past the chair back.
- **Tablet** provides a surface for user’s notes, laptop computer, or wireless mouse.
- **Side table** offers a freestanding mobile tablet surface. It is available in vinyl.
- **Face lock**, keyed randomly, is standard on storage drawers to secure the items stored in it.
- **Bolster** is upholstered.
- **Storage drawer** is available on select models to store equipment.
- **Leveling glides** adjust for installations on uneven floors. Adjustability range is ¾”.
- **Legs and base** are constructed with steel tubing and steel plates for structural integrity. They are finished with paint. They are either inset under the seating unit (sled base) or slant off the back of a unit (legs).

Actual Dimensions

See page 49
Individual work-booth area provides an alternative to a confined workstation. It offers a semi-private setting for temporary tasks that require projects to be spread out. It is created by grouping two straight sections or lounge chairs with a 27"H work-booth table.

Tip: Extended corner sections or straight sections with arms should not be used in a work-booth application because access to the seating area is obstructed.

Sectional seating is offered in corner, extended corner, and straight units to provide a variety of configurations. They are offered with or without back screens and with or without arms. All sections include an integrated ganging device. Corner sectional units are handed. Handedness is determined by the location of the back screen or back support legs.

Bench provides a backless seating option. It can also be used as an alternative soft occasional table. An open storage space that is accessible from either side is available for storing magazine and media equipment.

18" seat height is an available option on all lounge, sectional seating, bench, and podiums. This option should not be used in conjunction with work booth tables. It allows a higher sit for healthcare applications.

Podium serves as a focal point for lounge-based meeting spaces and provides comfortable seating for the presenter. A lockable storage drawer secures presentation tools. A fixed tablet arm provides a surface for presenter’s notes, laptop computer, or wireless mouse.

Multiple fabrics can be specified on lounge, sectional, and podium seating units for an additional fee per specified fabric.

- Seat cushion and sides of seat cushion - no additional fee
- Back cushion and sides of back cushion - additional fee
- Back screen (if selected) - no additional fee
- Armrest (if selected) - no additional fee

See Bix Multi-Fabric Diagram and Yardage Request Form, pages 61 and 66.

Tip: Fabric for the seat and back is specified separate from the back screen, if selected. For a monochromatic look, specify the same fabric for both the seat and back and back screen.

30"W corner sectional units are available with the two fabric direction options for the seat – railroaded or cut-right. Seat fabric direction is determined by its relationship to the back screen or back support legs.

Tip: Seat fabric on extended corner and straight sections is always railroaded.

Page 69

Occasional tables are free-standing 18"H tables that can be used in a variety of lounge applications. They are available with a round, square, or rectangular top. The tops are available with or without a grommet and an optional power, voice, and data module.

See occasional tables section in Coalesse Tables, Storage, and Accessories Specification Guide.

Bridge tables integrate with Bix sectional seating to create a range of lounge-based applications and are available with two top shapes – rectangular and corner. Translucent screens are available to create a sense of visual privacy for open space environments. The work surface is available with or without a grommet and an optional power, voice, and data module. The rectangular table features an integrated 18"W x 12½"H tilted display surface for magazines or project folders.

Tip: Bridge tables are used with sectional seating. They do not attach to benches or podiums.

Corner bridge tables are offered in 20" table height option to be used with the 18" seat height option only.

Work-booth tables are free-standing 27"H tables that are used with sectional seating to create a work-booth configuration. They are available with either a round or rectangular top. The tops are available with or without a grommet and an optional power, voice, and data module. Base features a low profile for foot clearance.

See Coalesse Tables, Storage, and Accessories Specification Guide.

Lounge chairs are available with or without upholstered back screens. Models with upholstered arms are also available.

Sled lounge chairs feature a compact base that is designed for small spaces or to be used flush against the wall. They are available with or without upholstered arms or a tablet arm.

Side table offers a freestanding, mobile tablet surface. The tripod base allows it to be positioned close to a seating unit. The top is available in vinyl.

See Coalesse Tables, Storage, and Accessories Specification Guide.

Back screen is available on lounge and sectional seating. It is fully upholstered with a zipper detail. However, it is not removable. Back screens must be ordered with the chair. It cannot be retrofit to an existing backless lounge chair or seating sections.
Connections

Integrated ganging device, included, connects sectional seating units together in the field. It is not intended for user reconfiguration.

Bridge tables connect on both sides between sectional seating units. A rectangular top is used in an in-line configuration. A corner top is used in an L-shape configuration. Exception: Bridge tables cannot attach to a seating unit with arms.

Lounge chairs are independent and are not intended to connect to sectional units or bridge tables. ►See How To Plan, page 50

Wiring & Cabling

Bridge tables are available with a grommet, factory installed, to allow cords and cables to pass through the top. Wire management clips, attached to the underside of the top, are used to route cords and cables. A power, voice, and data module can be inserted in the grommet.

The worksurface cutout for the grommet and PVD is 3½" in diameter.

Occasional and work-booth tables are available with a factory-installed grommet located over each column and base to allow cords and cables to pass through the top. A power, voice, and data module can be inserted in each grommet location. ►See Coalesse Tables, Storage, and Accessories Specification Guide.

Column and base of occasional and work-booth tables are used to route and conceal cords. The cords pass through the worksurface down through the column and out through a mouse hole in the base plate. Bases may be installed with the mouse hole facing in any of four directions, depending upon where cords need to exit for access to power/data/voice in the wall or floor. Cords should be routed through the concealed channels and out the mouse hole during the installation of the table base.

Hole at the top of each column allows cords to be routed between tables directly below the worksurfaces. Wire management clips are included for routing purposes.

Programs & Services

Customer’s Own Material/Leather [COM/COL] Program is available.

Programs & Services

Customer’s Own Material/Leather [COM/COL] Program is available.

Note: Due to unusual upholstery conditions inherent in the design of Bix, not all seating fabrics may be specified. Refer to http://fabric.coalesse.com/ for a list of pre-approved DesignTex fabrics on Bix.
Pre-approval is required for all COM fabric. Also, due to the geometric shapes and flat planes of the Bix design, seat fabric tautness will vary depending upon the amount of stretch in the fabric. Leather naturally stretches with use.

</table>
Configuration guidelines – work-booths with 27” high tables
Two straight sections are grouped with 27” high tables to create work-booth applications. Lounge chairs may also be specified with 27” high tables to create a two-person work-booth. Facing seats edges should be spaced 24”–27” apart from one another to accommodate leg clearance and maintain the correct user relationship to the worksurface. The table base is centered within the 24”–27” space.

Configuration Examples

Configuration guidelines – work settings with 18” high tables
A variety of configurations may be created by combining sectional seating and 18” high tables. The Bix system is built upon a 12”/24” dimension module for planning. Seats are 24” wide. Rectangular tables are 24” deep. Tables are spaced 12” from seat edges. A 24” opening should be maintained for large 360° group enclaves.

Configuration Examples
Configuration guidelines – DON’TS

- 30” wide corner sections are not intended to be freestanding. 30” wide corner sections must always be connected to an adjoining 54” wide extended corner or straight section, using the ganging hardware provided.

- Individual lounge chairs are independent elements not designed as a module within the seating system. The lounge chair seat is wider than the 24” system module and lounge chairs do not include ganging hardware. Bridge tables also do not connect to lounge chairs.

- Do not create a U-shaped configuration with a 27” high rectangular table. Access to the closed end is difficult and the table edge is too far from reach for the user.

- Do not use 54” wide extended corner sections or straight sections with arms to create a workbooth configuration with 27” high tables. Access is obstructed.

- Bridge tables must be connected on both sides to a seating section.

- Bridge tables do not connect to seating sections with arms. Seating sections do not gang with arms at the seam.

- Do not attach 30” wide corner sections to a corner bridge table. This application does not allow enough leg room for two users.

- Bridge tables do not attach to benches or podiums.
Orientation & fabric direction

Corner units are handed from a facing position. Handedness for 30”W corner units is determined by the location of the back-screen or back support legs. Location of back-screens should be considered for each configuration. In order to create a consistent pattern across seats in the configuration, 30”W corner units are available with two seat fabric direction options. Seat fabric direction is determined by its relationship to the back-screen or back support legs. Seat and back fabric on 54”W extended corner and straight sections is always railroaded.

Examples below assume a striped patterned fabric:

### 30”W Corner Sections

Arrow indicates direction of the pattern on the roll

- Left-hand, fabric railroaded: BSC30LA
- Left-hand, fabric cut-right: BSC30LB
- Right-hand, fabric railroaded: BSC30RA
- Right-hand, fabric cut-right: BSC30RB

### 54”W Extended Corner and Straight Sections

Tip: Seat and back fabric is always railroaded

### Configuration Examples

Arrow indicates direction of the pattern on the roll
Bix Lounge System  Lounge Chairs

DESIGN METRO DESIGN GROUP

Tip: Fabric for the seat and back is specified separate from the back screen, if selected. For a monochromatic look, specify the same fabric for both the seat and back and back screen.

Tip: Fabrics and leathers will appear loose with comfort wrinkles when upholstered.

Tip: When specifying fabric in different price grades, the highest price grade prevails.

Tip: The COM yards and COL square footage listed on this page reflect the requirements for a single fabric that are based on non-directional 54"W material applied railroaded. For multi-fabric COM requirements, please refer to Multi-Fabric Yardage.

</tbody>
</table>

*Fabric yardage is based on non-directional/solid fabrics. Use conversion chart below for repeat/printed fabric yardage.

Non-standard fabric requirements

Yardage requirements shown are based on non-directional 54”W material applied railroaded. Coalesse will apply fabric railroaded unless instructed otherwise on the dealer’s purchase order. The following conversion chart should be used to determine yardage requirements when COM has a repeat of 2” or more. Please contact Coalesse Customer Service for a yardage quotation if the fabric is less than 54” wide, has a repeat of more than 24”, or if the fabric must be cut-right.

**CONVERSION CHART**

<table>
<thead>
<tr>
<th>PRODUCT</th>
<th>REPEAT</th>

<th>15”-24”</th>
</tr>
</thead>
<tbody>
<tr>
<td>Bix</td>
<td></td>
<td>15%</td>
<td>30%</td>
<td>75%</td>
</tr>
</tbody>
</table>

Yardage quotations will also be provided for order of 10 or more pieces.

Pattern matching on Bix

Due to Coalesse’s high standards for pattern matching, we reserve the right to apply the following upcharges for extra labor incurred by a pattern or material that poses such challenges.

Customers will be informed if an upcharge will be applied to their order during the approval process. Should Coalesse receive an order without prior approval, it will be held as pending until the customer accepts such charges. The upcharge will be applied per item where applicable.

Cutting direction guidelines

Cutting direction is based on the fabric width and the way the fabric is cut from the roll and applied to Coalesse products. There are two cutting directions: railroaded or cut-right.

**Horizontal or railroaded** (across roll, warp horizontal) means fabric is cut across the roll; selvages are on the top and bottom.

**Vertical or cut-right** (down roll, warp vertical) means fabric is cut in the same direction it is woven; selvages are on the left and right sides.

Coalesse reserves the right to railroad or apply fabric according to weave unless instructions specify otherwise. Fabrics are railroaded when possible to avoid seams in large upholstered areas and/or single cushion units. If a fabric is questionable, a cutting of adequate size showing full repeat (if any) should be sent to Coalesse for a fabric requirement quotation.
Bix Lounge System  Bridge Tables

DESIGN METRO DESIGN GROUP

Standard Includes

- Top:
  - Laminate top (Grade 1 laminates) with matching plastic edge
  - Laminate top (Grade 1 Steelcase) with contrasting plastic edge
  - Wood top with matching flat wood edge

- Frame, tilted display surface for rectangular tables, and support leg for corner tables, if selected: paint

- Grommet, if selected: black plastic only

- Screens, if selected: translucent material only

- Wire management clips: black plastic only

- Attachment hardware

Required to Specify

1 Style number
2 Laminate or wood color number for top
3 Plastic edge color number for top with Grade 1 Steelcase or Grade 2 laminate, if selected
4 Paint color number for frame, tilted display surface for rectangular tables, and support leg for corner tables, if selected
5 Options, if selected (see below)

Top: 20” table height must be used in conjunction with 18” seat height in the sectional seating.

The Embrace lounge chair was designed by EOOS for Carl Hansen & Son in 2016. Its soft cushions create added comfort for an inviting design that offers supreme relaxation. Tip: This product line is part of a collection and will be found in multiple locations in this specification guide. See Collections, page 5.

Seat and back are flame retardant CMHR (Combustion Modified High Resilient) cold foam.

Frame is solid hardwood.

Product Details

The Embrace lounge chair has enhanced comfort due to increased padding in the cushions and a lowered seat that creates the ultimate relaxation experience.

The CHE015 Embrace lounge chair is also available with the matching CHE016 footstool for added comfort. Actual dimensions are 15”D x 27”W x 16⅞”H.

Coalesse Seating and Outdoor Specification Guide

Steelcase
April 2020
The Cuba Chair was designed by Morten Gøttler in 1997. The CHMG501 captures contemporary design with its ideal balance of form and function.

Tip: This product line is part of a collection and will be found in multiple locations in this specification guide.

See Collections, page 5.

The Cuba Chair offers a solid oak frame, with cotton girths around the frame, forming a comfortable seat and back that provides excellent support.

This folding chair is ideal as an extra or permanent fixture. Its light and foldable frame lends itself for convenient storage.

Circa Lounge System

DESIGN ALISON SPEAR, AIA

Circa lounge system offers a dramatic, creative palette for configuring signature spaces with a wide array of large and small application expressions, from straight to curvilinear modular lounges and ganging or freestanding tables.

Intermediate tables are available in laminate (with self-edge) or veneer. Tables come with ganging brackets to attach to seating units. Shared application is an option.

End-of-run tables are available in laminate (with self-edge) or veneer. Tables come with ganging brackets to attach to seating unit.

Freestanding round table is available in laminate (with self-edge) or veneer. Optional center inserts are available: green tinted glass or power/data module (available in black anodized aluminum or silver anodized aluminum).

Tapered legs are available in solid wood or metal. Solid wood legs are maple or walnut. Metal legs are offered in optional powder coat paint finishes. Tapered legs on lounge pieces support freestanding applications, allowing units to be easily rearranged.

Ganging kit is available to connect units together and maintain alignment.
Product Details

Cylinder legs are solid oak. Legs can be specified to be shared between adjacent lounge units, minimizing leg locations and ganging units together, as shown. Legs can also be specified freestanding, supporting individual units that can be easily rearranged.

Modern metal legs are available in powder coat paints. Legs can be specified to be shared between adjacent lounge units, minimizing leg locations and ganging units together, as shown. Legs can also be specified freestanding, supporting individual units that can be easily rearranged.

Tapered legs are available in solid maple or walnut, as well as optional metal in powder coat paints. Tapered legs on lounge units support freestanding applications, allowing units to be easily rearranged.

Cylinder legs are solid oak and are optional. Legs can be specified to be shared between adjacent lounge units or freestanding application, allowing units to be easily rearranged.

Modern metal legs are optional and are available in powder coat paints. Legs can be specified to be shared between adjacent lounge units or freestanding application, allowing units to be easily rearranged.

60° wedge seat is available outside facing or inside facing.

Straight, inside, or outside (15° or 30°) armrests can be specified without legs (intermediate) and ganged to adjacent lounge units. Or in end-of-run position, on left or right side.

60° wedge bench is available and can be used in outside or inside facing applications.

High and low ganging tables are available in three sizes: straight, 15° wedge, or 30° wedge. Tables can be specified without legs (intermediate) and ganged to adjacent lounge units or in end-of-run position, on left or right side.

Freestanding round table is available in one size, 42” diameter, 15¾”H. Power/data module option available in black anodized aluminum or silver anodized aluminum. The round plate that houses the power module is powder coated to complement the module. Glass insert is available as an option.

Freestanding table-planter is available in one size, 60° wedge. Planter is galvanized aluminum.

Freestanding and ganging planters are available in one size, a 60° wedge. Tables can be specified freestanding or ganged to adjacent lounge units. Or in end-of-run position, on left or right side. The planter is galvanized aluminum.

Straight seating available as 1-seat lounge, 2-seat lounge, or bench.

Round ottoman has five legs and is upholstered. Measures 42” diameter and 17”H. Tapered legs have a thin blade aesthetic and are available in solid maple and walnut, as well as optional metal in powder coat paints. Cylinder wood leg and modern metal leg are also available.

High and low freestanding tables are available straight, 15° wedge, or 30° wedge.
**Surface Materials**

**Upholstery** [contrasting fabric available]
- Fabric
- Leather

**Table tops**
- Laminate with self edge (option)
  - Veneer
    - Maple veneer (flat cut, low sheen)
    - Walnut veneer (flat cut, low sheen)
    - Oak veneer (rift cut, high and low sheen)

**Tapered legs**
- Solid maple (quarter cut, high and low sheen)
- Solid walnut (quarter cut, high and low sheen)
- Painted steel
  Tip: Grade 3 paints are not available on tables.

**Cylinder wood legs**
- Solid oak (rift cut, high and low sheen)

**Modern metal legs**
- Painted steel
  Tip: Grade 3 paints are not available on tables.

Coalesse Seating and Outdoor Specification Guide

Circa Lounge System
Upholstered Individual Lounge Units

DESIGN ALISON SPEAR, AIA

Tip: Fabrics and leathers will appear loose with comfort wrinkles when upholstered.

Tip: For contrasting fabric, pricing is based on highest grade textile specified.

Tip: Stain-to-Match is offered on wood legs at no charge. To get the best Stain-to-Match result, select finish number 3299 and specify Steelcase or Coalesse as the manufacturer.

Tip: For Customer’s Own Material or Leather, see necessary requirements, important processing instructions, and ordering information. See Coalesse Surface Materials Reference Guide.

Tip: Benches are flat and 1-seat and 2-seat lounges are angled, therefore, seat angles will not be aligned when placed next to each other. A table is recommended between the units to minimize the difference.

Tip: All legs measure 6½” in height.

### Standard Includes
- Frame: unibody construction of hardwood plywood utilizing box joinery
- Upholstery: multiple densities of polyurethane foam fixed seat and back with top stitch on seams
- Legs:
  - Tapered leg, if selected: solid maple or walnut
  - Cylinder leg, if selected: solid oak

### Required to Specify
- 1 Style number
- 2 Number of fabrics if contrasting fabric style number is selected
- 3 Fabric or leather color number for upholstery on seat and back
- 4 Wood leg type
- 5 Wood color number for legs
- 6 Options, if selected (see below)

### Options
#### Surface Materials
- Contrasting fabric +$134 per fabric
  - Add suffix K to the style number and select fabric color number.

#### Application
- Modern metal legs
  - Grade 1 paint +$149 per leg
  - Grade 3 paint +$169 per leg

For Canadian Pricing

Multiply U.S. Price by the Canadian price factor.

Tip: Stain-to-Match is offered on wood legs at no charge. To get the best Stain-to-Match result, select finish number 3299 and specify Steelcase or Coalesse as the manufacturer.

Tip: All legs measure 6 1/2” in height.

Tip: The round plate that houses the power/data module is powder coated to complement the power/data module finish. For the black anodized aluminum module, the round plate will be painted in 4710 Low Gloss Black. For the silver anodized aluminum module, the round plate will be painted 4799 Platinum.

Overall: 42” dia. 15 3/4”H

Tip: Tapered wood and metal legs have a thin, blade aesthetic.

Upcharge For Contrasting Fabrics = $134 U.S. list per contrasting fabric specified. List price based on highest grade textile specified.

Tip: All pillows and arm bolsters must be specified separately.

Total List Price
Hosu lounge seating offers a comforting, personal space to relax and get things done.

- Fully upholstered with contoured backrest cushion and frame which allows back to flex to support user’s back shape.
- Attached lumbar pillow is 3” thick in coordinating upholstery.
- Pockets on side and rear for additional storage are standard.

Glides are non-adjustable.

Lounge seating is available as a fixed single seat lounge or with a convertible chaise foldout. A fixed 2-seat lounge is also available.

Convertible lounge converts to an extended low lounge with chaise ottoman using a webbed pull tab. The pull tab is available in red, blue, or black. The footbed surface is fusion fabric or leather.

Surface Materials
- Seat, back, footrest, and pillow
  - Fabric
  - Leather
- Wrap
  - Plastic
- Pull tab
  - Nylon

Storage pockets are located where the seat, backrest, and base wrap come together. Large pockets in the rear are ideal for holding magazines, and smaller pockets on the sides are sized appropriately for handheld devices. Cable pass-through holes are in the rear of the seat.

Programs and Services
- Customer’s Own Material/Leather (COM/COL) Program is available.
### Standard Includes

- Frame: plywood tab construction
- Multiple densities of polyurethane foam and polyester fiber
- Seat and back: fabric or leather
- Wrap: made from ABS plastic
- Footrest on fabric chair, if selected: Fusion fabric or leather
- Footrest on leather chair, if selected: Fusion fabric or leather to match seat and back
- Glides: non-adjustable
- Pull tab on ottoman, if selected: Nylon strap
- Grommet for wire pass-through on models COURQLO and COURQLOK, if selected
- Pillow: fabric or leather

### Required to Specify

1. Style number
2. Number of fabrics if contrasting fabric style number is selected
3. Fabric or leather color number for upholstery on seat, back, and pillow
4. Fusion color number for footrest, if selected: CL60 Caviar
   - CL61 Portobello K10/20
   - CL62 Graphite
   - CL63 Java K10/20
5. Color number for pull tab with ottoman, if selected: CL40 Red
   - CL41 Blue
   - CL42 Black
6. Options, if selected (see below)

Coalesse Seating and Outdoor Specification Guide
Steelcase
April 2020
The Lagunitas lounge system offers a wide range of highly customizable settings, bringing a new level of versatility to all the ways we work. Lagunitas adapts to changing work styles and shifting postures. Lagunitas utilizes a full range of design expressions with benches, lounge pieces, and tables. Fabric and knit, combined with high and low panels, allow for a full range of aesthetic and functional possibilities. Benches complement the range of lounge pieces. Work, occasional, and personal tables are curated to work specifically with Lagunitas lounges and benches. Integrated power options for the lounges, benches, and tables are available. Lagunitas supports existing and emerging work activities in an endless number of social, collaborative, and personal settings.

Tip: This product line is part of a collection and will be found in multiple locations in this specification guide and/or Coalesse Tables, Storage, and Accessories Specification Guide.

See Collections, page 5.

Lounes and benches are offered in 1-, 2-, and 3-seat models. The chaise is offered in 2- and 3-seat models. The corresponding table offering works with the seating dimensions for complete systematic compatibility.

Screens are available in two heights for lounges and chaises. Low-back screens are 26 1/4”H and high-back screens are 50”H. Overall height of low-back units is 32 1/8”.

Screens are available in knit or fabric.

Articulating back is standard on lounges and chaises which allow user to change from a lounge position to a task position within the same unit. An integrated pull at the top and bottom intuitively identifies the back and aids in the function of the back.

Lounge units can be connected together to create permanent connections for L- and U-configurations. The alignment connector bracket package includes two brackets to connect the seat decks and one screen alignment clip to keep the screens aligned.

Tables are offered in three types: work, occasional, and personal tables. 26”H table dimensions are curated to work with the lounge pieces for optimal compatibility. 28 1/2”H work tables are compatible with standard height seating.

See Coalesse Tables, Storage, and Accessories Specification Guide.

Table bases and columns are standard in powder coat paint.

Work and occasional table tops are standard in High-Pressure Laminate with a 3 mm plastic edge or wood veneer with a 3 mm matching edge profile.

Personal table tops are standard in High-Pressure Laminate with 3 mm plastic edge or Fusion fabric.

Table glides are non-adjustable and are clear plastic.
Coalesse Seating and Outdoor Specification Guide

Lagunitas Lounge System

DESIGN TOAN NGUYEN

**Product Details**

1-seat lounges are available in low- and high-back screens. Screens can be back only or back and left- or right-hand screens. 1-seat lounges are standard with upholstered fabric or knit screen(s), fabric or knit seat deck, fabric or leather seat cushion, and articulating back cushions. Fabric or leather end arm cushions are available.

2- and 3-seat lounges are available in low- and high-back screens. Screens can be back only or back with left- or right-hand screens, or back and left- and right-hand screens. 2- and 3-seat lounges are standard with upholstered fabric or knit screen(s), fabric or knit seat deck, fabric or leather seat cushions, fabric or leather articulating back(s) and or corner cushion(s). Fabric or leather end arm cushions are available. Tip: Handedness is noted by seated position.

2- and 3-seat chaises are available in low- and high-back screens. Screens are back and left- or right-handed. 2- and 3-seat chaises are standard with upholstered fabric or knit screens, fabric or knit seat deck, fabric or leather seat cushions. Fabric or leather end arm cushions are available. Tip: Handedness is determined while in the seated position.

Lagunitas focus nook is available with 50”H high-back screens and is offered in two types of materials, knit and fabric. The worksurface is 28½”H and is compatible with standard height seating. Worksurface is available in laminate with matching or complementing 3 mm flat edge band profile or wood veneer with matching 3 mm flat wood edge band. Optional lighting grommet and power are specifiable on the left or right side of the worksurface. See page 192.

Seating is offered in two types of materials, knit and fabric. The seat deck material must match the screen material. If knit is specified on the screen, the seat deck will be applied automatically to the screen choice. If fabric is specified, seat deck must match either the inside or outside screen finish if contrasting is selected. When non-contrasting fabric screen is selected, seat deck will match screen fabric.

A welt cord is standard on all fabric specified screens and seat decks. The welt cord finish is non-specifiable and is the same fabric finish as the outside screen specification when contrasting screens are specified. For non-contrasting screens the welt cord matches the screen specification. The knit screen and seat deck does not require a welt cord.

Tip: If a contrasting screen is specified, the fabric must be chosen from the same fabric family.

Screen

Welt cord

Coalesse

Steelcase

April 2020

Lagunitas Lounge System, continued
Seat back and seat cushions can be specified in:
- Fabric or leather (one fabric choice)
- Contrasting fabric or leather
  - Seat back(s)
  - Seat cushion(s)
  - Top and bottom pulls on articulating back cushion(s)

The seat back, seat cushion, as well as, top and bottom pulls on the articulating back can be specified in fabric or leather. It can be specified as non-contrasting, one finish; or contrasting, finish for back cushions and finish for seat cushion. Specification of back cushion is for all back cushions for that style number. Specification of seat cushion is for all seat cushions for the style number.

Comfort wrinkles are intended to occur over the time to increase the comfort of Lagunitas. Very little maintenance is required to reduce the definition: smooth the cushion fabric with spreading/wiping motion.

Work tables are available in six differing sizes, ranging from 30”W to 72”W that coordinate with the lounge dimensions to create a variety of social, collaborative, and personal applications. The work tables are available in two heights: 26”H and 281/2”H. The work tables are comprised of a single column rectangular base in powder coat paint and a rectangular table top in laminate with matching or complementing 3 mm flat edge band profile or a Fusion fabric-wrapped surface.

Work tables are available in six differing sizes, ranging from 30”W to 72”W that coordinate with the lounge dimensions to create a variety of social, collaborative, and personal applications. The work tables are available in two heights: 26”H and 281/2”H. The work tables are comprised of a single column rectangular base in powder coat paint and a rectangular table top in laminate with matching or complementing 3 mm flat edge band profile or a Fusion fabric-wrapped surface.

16” seat height is standard on all seating and benches. The 16” seat height integrates specifically with the heights of all Lagunitas tables. There is an additional 1¼” crown of the seat cushion, which makes it 17¼” to work with the 26” work table height.

Occasional tables are available in two sizes, 32”W and 48”W, that coordinate with the lounge, chaise, and bench dimensions. The occasional tables are comprised of a single column with rectangular base in powder coat paint and a rectangular table top in laminate with matching or complementing 3 mm flat edge band profile or wood veneer with matching 3 mm flat wood edge band.

Personal table is available in one size. It can easily be moved to your desired location for short term laptop work or simply used to set your coffee. The personal table is comprised of a single column with rectangular base available in powder coat paint and a rectangular table top in laminate with matching or complementing 3 mm flat edge band profile or a Fusion fabric-wrapped surface.

Two screen heights are available, 26¼”H for the low-back screen and 50”H for the high-back screen. Seat back cushions extend above the low-back screen, therefore, the overall height of low-back units is 32½”H. Low-back screens are designed to provide an open environment. High-back screens are designed to provide privacy.
An additional 113/16" thickness for each end screen or corner is added to the seating width to obtain the overall width of the product.

Corner cushions are standard when specifying two or three screens with closed end(s). Corner cushion are fixed and do not articulate.

The articulating back is standard on all lounges and 3-seat chaises (2-seat chaises are only available with a corner cushion). The articulating back allows the user to easily change postures from a lounge position, when the back cushion is fully upright, to a task position, when the seat back is articulated down. Simply use the integrated pulls, one at the top and one at the bottom, to position the seat back to the desired position. The articulating mechanism is completely hidden behind the back cushion, and attaches the cushion to the seat frame.

Pulls at top and bottom of all articulating backs aid the user to change from a lounge position to a task position and back to the lounge position.

Space is available under the seat deck of all Lagunitas seating to provide a place to temporarily store personal items. The clearance height, without power module(s), is 103/4" and the depth is 3211/16".

Work tables are available in two heights: 26"H tables are optimized to work with the lounge seat height, while 281/2"H tables work with standard height seating.

Occasional tables are available in one optimized height, 16"H, to work with the lounge seat height.

Two seat widths are available, 251/8"W and 3211/16"W. When specifying corner or end cushions, the 3211/16"W module is used. The corner cushion and end cushion account for 71/8" of the 3211/16" width, equating to the same seating space as the 251/8"W module. Exception: 1-seat lounge with three screens has an overall width of 465/8" allowing for a seating space of 3211/16"W.
All work and occasional tables have a rectangular metal base with a centered column. The 3” column includes a cone at the top that attaches to the worksurface. There are five rectangular base dimensions: 16”D x 235/8”W x 37/8”H for 18”D x 32”W, 24”D x 30”W, and 24”D x 36”W work tables; 16”D x 317/8”W x 37/8”H for 18”D x 48”W occasional table; 21”D x 35”W x 37/8”H for 36”D x 40”W and 36”D x 48”W work tables; 21”D x 35”W x 37/8”H for 36”D x 57”W x work table; and 21”D x 35”W x 37/8”H for 36”D x 72”W x work table.

The personal table is available in one height, 25”H, to work with the lounge seat height.

Tables are standard with a knife edge profile, that has the appearance of a 1/2” thick top that tapers to an overall top thickness of 11/8”.

Non-adjustable 3” diameter plastic glides are standard on all tables. Glides are 1/8” thick for the 36”D x 72”W table; 1/2” thick for all other work and occasional tables; and 3/8” thick for the personal table. For all work and occasional tables the glide height is needed to route cords.

The personal table has a rectangular metal base with the column centered at the back of the base. The 11/8” column includes a flat plate at the top that attaches to the underside of the top. The base plate dimension is 107/8”D x 153/8”W x 37/8”H.

High-Pressure Laminate tables are standard with a matching or complementing 3 mm flat edge band. Wood veneer tables are standard with a matching wood 3 mm flat edge band. The underside of the table top is finished in black.

Specials are possible with Lagunitas. To confirm practicality and obtain a quotation, contact Customer Service at 1.800.627.6770.

Alignment connector bracket package includes two seat attachment brackets and one screen alignment clip. The alignment connector bracket package is used when permanent connection is needed for L-, U-, and straight configurations of two or more pieces. The screen alignment clip is not needed for any bench connections, only the two seat attachment brackets would be utilized. The alignment connector bracket package should not be used if reconfigurations of the furniture pieces are required.

Attachment brackets for screen connection to seat deck must be specified in either platinum matte or low gloss black. Along with the brackets, the entire frame underneath will be painted to match the bracket finish specified.

Brackets can be specified in:
- 4710 Low Gloss Black paint [for dark color fabrics]
- 4141 Platinum Matte paint [for light color fabrics]

The power and USB power module options are located 7½” from the floor.

The power and USB power module consists of one USB port and one power outlet. There is one USB per port with two amps.

Power modules can be positioned anywhere along the attachment rail underneath the front lounge seat.

Power modules are available in black. One optional power module is available on 1-seat lounges. One or two optional power modules are available on 2- and 3-seat lounges.
Coalesce Seating and Outdoor Specification Guide

Lagunitas Lounge System

DESIGN TOAN NGUYEN

The power module cord is routed to the back utilizing clips attached to the underside of the lounge. The cord is then routed between the gap where the two screens meet when wall plug in access is needed.

Round power modules are available on the focus nook, and all work and occasional tables. On the focus nook worksurface, the power module is specifiable on the back right or left side. On the tables, the power module is located in the center of the table top over the cone/column. The 3" power module features tamper resistant power simplexes, an 8'L power cord with 15-amp plug, and is available in four colors.

The round power modules are available in three configurations:
• Two TR simplex receptacles
• One TR simplex receptacle and two USB A charging ports
• One TR simplex receptacle, one USB A charging port, and one USB C charging port

Tip: USB receptacles conveniently charge a range of electronic devices. Some devices may not be compatible.

The grommet allows for pass through of cords and cables at the desktop. The grommet is open to allow for the PowerPod to be housed over or stored on the table. The grommet inside dimension is 3¼” and outside dimension is 5½”.

PowerPod includes six 15 amp outlets with an energy saving illuminated on/off switch. It comes with a 6' cord with three prong plug. The top tray is milk and the power source is silver with a milk face. It is UL and CSA listed.

Tip: PowerPod is sold separately.

Work and occasional tables route cables and cords from the desktop through the column out through the base. Cords can be concealed in the cone.

Tip: A powerstrip cannot fit inside the cone.

Tip: If a desktop device is desired, other than the standard PowerPod or power module, consult Specials engineering for capability.

A metal grommet is an option on all work and occasional tables. The 3" grommet is flush-mounted and located in the center of the table top over the cone/column. The metal grommet is available in anodized silver only.

The grommet and stop is an option on all work and occasional tables. The grommet is located in the center of the table top over the cone/column. The stop attaches to the column to help hold and route cords and cables through the column. The grommet and stop cap are available in black or milk.

The contour of the PowerPod bottom cradle is designed to work in conjunction with the grommet for a snug fit or can be used independently without a grommet.

PowerPod grommet and stop is an option on all work and occasional tables. The grommet is located in the center of the table top over the cone/column. The stop attaches to the column to help hold and route cords and cables through the column. The grommet allows for pass through of cords and cables at the desktop. The grommet is open to allow for the PowerPod to be housed over or stored on the table. The grommet inside dimension is 3¼” and outside dimension is 5½”.

Lagunitas Lounge System, continued 145
**Lagunitas Lounge System continued**

**Surface Materials**

Screen(s) and seat deck:
- Knit
- Fabric [contrasting and non-contrasting - contrasting must be the same fabric family]

Seat and back cushion(s), contrasting and non-contrasting:
- Fabric
- Leather

Lounge attachment brackets and frame:
- Paint

Lounge glides:
- Non-specifiable plated metal

Lounge power and USB power modules (options):
- Black powder paint with black receptacles

Work and occasional table top surface:
- Laminated with matching or complementing 3 mm plastic edge band
- Wood veneer with matching 3 mm wood edge
- Custom wood finish (option)

Table base (cone or plate, column, and bottom plate):
- Paint

Table glides:
- Non-specifiable clear plastic

Metal grommet (option):
- Non-specifiable (anodized silver)

PowerPod grommet and stop cover (option):
- 6000 Black plastic
- 6052 Milk plastic

Table power modules:
- 4013 Silver/Black (silver powder paint with black receptacles)
- 4180 Graphite Matte
- 4242 Milk Matte
- 4710 Low Gloss Black

Personal table top surface:
- Laminate with matching or complementing 3 mm plastic edge band
- Fusion fabric

Tip: Refer to the Coalesse Surface Materials Reference Guide for additional surface materials information.

---

**Laminates**

Laminates are available in two standard grades. Additional laminates from other manufacturers, contact them directly:
- Wildnorth 1.800.433.3222
- Nevamar 1.800.638.4380
- Formica 1.800.FORMICA
- Pionite 1.800.285.5161

Tip: Laminate manufacturers change their offerings frequently. Always check availability before ordering.

---

**Wood Veneer**

Wood veneer table tops are fabricated with Architectural Grade AA hand-selected hard-wood veneer, plain sliced, book matched, and bonded to the core with a backing sheet for balance. Coalesse’s primary wood finish, Clarity, is a water-borne UV topcoat, which protects the environment while providing exceptional durability and resistance to water and chemical stains. Due to natural variations in wood, finished products may vary from samples in color, texture, and grain.

Wood is a natural material; slight variations occur in veneer texture, color, grain configuration, and stain acceptance. Coalesse stains are all applied with an exacting regard for consistency and are well within traditional tolerances for wood products.

Tip: You should know that finished tops may vary slightly in tone or character from each other or from the samples Coalesse produces. No guarantee can be made of an absolutely exact match.

---

**Stain and Finish**

Stain-to-Match option is a special Coalesse program that will match a wood stain sample that you provide. There is no additional charge for this service. You must supply a sample of reasonable size (3” x 3” or larger is usually adequate). Coalesse will formulate a stain, produce a matching sample, and send it to you for approval. When we receive your written approval, we’ll schedule production of your order.

Tip: Stain-to-Match will achieve a color match to the sample only. Graning of the wood veneer and final surface finish may differ from your original sample. See Stain and Finish to Match.

---

**Programs & Services**

- Customer’s Own Material/ Leather (COM/COL) Program is available.

---

**Leather**

Coalesse offers two programs to accommodate customers who need special stains—Stain-to-Match and Stain and Finish to Match.

---

**Materials Reference Manual**

Always check availability before choosing. Coalesse strives to produce a consistent high quality product and some natural variation in color is to be expected. This is especially apparent on natural woods which have no stain applied, for example 3525 Natural Maple. This color variation is normal and reflects the unique and natural properties of wood. This should not be considered a defect.

---

**Swatch Cards**

Swatch cards and actual samples of Coalesse standard laminates are available from your Coalesse Customer Service representative. For samples of laminates from other manufacturers, contact them directly:
- Wildnorth 1.800.433.3222
- Nevamar 1.800.638.4380
- Formica 1.800.FORMICA
- Pionite 1.800.285.5161

Tip: Laminate manufacturers change their offerings frequently. Always check availability before ordering.

---

**Additional Wood Veneer Offerings**

Additional wood veneer species are available. To confirm availability and to determine pricing, contact Customer Service at 1.800.627.6770.

Stains applied to Coalesse wood veneer table tops are standard with the same stain color applied to both the top and the solid hardwood edge profile. Coalesse strives to produce a consistently high quality product and some natural variation in color is to be expected. This is especially apparent on natural woods which have no stain applied, for example 3525 Natural Maple. This color variation is normal and reflects the unique and natural properties of wood. This should not be considered a defect.

Swatch cards and actual samples of standard wood veneers are available from your Coalesse Customer Service representative.

Additional wood veneer species are possible. Coalesse offers two programs to accommodate customers who need special stains—Stain-to-Match and Stain and Finish to Match.

---

**Stain-to-Match**

Stain-to-Match option is a special Coalesse program that will match a wood stain sample that you provide. There is no additional charge for this service. You must supply a sample of reasonable size (3” x 3” or larger is usually adequate). Coalesse will formulate a stain, produce a matching sample, and send it to you for approval. When we receive your written approval, we’ll schedule production of your order.

Tip: Stain-to-Match will achieve a color match to the sample only. Graning of the wood veneer and final surface finish may differ from your original sample. See Stain and Finish to Match.
Lagunitas Lounge System

DESIGN TOAN NGUYEN
Lagunitas offers a wide range of highly customizable settings with varying degrees of privacy and multimodal support that become a desired third place to collaborate, socialize, or focus on personal work as individuals spend less time at traditional workstations and require different postures for working.

Note: This product line is a collection and will be found in multiple locations in this specification guide and/or Coalesse Tables, Storage, and Accessories Specification Guide. See page 5.

Coalesse Seating and Outdoor Specification Guide

Lagunitas Lounge System
2-Seat Lounges

DESIGN TOAN NGUYEN

### Standard Includes
- Screen: grade 1 knit
- Seat deck: grade 1 knit to match screen
- Non-contrasting seat cushion, articulating back cushion and pulls, back corner cushion, and end arm cushions: fabric or leather
- Bracket: paint
- Six adjustable glides
- Ships assembled

### Required Sections
- **Handedness**
  - Left-hand, 2-seat lounges only (seated position) No cost Specify with left-hand configuration.
  - Right-hand, 2-seat lounges only (seated position) No cost Specify with right-hand configuration.

### Options
- **Surface Materials**
  - Fabric screen
    - 2-seat lounge with low-back screen and one side screen +$257 Specify with screen type fabric.
    - 2-seat lounge with low-back screen and two side screens +$341 Specify with screen type fabric.
    - 2-seat lounge with high-back screen +$201 Specify with screen type fabric.
    - 2-seat lounge with high-back screen and one side screen +$314 Specify with screen type fabric.
    - 2-seat lounge with high-back screen and two side screens +$427 Specify with screen type fabric.
  - Contrasting fabric for top and bottom articulating back pulls +$134 Specify with contrasting fabric and select fabric or leather color number.
  - Fabric upcharges Prices at right Specify fabric color number.

- **Knit screen**
  - Grade 1 knit screen No cost Specify with screen type knit and select knit color number.
  - Grade 2 knit screen
    - 2-seat lounge with low-back screen +$249 Specify with screen type knit and select knit color number.
    - 2-seat lounge with low-back screen and one side screen +$387 Specify with screen type knit and select knit color number.
    - 2-seat lounge with low-back screen and two side screens +$525 Specify with screen type knit and select knit color number.
    - 2-seat lounge with high-back screen +$277 Specify with screen type knit and select knit color number.
    - 2-seat lounge with high-back screen and one side screen +$443 Specify with screen type knit and select knit color number.
    - 2-seat lounge with high-back screen and two side screens +$608 Specify with screen type knit and select knit color number.

### Required to Specify
1. Style number
2. Handedness (see below under Required Selections)
3. Knit color number for screen
4. Fabric or leather color number for non-contrasting seat cushion, articulating back cushion and pulls, back corner cushion, and end arm cushions, if selected
5. Paint color number for bracket: 4141 Platinum Matte 4710 Low Gloss Black
6. Options, if selected (see below)

Tip: If contrasting screen is selected, it is required to specify whether seat deck finish will match inner screen or outer screen.

Tip: Contrasting fabric for articulating back pulls upcharge is applied one time per style number.

Tip: When contrasting fabric for articulating back pulls is selected, only one contrasting fabric can be specified and will apply to all pulls.

For Canadian Pricing
Multiply U.S. Price by the Canadian price factor.

Coalesse Seating and Outdoor Specification Guide

Lagunitas Lounge System 2-Seat Chaises

DESIGN TOAN NGUYEN

Standard Includes

- Screen: grade 1 knit
- Seat deck: grade 1 knit to match screen
- Non-contrasting seat cushion, articulating back cushion and pulls, back corner cushion, and end arm cushion, if selected: fabric or leather
- Bracket: paint
- Six adjustable glides
- Ships assembled

Required Sections

Required to Specify

1. Style number
2. Handedness (see below under Required Selections)
3. Knit color number for screen
4. Fabric or leather color number for non-contrasting seat cushion, articulating back cushion and pulls, back corner cushion, and end arm cushion, if selected
5. Paint color number for bracket: 4141 Platinum Matte, 4710 Low Gloss Black
6. Options, if selected (see below)

Options

Servers, U.S. Price Required to Specify

<table>
<thead>
<tr>
<th>Handedness</th>
<th>U.S. Price</th>
<th>Required to Specify</th>
</tr>
</thead>
<tbody>
<tr>
<td>Left-hand, 2-seat chaises</td>
<td>No cost</td>
<td>Specify with left-hand configuration.</td>
</tr>
<tr>
<td>Right-hand, 2-seat chaises</td>
<td>No cost</td>
<td>Specify with right-hand configuration.</td>
</tr>
</tbody>
</table>

For Canadian Pricing

Multiply U.S. Price by the Canadian price factor.

See page 1 for details.

Tip: Handedness is determined while in the seated position. Illustration above shows left-hand chaise.

Tip: If contrasting screen is selected, it is required to specify whether seat deck finish will match inner screen or outer screen.

Tip: Contrasting fabric for articulating back pulls upcharge is applied one time per style number.

Tip: When contrasting fabric for articulating back pulls is selected, only one contrasting fabric can be specified and will apply to all pulls.

For Canadian Pricing

Multiply U.S. Price by the Canadian price factor.

See page 1 for details.

Lagunitas Focus Nook

Lagunitas focus nook is a cozy, touch-down destination that offers users a traditional work posture and responds to the demand for privacy and focus throughout the open workspace. The Lagunitas focus nook is infused with the same Lagunitas design aesthetic and surface materials. It is available in a breadth of materials and finishes, inviting expression while optimizing space.

50"H screens are offered in two material types: knit and fabric.

Knit screens allow for some transparency and light to pass through the panels. Available in 17 colors.

Adjustable leveling glides have a range of 1/2" to accommodate uneven floors.

Fabric screens are available with non-contrasting or contrasting (inside and outside of the screen) fabric.

50"H screens

Power modules are available for easy access to power.

Worksurface is 28½"H and is available in laminate and wood veneer in a wide variety of finishes.

Cable management tray keeps below-surface cords hidden.

Light grommet is available to route on-surface light to the below-surface power source.
Screen Details

Screens are offered in two types of materials: knit and fabric. The knit panels allow for some transparency and light to pass through. The fabric panels can either be monolithic (non-contrasting) or specified in differing finishes (contrasting) for the inside and outside of the screen.

Tip: If a contrasting screen is specified, the fabric must be chosen from the same fabric family.

- Knit
- Fabric

Screen attachment brackets: 4710 Low Gloss Black

Worksurface:
- Laminate with matching or complementing 3 mm plastic edge band
- Wood veneer with matching 3 mm wood edge

Glides:
- Non-specifiable plated metal

Power module and power package options:
- 4013 Silver/Black
- 4180 Graphite Matte
- 4242 Milk Matte
- 4710 Low Gloss Black

Light grommet option:
- 6000 Black
- 6052 Milk
- 6D03 Graphite

Cable management tray (option):
- 4710 Low Gloss Black paint

Features:
- 2” light grommet is available when light grommet is specified. Power package includes power module with a below worksurface convenience outlet to power the available on-surface light and retain a single power cord out. Specifiable on the back right or back left side of the worksurface.
- Round power modules are specifiable on the back right or back left side of the worksurface. The 3” power module features tamper resistant power simplexes, an 8’L power cord with 15-amp plug, and is available in four color options. Available in three configurations:
  - Two TR simplex receptacles
  - One TR simplex receptacle and two USB A charging ports
  - One TR simplex receptacle, one USB A charging port, and one USB C charging port

Tip: USB receptacles conveniently charge a range of electronic devices. Some devices may not be compatible.

Surface Materials

- Knit
- Fabric

Welt cord

Screen

Power package is available when light grommet is specified. Power package includes power module with a below worksurface convenience outlet to power the available on-surface light and retain a single power cord out. Specifiable on the back right or back left side of the worksurface.

Cable management tray neatly conceals below surface cords to the underside of the worksurface.

Product Details

A welt cord is standard on all fabric specified screens. The welt cord finish is non-specifiable and is the same fabric finish as the outside screen when contrasting screens are specified. For non-contrasting screens, the welt cord matches the screen specification. The knit screen does not require a welt cord.

See page 1 for details.
Massaud lounge seating is designed for relaxed postures and connecting with technology at the office or at home.

Tip: This product line is a collection and will be found in multiple locations in this specification guide.

See Collections, page 5.

**Backrest** features an articulating headrest with removable pillow.

**Wire management** through seat cushion.

**Inner seat back** features a duvet stitching technique accented with comfort wrinkles.

**Swivel-return base with auto-return mechanism** returns chair to front-facing alignment.

**Plastic glides** are 3/32” thick to allow cords to pass safely underneath without causing damage to the floor.

**Flat base** is 3/8” thick and allows users to rotate 95° left or right to prevent cords from wrapping around base of a fully rotating seat.
Product Details

**Lounge seating** includes the standard lounge chair and a work lounge chair with swivel tablet.

**Backrest** features an articulating headrest which contains a removable, teardrop-shaped pillow to allow for optimal user comfort. Headrest pillow resides inside an upholstered pocket, permanently attached to the backrest.

**Wire management** is concealed with seat hinges that open to reveal a passage to the floor. Base support features a hollow passageway of 3/4" diameter to allow clearance for cords.

**Tablet on work lounge** offers 180 square inches of surface area with a depth adjustment of 2 3/4" to accommodate a wide range of users.

**Matching ottoman** is 20 1/2"D x 26"W x 14"H, and features 10 5/8" rectangular storage space. It is standard with one space divider and bottom insert in 3224 Charcoal. Lid features pull-tab opening with dampened, dual, four-bar hinge mechanism. Left and right storage pockets are standard with felt glides or integral molded feet.

Surface Materials

Coalesse Seating and Outdoor Specification Guide
Montara650 Lounge Chair

DESIGN LIEVORE ALTHERR MOLINA

Montara650 lounge chair is infused with comfort and craft, with its refined upholstery and customizable details. This simple lounge solution brings warmth, materiality, and posture to in-between spaces.

Tip: This product line is a collection and will be found in multiple locations in this specification guide and/or Coalesse Tables, Storage, and Accessories Specification Guide.

See Collections, page 5.

Shell is a durable, one-piece plywood with oak veneer and is offered fully upholstered, 3/4 upholstered back, or upholstered seat.

Frame is standard in powder coat paint. Polished trivalent chrome is optional.

Glides are polyethylene for superior durability on carpeted and hard floors.

Upholstery choices include:
- fully upholstered, wood shell with upholstered seat, and wood shell with 3/4 upholstered back.

Surface Materials

Wood shell
- Oak veneered plywood

Frame
- Paint
- Polished trivalent chrome

Upholstery
- Fabric
- Leather

Program and Services

Customer’s Own Material/Leather [COM/COL] Program is available.

Stools and guest chairs are also available.

See page 410 and 452.

**Passerelle Lounge Seating**

**DESIGN STUDIO B**

---

**Passerelle lounge seating** is a rich tradition of fine craftsmanship. It is exemplified in a button-tufted, double needle stitch detail, while the defined edges of the internal frame allow for a tightly upholstered appearance.

Tip: This product line is a collection and will be found in multiple locations in this specification guide and/or Coalesse Tables, Storage, and Accessories Specification Guide.

[See Collections, page 5.]

---

**Lounge seating** is available in 1-, 2-, or 3-seat lounge. Arm bolsters are available with optional attachment straps.

**Benches with tufted button detail** are available in three sizes.

**4-leg base** is standard in solid maple with non-adjustable glides.

**Occasional tables** are available in three sizes. All have a veneer top and a solid maple frame. An optional interport power module is available.

[See Coalesse Tables, Storage, and Accessories Specification Guide.]

---

**Ottomans in coordinating upholstery** are available in three sizes.
Passerelle Lounge Seating

**Product Details**

**Lounge seating** is available in 1-, 2-, and 3-seat with crisply tucked upholstery. 4-leg base is standard in solid maple, with 27 finishes available. Custom match wood finish option is also available on base.

Ottomans in coordinating upholstery are available in three sizes: small is 17"D x 17"W x 17"H, medium is 20"D x 26"W x 17"H, and large is 36"D x 36"W x 17"H.

Benches are available in three sizes. The frame is constructed of solid maple. The upholstery is hand-tailored with a button-tufted, double needle stitched detail.

**Occasional tables with solid hardwood frame** are available with any Coalesse standard finish. Custom match wood finishes are also available. Veneer top is 1” thick with optional contrasting finish.

**Surface Materials**

**Upholstery**

- Fabric
- Leather

**Legs**

- Maple solid wood

**Programs and Services**

Customer’s Own Material/Leather (COM/COL) Program is available.

**Interport power/data module** is an available option for the 17"H table and the 21"H table, and is available for center location only.

**Arm bolster pillows** are available with optional attachment rings.

**Occasional tables with solid hardwood frame**

- See Coalesse Tables, Storage, and Accessories Specification Guide

DESIGN STUDIO B
**Ripple Benches**

DESIGN LAURINDA SPEAR, FAIA

Ripple benches are sculptured and fully upholstered in two orientations for flat or wave seating.

**Flat seat style** has waved sides with a flat seat surface.

**Frame** has a unibody construction utilizing hardwood panels.

**Wave seat style** features flat sides with a wave seat area.

Double needle stitching is reinforced with nylon material for additional strength at stress points.

Height-adjustable glides are stainless steel.

Ripple Benches

DESIGN LAURIINDA SPEAR, FAIA

Tip: Fabrics and leathers will appear loose with comfort wrinkles when upholstered.

Tip: Pricing based on highest grade textile specified.

Tip: Due to the design and construction techniques of Ripple lounge, only certain textiles can be successfully applied, therefore COM fabrics must be submitted to Coalesse for approval prior to order acceptance. Solid patterns with no repeat are recommended.

Tip: Recommended leathers are Elmosoft Grade C and Elmorustical Grade E.

Tip: Special color match, consult Customer Service.

Tip: For Customer’s Own Material or Leather, see necessary requirements, important processing instructions, and ordering information. See Coalesse Surface Materials Reference Guide.

Tip: 35” is a single seat and 96” is a 3-seat lounge.

---

**Standard Includes**

- Frame: unibody construction with finger jointed plywood
- Upholstery: multiple densities of laminated polyurethane foam
- Glides: height adjustable with stainless steel finish leveling polyurethane glides
- Double needle stitch seams

Ripple Benches  Multi-Fabric Diagram

DESIGN LAURINDA SPEAR, FAIA
Sidewalk lounge seating is a crisp, lightly scaled, and portable collection for comfort and mobility, allowing a workspace to become a social space. Tip: This product line is part of a collection and will be found in multiple locations in this specification guide and/or Coalesse Tables, Storage, and Accessories Specification Guide. ►See Collections, page 5.

Frame is a unibody construction with finger jointed plywood.

Upholstery is hand-tailored, featuring a horizontally tucked upholstery detail and double needle topstitched seams.

4-leg steel base is standard in powder coat paint with easy gliding “go” glides.

Lounge chairs are available in a low back (shown here), or a high back.

Occasional tables are available in two sizes. Legs are visually compatible with seating, with “go” glides. ►See Coalesse Tables, Storage, and Accessories Specification Guide

Sidewalk collection features benches, ottomans, and occasional tables. ►See Coalesse Tables, Storage, and Accessories Specification Guide
Lounge seating is available in three styles: low-back chair, high-back chair, and a 2-seat lounge. Seat height from floor is 17 1/2".

Mobile lounge seating is available in a low back or high back with casters and a pivoting tablet arm. Extra tablet pivoter is available, allowing tablet to be moved side to side.

Tablet is 13 1/2" and is standard in laminate. Available in wood or anodized aluminum. Extra tablet pivoter is available, allowing tablet to be moved side to side.

Occasional tables are available in two sizes, 17”D x 17”W x 17”H and 22”D x 22”W x 22”H.

“Go” glides are standard. “No go” glides are optional.

Casters on mobile model are dual-wheel, swivel, and non-locking. Locking casters are optional.

Arm bolster in coordinating fabric is available (5 1/2”D x 17 1/2”H).

►See page 1 for details.
Sidewalk collaborative lounge was designed with engagement, comfort, and mobility in mind. Armless chairs encourage collaboration and easy gliding “go” glides allow for ease of movement. Tip: This product line is part of a collection and will be found in multiple locations in this specification guide and/or Coalesse Tables, Storage, and Accessories Specification Guide. See Collections, page 5.

Collaborative lounge chairs are available with arm option.

4-leg steel base is standard in powder coat paint with easy gliding “go” glides.

Upholstery is hand-tailored. Contrast stitching optional.

Frame is a unibody construction with finger jointed plywood.

Occasional tables are available in two sizes. Legs are visually compatible with seating, with “go” glides. See Coalesse Tables, Storage, and Accessories Specification Guide.

Sidewalk collection features benches, ottomans, and occasional tables. See Coalesse Tables, Storage, and Accessories Specification Guide.
Occasional tables are square and are available in two sizes, 17”D x 17”W x 17”H and 22”D x 22”W x 22”H. Rails are finger jointed in the corners with 1/2” thick, 3 ply quarter cut book matched hard maple veneer panels; 1/2” thick laminate; or 3/4” thick glass. Glass is sandblasted with white on back surface. Legs are powder coated tubing with a 3/16” plate and non-adjustable, polyethylene “go” glides (standard). Adjustable glides are an available option.

Collaborative lounge seating is available in three styles: an armless chair, chair with arm option, and a 2-seat lounge. Seat height from floor is 17”H. All styles feature double needle, topstitched seams; and easy gliding “go” glides.

Ottomans are available in four sizes: 17”D x 17”W x 17”H, 17”D x 20”W x 17”H, 20”D x 26”W x 17”H, and 36”D x 36”W x 17”H. All ottomans are visually compatible with all other pieces in the Sidewalk collection.

Benches are available in three sizes: 17”D x 24”W x 17”H, 17”D x 36”W x 17”H, and 17”D x 48”W x 17”H. All benches are visually compatible with all other pieces in the Sidewalk collection.

“Go” glides are standard. “No go” glides are optional.

Sistema lounge system is an innovative modular system of fully customizable arms, backrest heights, base options, and accessories in the spirit of the modern sofa. With Sistema, build anything from a classic, high-back sofa to a sleek bench, a social sectional in any length, to a quiet niche for one or two.

Lounges with leg bases are available as 2- and 3-seat units that can be used on their own or together, for endless straight-run configurations. There is an ability to personalize with varying lounge, table, and leg choices.

Individual modular lounge components with fully-upholstered base are available in a range of back height and arm choices. Integrated ganging device keeps units aligned.
Sistema Lounge System

DESIGN LIEVORE ALTHERR MOLINA FOR VICCARBE

General Overview
Sistema Lounge System

LEG BASE

Coalesse

DESIGN LIEVORE ALTHERR MOLINA FOR VICCARBE

Lounge choices include backless bench, low-, mid-, or high-back lounge components.

Arm bolster is user movable and can be positioned anywhere between lounge units. It provides arm support, boundary, or a landing place for mobile technology. Arm bolster is specified separately.

End legs are available in metal or wood choices. One set per each end is required. Legs are not included and must be ordered separately.

Modular design allows individual components to be easily repositioned or reconfigured on the frame by an installer.

Lounge choices can be specified with varying lounge or table choices. Configuration shown:

- (2) 2-seat lounge frames with 1-seat unit with legs and (2) end legs.
- (2) 3-seat lounge frames with (1) connector leg and (2) end legs.

In-line box table includes cylinder cutout for storage. Cylinder can be specified in black or milk finishes. Slim table option is also available.

Connector legs gang 2- and 3-seat frames together. They are available in metal or wood options. Legs are not included and must be ordered separately.

Upholstered and plywood arm options are available. Arms can be specified at end locations only.

Power module is ordered separately and can be installed in the end positions on individual lounge units or centered between two units (as shown).

1-seat connector lounge, leg base is specified with a 5-seat configuration only. This unit connects (2) 2-seat frames together and positions the leg in a centered location. It can be specified with table or lounge and includes a connector frame and legs.

In-line slim table is available.

Each position can be specified with varying lounge or table choices. Configuration shown:

- (1) 2-seat lounge frames with 1-seat unit with legs and (2) end legs.

Backless bench is available.

Coalesse Lounge System

DESIGN LIEVORE ALTHERR MOLINA FOR VICCARBE

Product Details

Modular design allows each component to be personalized with varying lounge and table choices. Create 2- and 3-seat lounges, or gang together to create endless straight configurations. Individual components are assembled to a welded steel frame. Lounge units ship installed to frame. Tables ship separately and are assembled in the field with four bolts. Lounge units ship installed to frame. Legs are ordered and shipped separately.

Leg Base

End Legs

Connector Legs

1-seat connector lounge, leg base is specified with a 5-seat configuration only. This unit connects two 2-seat lounge frames together and positions the leg in a centered location. It can be specified with table or lounge and includes a connector frame and legs.

Legs

End Legs are specified at the end positions of each configuration. Legs are available in wood or metal finishes and are specified separately based on desired configuration.

Connector legs gang 2- and 3-seat frames together.

Table Details

Tables ship separately and are available. Upholstered and wood arms are available. Arms can be specified in end positions only. Arms extend the overall width of the lounge unit by 7%.

Surface Materials

• Steel frame - painted in black
• Wood cylinder leg - solid oak

Legs

• Metal cylinder and painted steel legs
• Wood cylinder leg - solid oak
• Steel frame - painted in black

Arms on lounge

• Upholstered in fabric or leather
• Oak veneered plywood

Arms

• Fabric
• Leather

Arms bolster

• Upholstered in fabric or leather
• Metal fin is painted black

Power modules are ordered separately and installed in set positions under upholstered units only. USB C single 60W can charge tablets and laptops. Configurations available:

- (2) power, (1) USB A dual port
- (1) power, (1) USB C single 60W

Power modules can be installed in set positions under upholstered units only.

- (A) Right position on individual lounge units.
- (B) Left position on individual lounge units.
- (C) Shared position between two lounge units facing the same direction.

Three backrest height options unit are available (low, mid, or high back). A backless bench is also available. Seat depth on lounge chairs measures 25". Bench units have an overall depth of 36¼". Seat height is 16¼".

Power modules have a 72"L cord and contain wire manager clips to route cord under seat when desired.

Arm bolster

Each component is specified and can be ordered in contrasting fabrics, if desired.

Legs

End and connector legs are available in metal and wood choices; metal cylinder and scissor legs are available in painted finishes, and wood cylinder legs are solid oak. Cylinder legs offer 1/2" of adjustment. Legs are specified separately.

Upholstered and wood arms are available. Arms can be specified in end positions only. Arms extend the overall width of the lounge unit by 7½. Wood arms are one piece plywood with oak veneer.
Individual modular lounge components with fully upholstered base are specified separately and include integrated ganging device to keep units aligned.

Lounges are available with three backrest height options: low, mid, or high back. Backless bench lounge is also available.

Lounges can be specified armless (bench), right or left arm, or with arms. Narrow and wide upholstered arm or wood arm is available.

Square ottoman can be used in the corner to create sectional application.

Moveable table is user movable and can be positioned anywhere between lounge components. Moveable table is ordered separately.

Arm bolster is ordered separately.

Backless bench can be used to create a chaise application.

Backless bench is available.
Sistema Lounge System  
Fully-Upholstered Base

**Product Details**

- **Individual Modular Lounge Components with Fully Upholstered Base**: Specified separately and include integrated ganging device to keep units aligned. Three backrest height and three arm options are available. A backless bench is also available.

**Integrated Ganging Device**

- Included and keeps units aligned.

**Ottomans and Accessories**

- Can be used across the entire Sistema product line to add a decorative touch and function.

**Surface Materials**

- **Seat and Back on Lounge**
  - Fabric
  - Leather

- **Arms on Lounge**
  - Upholstered in fabric or leather
  - Oak veneered plywood

- **Moveable Table**
  - Oak veneered plywood
  - Wood finish matches table finish

- **Arm Bolster**
  - Upholstered in fabric or leather
  - Metal finish is painted black

- **Ottomans**
  - Upholstered in fabric or leather

**Pillows**

- Upholstered in fabric or leather

**Product Dimensions**

- Low-back lounge: 25" W x 27" D x 36 1/4" H
- Mid-back lounge: 31 1/4" W x 36 1/4" D x 25" H
- High-back lounge: 39" W x 36 1/4" D x 25" H
- Backless bench: 16 1/4" W x 16 1/4" D x 7 7/8" H

- Upholstered narrow arm: 20 7/8" W x 20 7/8" H x 11 7/8" D
- Upholstered wide arm: 20 7/8" W x 20 7/8" H x 7 7/8" D

- Wood arm: 20 7/8" W x 20 7/8" H x 7 7/8" D

**Seat and Back on Lounge**

- Low-back lounge: 25" H
- Mid-back lounge: 16 1/4" H
- High-back lounge: 16 1/4" H

**Additional Seams**

- Will be included on arms when fabric is in the horizontal/cross direction. The seam location aligns with the height of the Sistema lounge with legs for visual connection.

**Moveable Table**

- User movable and can be positioned anywhere between lounge units. Table measures 13" D x 20 7/8" L.

**Arm Bolster**

- User movable and can be positioned anywhere between lounge units. The upholstered unit provides arm support, boundary, or a landing place for mobile technology. Arm bolster measures 8 1/8" D x 20 7/8" L.

**Pillows**

- Great way to elevate the design and comfort of any lounge setting.
- Square pillow measures 17 3/8" L x 17 3/8" H. The lumbar pillow is more firm to provide support and measures 20 1/2" L x 9 3/4" H.
Table, if selected: plywood core with oak wood veneer
• Arms, if selected: upholstered or wood
• Welded steel frame: black

Tip: End legs are used with 2- and 3-seat lounge frames and are in the end location. One set per each end is required. Legs are not included and must be ordered separately.

Page 259.

Tip: Lounge units ship installed to frame. Tables require field installation with four bolts.

Tip: Each position can be personalized with modular lounge or table component and is required to be specified. Specification starts with the right position, which is from the user seated position.

Sistema Lounge System  Multi-Fabric Diagram

DESIGN LIEVRE ALTHERR MOLINA FOR VICCARBE

TO: ________________________________
FROM: ________________________________
DATE: ________________________________
FAX: 888.413.5161

A  Seat: ________________________________

B  Back: ________________________________

C  Arm: ________________________________

Tip: Each individual component is specified and can be ordered in contrasting fabrics.
Three inches lower than conventional seating and with a more relaxed posture, the SW_1 lounge chair is a conference/lounge hybrid that creates a more intimate and comfortable environment for collaboration.

Tip: This product line is part of a collection and will be found in multiple locations in this specification guide and/or Coalesse Tables, Storage, and Accessories Specification Guide.

See Collections, page 5.

Seat back is available in two heights: a low back 36¾”H or a high back 41¼”H.

Swivel base has an automatic, return-to-center mechanism.

Backrest reclines at an angle of approximately 102° to the seat.

Knit back provides back support and breathability.

Lumbar pillow enhances comfort. It is available in coordinating or contrasting upholstery.

Glides are aluminum with a non-marring, plastic insert.

SW_1 collection features collaboration seating, collaborative and conference tables, and occasional tables.

For collaboration seating, see page 323.

For tables, see Coalesse Tables, Storage, and Accessories Specification Guide.
**Product Details**

**SW_1 lounge seating** is available in a low back or high back; the low back overall height is 36 7/8" H, the high back overall height is 41 7/8" H.

Swiveling tablet arm option is available in left- and right-hand models. Tubular steel support arm allows tablet to freely swivel 110° for easy user ingress and egress.

Tablet arm is 12 1/2" x 15" x 5/8" thick. Tablet surface is available in black or milk.

Lumbar pillow in coordinating or contrasting upholstery is available, 4 1/4" D x 16 1/2" W x 10 1/2" H. Lumbar pillow is relocatable for optimal comfort.

4-star base is aluminum matte polished with non-marring, easy gliding nylon feet.

Swivel return mechanism is standard. It has built in memory and will return to the fixed position when the user leaves the chair.

**Surface Materials**

**Upholstery** (contrasting fabric available)
- Knit
- Fabric
- Leather

**Base**
- Aluminum matte polished

SW_1 Lounge Seating  Multi-Fabric Diagram

DESIGN STUDIO B

Steelcase
April 2020
Swathmore lounge seating is a collection of plush lounges available with leg base or louvered wood base, in solid maple with metal glides. A mobile version features a pivoting, laminate worksurface tablet; dual, black wheel casters; and a steel push handle.

Lounge chairs are available with wood leg and louvered leg. Grand mobile lounge is standard with casters.

Legs and base are constructed of hand-selected, solid hardwood maple with non-adjustable metal glides.

Swathmore lounge seating features grande lounge and grande mobile lounge.

Frame is a unibody construction with finger jointed plywood.

Welt cord detail.
Wood leg lounge seating is available in three sizes: 27" W chair, 51" W 2-seat lounge, and a 67" W 3-seat lounge. All three sizes are standard with solid maple legs; upholstered cushions are permanently attached to the frame.

Grande lounge seating with wood leg provides roomier seating to accommodate a greater range of postures. Two styles are available: lounge chair and 3-seat lounge. Upholstered cushions are permanently attached to the frame.

Grande lounge seating with wood louver leg is available in three sizes: 30" W chair, 54" W 2-seat lounge, and a 70" W 3-seat lounge. All three sizes are standard with solid maple legs; upholstered cushions are permanently attached to the frame.

Wood louver leg detail is solid maple with 1 1/8" diameter, non-adjustable metal glides.

Grande mobile lounge seating is standard with black, rear-locking, hard casters and a black painted steel handle. Pivoting worksurface tablet is available left or right facing; standard in laminate. Wood tablet surface is also available.

Tablet is 21 5/8" x 11 5/8", standard laminate; also available in wood. Mobile version is also available without tablet.

Push bar is black, painted steel and is only available on mobile versions.

Dual-wheel, rear casters are locking, black plastic and are standard on mobile models. Casters are only available on mobile versions.

Switch lounge seating combines comfort and elegant design, featuring double needle stitch detail and satin finish steel legs.

Tip: This product line is part of a collection and will be found in multiple locations in this specification guide and/or Coalesse Tables, Storage, and Accessories Specification Guide.

See Collections, page 5.

Upholstery features multiple densities of polyurethane foam and polyester fiber on seat back and arms.

Arm bolster pillows are available with optional attachment straps.

Base features four tubular steel legs with adjustable glides.

Loose back and seat cushions are standard. Attachment straps are available.

Frame is solid hardwood and wood veneer.

Occasional tables are available in three sizes, with a 9/16" thick, green tinted, tempered glass top. Legs are visually compatible with seating with adjustable glides.

See Coalesse Tables, Storage, and Accessories Specification Guide

Switch collection features guest seating and stools.

See Collections, page 5.
Switch Lounge Seating

**Product Details**

Standard lounge seating is available as a 1-, 2-, or 3-seat model.

2-seat lounge with extensions allows users to fold the arms up and down, independent of each other, extending the overall width to 96" W.

Extensions in the down position offer additional surface area for belongings.

Occasional tables are available in three sizes: square 24" D x 24" W x 15" H, rectangle 24" D x 43" W x 15" H, and square 36" D x 36" W x 15" H.

Arm bolster in coordinating fabric is available (17½" D x 5½" diameter).

Switch Lounge Seating  Multi-Fabric Diagram

DESIGN EOOS
Thoughtful lounge seating features a slightly winged back for comfort, while double needle stitching and upholstery detail provides effortless style.

Frame is a unibody construction with finger jointed plywood.

Backrest embraces the user with a sweeping, concave design and side wings.

Base features four hardwood legs with subtle curve design; non-adjustable glides standard.

Upholstery features double needle stitching detail on the seams.

Contrast welting around base is available.

Matching ottoman is also available.

Product Details

Surface Materials

Upholstery

- Fabric
- Leather

Legs

- Maple wood
- Walnut wood

Programs and Services

Customer’s Own Material/Leather (COM/COL) Program is available.

Lounge seating is available in four styles: lounge chair, small lounge, medium lounge, and long lounge; ranging in widths from 28 3/4”W to 80 3/4”W. All styles are fully upholstered with four hardwood maple or walnut legs. The base features a two-tiered welt design which wraps around the entire lounge chair/lounge.

Matching ottoman carries the design signature of the lounge seating and features the same four legs and two-tiered base welting; 26 1/4”D x 28 1/2”W x 17 1/4”H.

Base features four hardwood legs; non-adjustable glides are standard. Two-tiered welt design on base is available in contrasting welting to create a unique aesthetic.

Side wings and sweeping concave design of the backrest provide the user with the feeling of being embraced.

Together elevates the upholstered bench to an impressive new height while reinventing the corner seat. Corner shapes define space and create rooms within rooms; straight benches offer open seating.

End and corner legs are fully upholstered panels featuring fixed glides.

Together features straight benches and corner benches, available in varying dimensions.

Backrest is 12 1/2” above seat to also function as an armrest.

Backrest is offered with 8” offset back (shown) or 1 1/2” offset back. No back available on straight benches only.
Straight with back styles are available with 8” offset or 1½” offset; all with 26½”D and 31”H. Available in two sizes: 69¼”W and 96½”W.

Right corner with back, 8” offset styles are 31”H and are available in four overall sizes: 70½”D x 96½”W, 70½”D x 123½”W, 97¼”D x 96½”W, 97¼”D x 123½”W, and 97¼”D x 123½”W.

Right corner with back, 1½” offset styles are 31”H and are available in four overall sizes: 70½”D x 96½”W, 70½”D x 123½”W, 97¼”D x 96½”W, 97¼”D x 123½”W, and 97¼”D x 123½”W.

Topo lounge seating provides an alternative to typical lounge or guest seating for a more relaxed work posture. Topo lounge and lounge Jr. are equipped with glides.

Back is fully upholstered and provides a more relaxed posture.

Seat is fully upholstered.

Four-arm base swivels.

Adjustable glides have an adjustability range of 1/2”.

Lounge Jr. may be used as a small-scale backless lounge chair or an ottoman.

Topo mobile lounge seating features the modern geometric forms to create an alternative to conventional swivel chairs and are appropriately scaled for any lounge application. Topo mobile lounge and mobile lounge Jr. are equipped with casters.

Back is fully upholstered.

Seat is fully upholstered.

Casters provide ease of mobility. They are non-locking.

Mobile lounge Jr. may be used as a small-scale backless lounge chair or an ottoman.

*Fabric yardage is based on non-directional/solid fabrics. Use conversion chart below for repeat/printed fabric yardage.

### Cutting direction guidelines

Cutting direction is based on the fabric width and the way the fabric is cut from the roll and applied to Coalesse products. There are two cutting directions: railroaded or cut-right.

- **Horizontal or railroaded** (across roll, warp horizontal) means fabric is cut across the roll; selvages are on the top and bottom.
- **Vertical or cut-right** (down roll, warp vertical) means fabric is cut in the same direction it is woven; selvages are on the left and right sides.

Coalesse reserves the right to railroad or apply fabric according to weave unless instructions specify otherwise. Fabrics are railroaded when possible to avoid seams in large upholstered areas and/or single cushion units. If a fabric is questionable, a cutting of adequate size showing full repeat (if any) should be sent to Coalesse for a fabric requirement quotation.

### Non-standard fabric requirements

Yardage requirements shown are based on non-directional 54”W material applied railroaded. Coalesse will apply fabric railroaded unless instructed otherwise on the dealer’s purchase order. The following conversion chart should be used to determine yardage requirements when COM has a repeat of 2” or more. Please contact Coalesse Customer Service for a yardage quotation if the fabric is less than 54” wide, has a repeat of more than 24”, or if the fabric must be cut-right.

**Visalia Lounge Seating**

**DESIGN COALESSE DESIGN GROUP**

Visalia lounge seating is a range of soft seating efficiently scaled and designed to be grouped to promote collaboration. It can also be arranged for relaxed reflection in offices, lobbies, or hospitality environments.

**Frame** is a unibody construction with finger jointed plywood.

**Upholstery** features top-stitched upper and lower facets that can be upholstered in one material or two, for an attractive contrasting effect.

**Seat and back cushions** are attached.

**4-leg base in cast aluminum** is standard in powder coat paint.

Visalia lounge seating features a lounge chair, 2-seat lounge, 3-seat lounge, ottoman, and bench.
Visalia Lounge Seating
DESIGN COALESSE DESIGN GROUP

Product Details

Lounge seating features five fully upholstered, complementary models: lounge chair, 2-seat lounge, 3-seat lounge, ottoman, and bench. All models feature a 4-leg, cast aluminum base with a powder coat painted finish. Upholstery is hand tailored. Double needle top stitching detail on upper and lower upholstery seams is available.

Faceted arm features a top-stitched detail on its upper and lower facets.

</table>
Bindu conference seating combines the comfort and craft of an upholstered lounge with the performance needs of a work task chair.

- **Flex back** allows smooth posture adjustments for users.
- **Seat height adjustment** allows users to change seat height within a 4½" range with a pneumatic adjustment mechanism.
- **Back tension adjustment** allows users to control the amount of resistance needed for reclining.
- **Upright back lock** allows users to lock the backrest in a full, upright position. To unlock for free tilting, push handle back towards seat.

- **5-star base** is black resin. A polished aluminum base is available as an option.
- **Casters** are standard with hard, dual-wheels that roll smoothly on carpets. Optional soft casters are available for use on hard floors and chair mats.
Bindu Conference Seating

**Product Details**

- **Bindu conference seating** is offered in mid back and high back.
- 5-star base is available in black or optional polished aluminum.
- Casters are standard with hard, dual-wheels that roll smoothly on carpets. Soft casters for use on hard floors are an available option.

**Adjustment Features**

- **Seat height** adjusts pneumatically. Lift lever to activate cylinder for desired height. To raise height, stand slightly while lifting lever; to lower, sit while lifting lever and weight pressure will lower seat height. Range of adjustability is 4½” with a maximum seat height of 20½”.
- **Upright back lock** allows users to lock the backrest in a full, upright position. To unlock for free tilting, push handle back towards seat.
- **Back tension control knob** turns clockwise to increase tension and counter-clockwise to decrease tension, allowing free tilt.

**Surface Materials**

- **Upholstery**
  - Fabric
  - Leather
- **Base**
  - Black resin
  - Polished aluminum

**Programs & Services**

- **Customer's Own Material/Leather (COM/COL) Program** is available.

Steelcase
April 2020
Coalesse Seating and Outdoor Specification Guide

Bindu Conference Seating
DESIGN BRIAN KANE

Collaboration Seating

Steelcase
April 2020
Chord conference seating offers built-in, passive ergonomic curvature of the back, making this design well-suited for long-term conferencing.

Back and pillow top option wraps over the seat edge.

Conference chair upholstery features a double-needle stitching technique and an accent welt that flows across the back and down the arms.

Seat height adjustment allows users to change seat height within a 3” range with a pneumatic adjustment mechanism.

Casters are standard with black-hooded, hard, dual wheels that roll smoothly on carpets. Optional soft casters are available for use on hard floors and chair mats.

Fixed lumbar support.

Tilt tension adjustment allows users to control the amount of resistance needed for reclining.

Swivel-tilt mechanism swivels 360°. Seat and back stay in a fixed position (no recline).

5-star base is black resin. A polished aluminum base is available as an option.
Chord Conference Seating

DESIGN MICHAEL SHIELDS

Product Details

Chord conference seating is offered in mid back or high back.

Pillowback versions are available on mid-back and high-back chairs for added comfort.

Adjustment Features

Seat height adjusts pneumatically. Lift lever to activate cylinder for desired height. To raise height, slightly stand while lifting lever; to lower, sit while lifting and weight pressure will lower seat height. Range of adjustability is 3” with a maximum seat height of 22”.

Upright back lock allows users to lock the backrest in a full, upright position. To unlock for free tilting, push handle back towards seat.

Knee tilt control (optional) minimizes the rise of the front of the chair when the chair is in a reclined position, allowing the user’s feet to remain on the floor. Push handle up to lock and down to free tilting.

Coalesse Seating and Outdoor Specification Guide

Chord Conference Seating

DESIGN MICHAEL SHIELDS

Tip: Fabrics and leathers will appear loose with comfort wrinkles when upholstered.

Tip: For Customer’s Own Material or Leather, see necessary requirements, important processing instructions, and ordering information. See Coalesse Surface Materials Reference Guide.

Tip: Arm is cast from 100% recycled material then hand buffed to a mirror finish. Arm caps are molded in black.

Tip: List price based on highest fabric grade usage.

Tip: Contrast option available only on 798-P and 796-P.

Tip: Chord does not pass CAL 133 with urethane arms. To choose the CAL 133 option polished aluminum arms must be selected.

Frame: hardwood plywood assembled into unibody structures utilizing interlocking finger joinery

Cushioning:
- back: multiple laminations of high-density polyurethane foam over an elastic sheet suspension system for lumbar support
- seat: closed cell, contour molded urethane foam

Upholstery:
- seams are double needle stitched with seam binding for extended durability
- unique wrap around welt detail and is cut from the same fabric as specified on chair
- Arms: resilient self-skinned urethane molded around carbon steel armature, black or aluminum arm with urethane cap, if selected
- Chair controls: tilt-swivel with tilt tension, pneumatic height adjustment, and tilt lockout
- Bases: five star black resin
- Casters: black hooded dual wheel

Options U.S. Price Required to Specify

Marien152 Conference Seating

DESIGN COALESSE DESIGN GROUP AND ARIK LEVY

Marien152 is a richly tailored seating experience that’s inspired by the home and designed for the workday. An innovative back cushion provides support with soft, residential style. Easy personalization is built into the collection through a wide range of color, form, and materiality choices.

Back cushion gives the appearance of a soft, loose pillow while built-in flex allows the cushion to move with the user. Intentionally relaxed upholstery on the back cushion adds to the welcoming appeal.

Contrasting fabric is available on seat, surround, and back cushion.

360° swivel base provides full range of motion.

Seat height adjustment allows users to change seat height within a 5” range with the assistance of a pneumatic gas cylinder.

Base is standard in powder coat paint and polished aluminum.

Gently sloping arms are subtle yet supportive.

Black casters have hard, dual wheels that roll smoothly on carpet. Soft casters are designed to roll quietly and are available for use on hard floors and chair mats.

Black glides are available in hard and soft options.

Base is standard in powder coat paint and polished aluminum. It is a fixed height with 360° swivel only.

Marien152 Conference Seating

DESIGN COALESSE DESIGN GROUP AND ARIK LEVY

Product Details

Standard leather pull, located behind the back cushion, allows users to easily move the chair. Leather in the color coal only. Option to specify without pull if desired.

Surface Materials

4-star and 5-star metal bases
- Painted
- Polished aluminum

Programs & Services

Customer’s Own Material/Leather (COM/COL) Program is available. See Coalesse Surface Materials Reference Guide for additional information.
## Standard Includes

- Seat, back, and surround: upholstery
- Leather strap: coal
- Base: 8046 Polished Aluminum or grade 1 paint
- 4-star base:
  - Fixed height
  - 360° swivel
  - Black hard glides
- 5-star base:
  - 5” pneumatic height adjustment, 360° swivel
  - Black dual wheel casters

### Required to Specify
- 1 Style number
- 2 Contrasting fabric (see below under Required Selections)
- 3 Fabric or leather color number for upholstery on seat, surround, and back
- 4 Metal or paint color number for base
- 5 Options, if selected (see below)

Tips:
- For Customer's Own Material or Leather, see necessary requirements, important processing instructions, and ordering information.
- Due to the design and construction techniques of the Lox chairs only certain textiles can be successfully applied, therefore all COM fabrics must be submitted to Coalesse for approval prior to order acceptance.
- Textile patterns for chair with upholstered back will require seams on the inside back of the chair. Limited solid textiles or leathers may also require seams. For specific textile information, visit the fabric database at www.coalesse.com.

Conference and duvet conference chairs feature different upholstery techniques expressed through the unique geometry on each chair’s inner back. Tip: These techniques apply to mid- and low-back chairs with both loop and integrated arms. Tip: This product line is part of a collection and will be found in multiple locations in this specification guide.

Conference chair upholstery features a horizontal, single needle stitching technique on the chair’s inner back.

Aluminum loop arm, available in painted or polished finishes, is contoured for comfort and is available on mid-back chairs only. Optional upholstered arm caps are available.

5-star base is standard on mid-back chair with loop arm.

Casters have hard, dual-wheels that roll smoothly on carpets. Soft casters with roll control have been designed to roll quietly and are available for use on hard floors and chair mats.

Duvet conference chair upholstery features a duvet stitching technique accented with comfort wrinkles on the chair’s inner back.

Back tension adjustment offers two settings to allow the user to adjust the rate of increase or decrease in force as the user reclines. Turn lever forward to increase tension. Turn lever back to decrease.

Recline adjustment allows user to choose from three recline positions: full-tilt, mid-stop, and full upright positions.

Synchro-tilt mechanism is weight activated and automatically responds to recline resistance proportionate to the user’s weight. The chair and back move in a 3:1 ratio.

Seat height adjustment allows users to change seat height within a 5” range with the assistance of a pneumatic gas cylinder.
Coalesse Seating and Outdoor Specification Guide

Massaud Conference Seating

DESIGN COALESSE DESIGN GROUP AND JEAN-MARIE MASSAUD

**Product Details**

**Tip:** Upholstery details apply to mid- and low-back chairs with both loop and integrated arms.

**Seamless Upholstery**

- **Outer back seams** are not required on conference and duvet conference chairs with seamless upholstery selection.
- **Inner back vertical seams** are not required on conference chairs with seamless upholstery selection.

**Seamed Upholstery**

- **Outer back seams** are required on conference and duvet conference chairs with seamed upholstery selection.
- **Inner back vertical seams** are required on conference chairs with seamed upholstery selection.

**Surface Materials**

**Seamless Upholstery:**
- Designtex Chromatic
- Designtex Heather
- Designtex Billiard Cloth
- Designtex Pigment
- Designtex Melrose
- Maharam Hallingdal
- Maharam Messenger
- Steelcase Cogent: Connect
- Steelcase Billiard Multi-Use by Designtex

**Seamed Upholstery:**
- Any upholstery not listed above will require seams.

**Base and arms**
- Aluminum matte polished
- Paint

**Easy slide glides (option):**
- Paint

**Programs & Services**

Customer’s Own Material/Leather (COM/COL) Program is available.

---

**Integrated arm** follows the elegant curve and profile of the chair and is available on low and mid-back chairs.

**Non-adjustable glide** is standard on low- and mid-back chairs. Easy slide glide is optional and features a wide surface, allowing a smooth slide on carpet and soft flooring.

**4-star base** is standard on low and mid-back chairs with integrated arm. Aluminum base, available in painted or polished finishes, comes standard with glides. Seat is fixed height with a swivel only mechanism.

**5-star base** is optional on chairs with integrated arm. Includes synchro-tilt mechanism with pneumatic height, tension, and recline adjustments.

**Inner back vertical seam** is standard on chairs with integrated arms.

**Outer back seams** are not required on conference and duvet conference chairs with seamless upholstery selection.

Coalesse Seating and Outdoor Specification Guide
Steelcase
April 2020
Adjustment Feature Definitions

Active mechanism (AM+) allows the seat and back angle to be adjusted independently of each other. The seat can be locked at various angles, and the back can free tilt with adjustable tension or lock in four positions.

Arms, height adjustable allow the user to independently move each arm up and down.

Arms, width-adjustable allows the arm rests to be adjusted in and out.

Arms, folding allows the user to independently fold each arm up or down for total freedom of leg movement and posture accommodation.

Back, height adjustable allows the user to raise or lower the chair back within a given range.

Back lock, forward allows the user to lock the backrest in a full upright position or release it to recline.

Back stop, selective allows the user to lock and unlock the backrest in any position within the tilt range.

Back tilt tension adjustment regulates the ease of tilt movement of the back only.

Back and seat tilt (Your Power mechanism) automatically responds to the weight and seating position of the user with an individual back resistance.

Base, free swivel allows chair to swivel 360°.

Base, memory-return swivel allows a chair to swivel 360°, but return to the forward-facing position when released.

Base, nesting four-prong has two front legs that are lower than the two rear legs, allowing chairs to nest for storage. A nylon tooth on the base engages a notch in the seat when folded. This engagement properly aligns the seat and base for nesting.

Folding seat allows the seat to flip up, while the chair automatically rises for nesting and storage.

Knee tilt control (low front rise) minimizes the rise of the front of the seat when the chair is in a reclined position, allowing the user’s feet to remain on the floor. This feature reduces pressure under the thighs, allowing for continuous blood circulation.

Lumbar support, adjustable provides additional lower back comfort by allowing the user to move the lumbar support up or down, as well as increase or decrease the amount of support.

Passive mechanism (PM) allows the seat and back to move in synchronization without manual adjustment.

Pneumatic height allows the user to change the seat height assisted by a pneumatic gas cylinder.

Seat angle adjustment allows the user to change and lock the seat angle in various positions.

Seat depth, adjustable allows the user to slide the seat forward or back within a set range.

Seat tilt control allows the seat and back to rotate as a unit backward one position and forward two positions.

Seat, zero front rise allows the user to tilt back in the chair while feet remain on the floor because the seat front remains level.

Swivel-tilt mechanism control allows the chair to swivel 360° and the fixed seat and back to tilt in unison when the user leans back.

Synchro-tilt mechanism synchronizes the tilting movement of the seat and back in a set ratio.

Tilt tension adjustment allows the user to vary the amount of recline resistance. Your Power mechanism allows the back and seat tilt to adjust automatically to the weight and seating position of the user.

Your Preference control allows the user to adjust the back tilt by selecting one of four settings: weight activated, weight activated with 20% resistance boost, mid-stop recline, and upright back lock.

**Bindu Chairs**

**DESIGN BRIAN KANE**

**Bindu chair** combines the comfort of an upholstered lounge with the performance needs of a work task chair.

**Bindu chair** offered in mid back and low back. Low-back chair is shown.

**Flex back** allows smooth posture adjustments for users.

**Glides** are black and non-marring.

**4-leg base** is standard on guest chair.

**Product Details**

Flex back and unique arm detail allow for fluid posture adjustments.

**Glides** are black and non-marring.

**Surface Materials**

**Upholstery**
- Fabric
- Leather

**Base**
- Black gloss
- Polished trivalent chrome

**Program & Services**

Customer's Own Material/Leather (COM/COL) Program is available.

Coalesse Bindu Chairs

DESIGN BRIAN KANE

Tip: Fabrics and leathers will appear loose with comfort wrinkles when upholstered.

Tip: Craft in upholstery cautious the use of stripes and patterns on Bindu. Please use fabric database when specifying.

Tip: For Customer’s Own Material or Leather, see necessary requirements, important processing instructions, and ordering information. ►See Coalesse Surface Materials Reference Guide.

Tip: For fabric with large pattern and specific pattern location is desired, contact Customer Service.

Standard Includes

• Bent plywood frame
• Chair: fabric
• Molded polypropylene foam
• Frame: 4144 Black Gloss
• Glides: black, non-marring

</tbody>
</table>

---

**Product Details**

The wooden structure is continuous, with the legs serving as an essential element of the overall silhouette rather than additions to the upholstered upper section.

---

A soft, three-dimensional cushion functions as seat, back, and armrests, embracing the wooden structure and appearing to float within the frame.

---

Enea Lottus Chairs
DESIGN LIEVORE ALTHERR MOLINA

Enea Lottus is sculpted for comfort with just the right amount of flex. Chairs are available in armless, loop arm, and cantilevered arm versions.
Tip: This product line is a collection and will be found in multiple locations in this specification guide and/or Coalesse Tables, Storage, and Accessories Specification Guide.
►See Collections, page 5.

Shell is polypropylene with a flex back.

Frame is constructed of steel tubing for added stability.

4-leg base allows for stacking (stacking dolly available).

Seat is available with no insert, upholstered insert, or polypropylene insert.

Chairs are available in armless, cantilever arm, or loop arm versions.

Cantilever arm comes standard with polypropylene arm cap.

Aluminum loop arm chairs are available.

Surface Materials

Seat, back, and arm cap
• Polypropylene

Base and frame
• Paint

Upholstery (seat)
• Fabric
• Leather

Program & Services
Customer’s Own Material/Leather (COM/COL) Program is available.

Glides are black polypropylene. Felt glides are optional, for use on non-carpeted surfaces.

Stacking dolly is available to stack, move, and store chairs. Armless chairs are able to stack 10 high on dolly. Cantilever and loop arm chairs stack six high on dolly.

**COM/yds = ¾, COL/sq ft = 15**
Enea Altzo943 seating collection brings residential warmth and soul to the workplace. Answering the demand for mixed materials, Altzo943 combines a precision-molded seat shell with solid oak legs. The special oval profile of the legs follows the pure curvature of the shell for a complete, harmonious design statement.

Tip: This product line is part of a collection and will be found in multiple locations in this specification guide.

> See Collections, page 5.

**Seat and back** are polypropylene with a slight flex and rounded edges for optimal comfort; available in 12 colors.

**Wood legs** are solid wood oak; available in six finishes.

**Casting under the seat** is painted in textured finishes to match polypropylene seat shell.

**Upholstered seat cushion insert** is available and is ½” thick.

**Glides** are polyethylene for superior durability on carpeted and hard floors.

**Surface Materials**

Coalesse Seating and Outdoor Specification Guide
The Kathryn chair is a classically constructed guest chair offered with an open wood back, an upholstered wood back panel, or a fully upholstered back.

**Frame** is European beech hardwood.

**Back** contains passive ergonomic support and is steam bent. Available in open, panel, or fully upholstered.

**Glides** are non-adjustable.

**Seat** is upholstered and incorporates a welt detail.

**Product Details**

Open-back detail is available in all standard wood finishes with optional upholstered panel back.

Back with fully upholstered detail is available.

Ribbed detail on fully upholstered back is available.

**Surface Materials**

- **Upholstery**
  - Fabric
  - Leather

- **Frame (and open back)**
  - Wood

**Program & Services**

Customer’s Own Material/Leather (COM/COL) Program is available.

Kathryn Chairs
DESIGN STUDIO B
Kathryn Chairs
DESIGN STUDIO B

Tip: Fabrics and leathers will appear loose with comfort wrinkles when upholstered.

Tip: Recommended leathers are Elmosoft Grade C and Elmorustical Grade E.

Tip: Special color match, consult Customer Service.

Tip: For Customer’s Own Material or Leather, see necessary requirements, important processing instructions, and ordering information. See Coalesse Surface Materials Reference Guide.

Standard Includes

- Frame: European beech hardwood
- Mortise and tenon joinery
- Upholstery: Multiple densities of laminated polyurethane foam and polyester fiber
- Glides: non-adjustable

Required to Specify

1. Style number
2. Number of fabrics if contrasting fabric style number is selected
3. Fabric or leather color number for upholstery
4. Wood color number for frame
5. Options, if selected (see below)

Options

Surface Materials

- Contrasting fabric +$134 per fabric
- Contrasting welt +$152

Add suffix K to the style number and select fabric color number.
Specify with contrasting welt and select fabric color number.

Acrylic backer

- Chair with open back +$8
- Chair with upholstery +$14

Specify with acrylic backer.
Specify with acrylic backer.

Marien152 is a richly tailored seating experience that’s inspired by the home and designed for the workday. An innovative back cushion provides support with soft, residential style. Easy personalization is built into the collection through a wide range of color, form, and materiality choices.

**Marien152**

**Back cushion** gives the appearance of a soft, loose pillow while built-in flex allows the cushion to move with the user. Intentionally relaxed upholstery on the back cushion adds to the welcoming appeal.

**Contrasting fabric** is available on seat, surround, and back cushion.

**Gently sloping arms** are subtle yet supportive.

**Solid white oak frame with chamfered edge profile.**

**Black glides** are available in hard and soft options.

**Black hard glides** are standard.

**4-leg metal base** is standard in powder coat paint. Trivalent chrome optional.
Marien152 Guest Seating

Product Details

- Standard leather pull, located behind the back cushion, allows users to easily move the chair. Leather in the color coal only. Option to specify without pull if desired.

Coalesse Seating and Outdoor Specification Guide
Montara650 Chairs
DESIGN LIEVORE ALTHERR MOLINA

Montara650 seating is infused with comfort and craft, with its refined upholstery and customizable details. The sculpted seating pairs with simple pedestal tables to provide an inspired social solution for today’s mobile workforce.

Tip: This product line is a collection and will be found in multiple locations in this specification guide and/or Coalesse Tables, Storage, and Accessories Specification Guide.

►See Collections, page 5.

Shell is a durable, one-piece plywood with oak veneer.

Frame is standard in powder coat paint. Polished trivalent chrome is optional.

Glides are polyethylene for superior durability on carpeted and hard floors.

Upholstery choices include: wood shell, wood shell with upholstered seat, wood shell with 3/4 upholstery, or fully upholstered.

4-leg base is standard. Available with loop arms or armless. Arms are aluminum and match the frame finish.

Chairs are stackable. The stack pad is standard and protects upholstery from damage. Chairs stack to six high.

The Enea lotus dolly can be used for storage or easy transport. Chairs stack to six high on the dolly.

Optional sled base is available with cantilever arms or armless. Arms are aluminum and match the frame finish.

Chairs are available with a 4-leg base (armless or with loop arms) and with a sled base (armless or with cantilever arms).

Stools are also available.

►See page 452.

The Enea seating collection is comfortable and versatile, with a wide palette of colors and finish possibilities. Arm and armless bar-height stools feature clean back detailing for open plan layouts.

Tip: This product line is a collection and will be found in multiple locations in this specification guide and/or Coalesse Tables, Storage, and Accessories Specification Guide. See Collections, page 5.

Seat and back are available in polypropylene, wood, or upholstery. Contoured seat and backrest have rounded edges for comfort.

4-leg base with black resin glides is standard. Felt glides are available as an option.

Footrest with leg stretcher is chrome plated.

Arm and armless stools are available; arms are cast aluminum.

Enea collection features bar and café stools, guest seating, café tables, and occasional tables. See page 382 for guest seating. For tables, see Coalesse Tables, Storage, and Accessories Specification Guide.

Enea Café Wood Stools

DESIGN JOSEP LLUSCA

The warm, modern design of the Enea café wood stool makes a statement with a residential design character. The Enea café wood stool is available in two heights (counter or bar) and has solid wood oak legs.

Tip: This product line is a collection and will be found in multiple locations in this specification guide and/or Coalesse Tables, Storage, and Accessories Specification Guide.

► See Collections, page 5.

Seat is available in molded polypropylene, wood, or upholstery.

Casting under the seat is offered in textured paints.

Wood legs are solid wood oak, with a natural finish.

Footring in trivalent chrome is standard on all wood leg stools.

Surface Materials

Seat

- Polypropylene
- Rift-cut oak plywood
- Fabric or leather upholstery

Frame/legs

- Solid wood, flat-cut oak

Programs & Services

Customer’s Own Material/Leather (COM/COL) Program is available.

Enea collection features bar and café stools, guest seating, café tables, and occasional tables.

► For guest seating, see page 382.

► For tables, see Coalesse Tables, Storage, and Accessories Specification Guide.

Glides are non-adjustable and available in black polyethylene, for superior durability on carpeted and hard floors.

Wood legs are solid wood oak, with a natural finish.

Footring in trivalent chrome is standard on all wood leg stools.
Enea Café Wood Stools

DESIGN JOSEP LLUSCA
**Enea Café Wood Stools**

**DESIGN JOSEP LLUSCA**

**Tip:** Recommended leathers are Elmosoft Grade C and Elmosartical Grade E.

**Tip:** Special color match, consult Customer Service.

**Tip:** For Customer’s Own Material or Leather, see necessary requirements, important processing instructions, and ordering information  

### Standard Includes

- Legs: solid wood, flat-cut oak with natural finish
- Footring: 9201 Polished Trivalent Chrome
- Seat and seat casting:  
  - Polypropylene seat with matching textured paint on seat casting, if selected  
  - V3AK Rift-Cut Oak veneer plywood seat with 4062 Anthracite Grey textured paint on seat casting, if selected  
  - Upholstered seat with textured paint on seat casting, if selected
- Glides, non-adjustable: black plastic

Lox is designed to bring people together with minimal effort. The seat has a subtly concealed mechanism beneath it for height adjustment and can be finished with fabric or leather.

**Lox stool** is available in counter height or bar height.

Comfortably sculpted, contoured seat rotates 360° to provide user with full range of motion. Seat features slight tilt forward for optimal comfort.

Seat height adjustment allows users to change seat height within a 4” range from 26”H to 30”H.

Disc base is 15¼” in diameter with felt glides.

Ribbon-shape footrest is part of the shell and is available in plastic.

Lox seating features a stool and guest chair. For guest seating, see page 428

- Plastic

---

**Programs & Services**

Customer’s Own Material/Leather [COM/COL] Program is available. All COM fabrics must be submitted to Coalesse for approval prior to order acceptance.

Lox Stools

Tip: Due to the design and construction techniques of the Lox stools only certain textiles can be successfully applied, therefore all COM fabrics must be submitted to Coalesse for approval prior to order acceptance.

Tip: For Customer’s Own Material or Leather, see necessary requirements, important processing instructions, and ordering information.

Tip: In high-traffic applications, scuff marks on footrest may be visible in white gloss.

Standard Includes

- Shell and ribbon-shaped footrest: plastic
- Base: 9251 Brushed Chrome
- Seat: upholstered foam
- Swivel mechanism
- Height-adjustable button under seat
- Felt glides

Switch Stools

Switch Stool:
Switch stool is upholstered and offered in two heights: counter and bar. Switch stool shares the clean lines and flared back of the Switch lounge and chair. Tip: This product line is a collection and will be found in multiple locations in this specification guide and/or Coalesse Tables, Storage, and Accessories Specification Guide. 

Surface Materials:

Upholstery:
- Fabric
- Leather

Legs:
- Matte chrome
- Polished chrome

Programs & Services:
Customer’s Own Material/Leather (COM/COL) Program is available. 

For chairs, see page 413
For lounge seating, see page 288
For tables, see Coalesse Tables, Storage, and Accessories Specification Guide.

Seat and back cushions are constructed of molded foam with comfort pockets for optimal comfort.

Legs feature four tubular steel legs with integrated steel foot rests at the front and sides.

The Switch collection features chairs, stools, lounge seating, and occasional tables.

Adjustable glides are standard to accommodate uneven floors.
Switch Stools

DESIGN EOOS

Tip: Fabrics and leathers will appear loose with comfort wrinkles when upholstered.

Tip: Recommended leathers are Elmsoft Grade C and Elmsofical Grade E.

Tip: Special color match, consult Customer Service.

Tip: Pricing based on highest grade textile specified.

Tip: For Customer’s Own Material or Leather, see necessary requirements, important processing instructions, and ordering information. See Coalesse Surface Materials Reference Guide.

Overall: 19" D 16" W 38" H
Inside: 15" D 15" W 11 3/4" H
Seat: 27 3/4" H

For Canadian Pricing
Multiply U.S. Price by the Canadian price factor. See page 454 for details.

---

### Standard Includes

- Frame: Constructed of steel tubing and bar stock
- Upholstery: back foam are molded around the frame components.
- Seat foam is molded with “comfort pockets”
- Legs: matte chrome (M) or polished chrome (PC) leg finish

**Emu Heaven**

**DESIGN JEAN-MARIE MASSAUD**

**Metal mesh** drapes like fabric on the Emu Heaven collection through a unique process of weaving and welding.

**Armless chair**

**Nylon glides** are featured on seating and tables.

**Pouf/side table** can be used as a seat when specified with the 2"H upholstered cushion, and as a side table when specified with a 1\(\frac{1}{4}\)" thick glass top.

**Chairs** stack four high.

**Cushions** are available on seating and pouf/side table. Pillow is available for lounge for added comfort.

**Tables** feature a 1\(\frac{1}{4}\)" thick, tempered glass top.

**Arm chair** is 3" wider than the armless chair and features four steel rod legs with nylon glides.

**Frame** is constructed of handcrafted, woven steel mesh with outdoor grade, powder coat painted finish.

**Emu Heaven collection features** guest chairs, lounge chair, seating cushions, tables, occasional tables, and vases.
**Coalesse Seating and Outdoor Specification Guide**

---

**Emu Heaven**

**DESIGN JEAN-MARIE MASSAUD**

---

**Product Details**

**Chairs** are available in three sizes: the chair is 23 1/4"D x 24 1/2"W x 31"H; the arm chair is 24"D x 27 1/4"W x 31"H; and the lounge chair is 30 3/4"D x 37"W x 27 1/4"H. All styles feature a handcrafted, woven steel mesh and four steel rod legs with nylon glides.

**Cushions for seat, seat back, and pouf/side table** are available in indoor and outdoor upholstery. Complimentary lounge pillows are also available in indoor and outdoor upholstery. Cushions feature tethers which can be loosened without tools for easy removal. Back cushions are only functional with seat cushions.

**Poof** can be used as a side table or low stool. The frame stands 18½"H x 17¾" diameter. Poof must be ordered with a 2"H thick upholstered cushion, for use as a low stool, or with a 1½" thick tempered glass top, for use as a side table (both are specified separately).

**Surface Materials**

- **Frame**
  - Paint

- **Upholstery**
  - Fabric
  - Leather

- **Table tops**
  - Clear glass
  - Smoke glass

---

**Programs & Services**

**Customer’s Own Material/Leather (COM/COL) Program** is available.

---

**Tables** are visually compatible with seating. Three sizes are available: 27½" diameter x 29½"H, 43½" diameter x 29½"H, and 43½" diameter x 15½"H. All styles require 1½" thick tempered glass top, available in clear or smoked grey. Glass tops must be specified separately.

**Large-scale vases** hold foliage for growing or display. Vases are constructed of handcrafted, woven steel mesh with a convex steel base. They feature a removable white, plastic insert with a 13½” diameter opening. Vases are available in two heights: 40½”H and 64¼”H.
## Emu Heaven Seating

**DESIGN JEAN-MARIE MASSAUD**

### Standard Includes

Emu Heaven Tables

DESIGN JEAN-MARIE MASSAUD
The Emu Ivy collection is inspired by the ancient art of topiary. The open structures allow grass and ivy to grow through and around the Ivy lounge and lounge chair, so they become part of the landscape.

Lounge seating is constructed of formed steel mesh for a light, minimal aesthetic. Standard in outdoor grade, powder coat painted finish.

Table frames are constructed of steel mesh and steel tubing.

Table tops are solid sheet metal. Some models are also offered with blue fish tile or white bug tile.

Cushions are available on chairs, lounge chairs, and lounges for added comfort.

Emu Ivy collection features guest seating, lounge seating, seating cushions, and occasional tables.
Emu Ivy

Product Details

Ivy seating is a series of lounge seating. Frame is constructed of formed steel mesh with outdoor grade, powder coat finish. When used outdoors, the volumetric structures allow grass and ivy to grow through and around lounge seating.

Cushions are a series of one-piece back and seat cushions. One-piece seat and back cushions feature a water drainage slit at the bend seam. Cushions are available in indoor or outdoor fabric. Cushions have tethers which can be loosened without tools for easy removal.

Flexible loop strap is used to aid mobility, made of orange rubber.

Table is constructed of mesh steel legs. Table top is solid sheet metal. Rectangular occasional table is also offered with blue fish tile or white bug tile. Rectangular occasional table is 17¼"H; compatible with lounge seating.

Coalesse Seating and Outdoor Specification Guide

Steelcase
April 2020
The Emu Pattern collection is a family of stackable chairs, bench seating, and tables; all featuring a distinctive cut-out, hexagonal pattern that creates a unique and airy feel.

The hexagonal, perforated design on chairs and tables forms a distinct pattern and allows for water to drain.

Chairs stack eight high.

Tables and chairs are constructed of a single sheet of molded steel.

Nylon glides are standard on chairs, bench, and tables.

Emu Pattern collection features guest seating, occasional tables, and a bench.
Coalesse Seating and Outdoor Specification Guide

Emu Pattern

DESIGN ARIK LEVY 2011

Product Details

Pattern seating features an armless chair and a 57½”W bench that seats two. Constructed of a single sheet of molded steel, a powder coat paint finish is used for weather-resistance. Chair seat and backrest feature a contoured shape. Bench seat is flat.

Tables are constructed from a single sheet of molded steel; a powder coat paint finish is used for weather-resistance.

Hexagonal perforations in tables and seating form distinct patterns for an aesthetically pleasing design while allowing water to drain.

The Emu Re-Trouvé collection by Patricia Urquiola is inspired by the meeting of the present and the past: nostalgic design from the fifties with its curls and spirals combined with modern production.

**Chairs** are available in high back (41 1/4"H) and mid back (30 7/8"H).

**Frame** is constructed of hot-dipped steel rod that is hand-welded, creating a light, minimal aesthetic.

**Cushions** are available on seating and pouf/side table for added comfort.

**Vase frames** are available in two heights: high vase frame (41 1/2"H) and low vase frame (28"H). White ceramic insert available.

**Pouf** can be used with or without top cushion, as a stool, or as a side table.

**Emu Re-Trouvé collection** features guest seating, pouf, and vases.

**PVC glides** are standard on base of chair, vase, and pouf.
Coalesse Seating and Outdoor Specification Guide

Emu Re-Trouvé
DESIGN PATRICIA URQUIOLA

Product Details

Re-Trouvé chair frame is constructed of hot-dipped steel rod that is hand-welded. Frame and seat feature an outdoor grade, powder coat finish. Upholstered foam seat cushions feature tethers for easy removal and are available in multiple colors.

The Re-Trouvé pouf is 17¾” diameter x 17¾”H and features an outdoor grade, powder coat finish. Pouf can be used with or without top cushion, as a stool, or as a side table.

Re-Trouvé vases are available in two sizes: low vase frame (25¾” diameter x 28”H) and high vase frame (28¾” diameter x 41¼”H). These two sizes are complementary heights to chairs. Vases feature a removable, white ceramic, tapered insert with a 24½” diameter top opening, when specified.

480
Emu Re-Trouvé Vases 4/21

DESIGN PATRICIA URQUIOLA
The Emu Round collection is characterized by an elemental design of snug and comfortable shapes, representing a simple, contemporary design.

Seating is constructed of a metal mesh seat, crafted using a deep drawing technique, and welded to a tubular steel frame.

Nylon glides are standard on chairs and tables.

Table top and base are sheet metal with tubular steel mountings.

Chair stacks eight high. Lounge and stool stack four high.

Tables are available in a variety of shapes and sizes.

Single piece seat and back cushions are available on seating, and pillow is available for lounge, for added comfort.

Emu Round collection features guest chairs, lounge, stool, seating cushions, pillow, tables, occasional tables, and extendable dining table.
Cushions for seating are available on all styles. Cushions are offered as a single piece for seat and back and feature a slot at the transition seam to allow for drainage. Tethers are featured to allow for easy removal. Coordinating lounge pillow is available.

Tables that measure over 98" when extended might have a slightly bent surface due to the small tolerances required for the sliding elements. This may not be considered a limitation to performance.

Table legs and support columns are 2¼" square, steel tubing. Support columns are attached to sheet steel base. Side table size is 31½"D x 31½"W x 16½"H, compatible with lounge seating. Counter table dimensions are 23½"D x 23½"W x 41¼"H, compatible with barstool. Standard height 29½"H tables are offered in a range of shapes and sizes: square tables (23½"W, 27½"W, and 31½"W); round table (35½" diameter); extendable dining table (39½"D x 65–105½"W); rectangle table (31½"D x 47½"W); and rectangular table (19½"D x 27½"W). All standard height tables are compatible with arm chair and armless chair.

The Kira table series (pronounced “Keera”) features fixed and extending table styles that combine durable aluminum frames and porcelain stoneware tabletops.

All tables have porcelain stoneware tops, which is UV and weather-resistant, as well as water repellent.

When fully extended, the extendable table goes from 78¼” W to 118¼” W, with storage room available under the tabletop.

Frame is outdoor grade die-cast painted aluminum.

Emu Kira table series features a coffee table and an extendable dining table.

Nylon glides
Coalesse

Emu Kira Tables
DESIGN CHRISTOPHE PILLET

Tip: Top finish is defaulted based on frame finish selection.

Tip: Due to weight of bases, Kira tables must be lifted and moved by the frame only to avoid damage to the top.

Simple cane and canvas furniture is reinvented for lounge and dining in the Terramare series (pronounced “Tara-mar-ay”). Generous shapes in die-cast aluminum, with leather details, and weather-resistant porcelain stoneware tabletops.

Eco-leather is compressed nylon microfiber coated in polyurethane, and is featured on the arm and backrest of the lounge chair.

Cushions are outdoor grade and are required for use with the lounge chair.

Nylon glides are featured on seating and tables.

Occasional tables feature porcelain stoneware tabletops, which is UV and weather-resistant and water repellant.

Frame is outdoor grade die-cast painted aluminum.

Emu Terramare series features an arm chair, a lounge chair, a 2- and 3-seat lounge, a rectangular dining table, and three coffee tables.

</table>
Technical and timeless, the Lyze series (pronounced “Leez”) features stainless steel backrests that attach to aluminum frames, as well as fiber-cement tabletops.

Chair, arm chair, and lounge chair have painted stainless steel backrests available in a variety of sophisticated colors.

Chair and arm chair stack six high. Lounge chair is stackable up to four high.

Nylon glides are featured on seating and tables.

Coffee tables feature fiber-cement tabletops, which are compressed fiber-reinforced limestone slabs.

Arm chair is six inches wider than the armless version. Lounge chair is almost 6” wider than the arm chair.

Seat and legs are outdoor grade die-cast painted aluminum.

Emu Lyze series features an armless chair, an arm chair, and a lounge chair, along with a small and medium coffee table.

Surface Materials

Frame
- Painted aluminum
- Painted stainless steel

Chair backs and arms
- Painted stainless steel

Table tops
- Emu fiber cement
Emu Lyze Seating
DESIGN FLORENT COIRIER

Tip: Back and arm finish is defaulted based on frame finish selection, unless 7271 Emu White is selected for frame finish. If 7271 is selected for the frame finish, then specify back and arms finish 7271 or 7296.

Tip: Chair and arm chair stack six high. Lounge chair stacks four high.

Tip: The following powder coat paint finishes are available with an upcharge, as shown at right:
4251 Emu Indian Brown, 4256 Aluminum, 4257 Antique Iron, 7272 Blue, 7273 Green, 7296 Emu Taupe, and 7297 Emu Corten.

Standard Includes
- Frame: powder-coated painted aluminum
- Back and arms: painted stainless steel defaulted by frame finish selection, unless 7271 is selected for frame finish
- Glides: nylon

Required to Specify
1 Style number
2 Paint color number for frame:
   - 7234 Emu Black
   - 7271 Emu White
   - 7294 Emu Grey/Green
   - 7298 Emu Copper
   - 7391 Emu Poppy
3 Paint color number for back and arms, if 7271 Emu White is selected for frame finish:
   - 7271 Emu White
   - 7296 Emu Taupe
4 Options, if selected

Options
- Other Emu paint (cost per pack)
  - Chair +$200
  - Arm chair +$200
  - Lounge chair +$200

Tip: The back and arm finish is defaulted based on frame finish selection, unless 7271 Emu White is selected for frame finish. If 7271 is selected for the frame finish, then specify back and arms finish 7271 or 7296.

For Canadian Pricing
Multiply U.S. Price by the Canadian price factor.
See page 1 for details.
